

Setting up a new nonprofit

I deeply respect the passionate and committed people who decide to create a nonprofit in order to do something important. I walk alongside newly appointed leaders and boards to help in setting up organizational structures for success, board development, record keeping and filing, strategic planning, volunteer programs, human resource systems, policy development, and fundraising.

I will meet with you [at no cost](#) for a discovery session to learn more about your organization and your current situation. Based on what we discuss together and the possibilities for collaboration, I will create an agreement proposal as a discussion document to reflect our conversation, to outline a process to move the work forward, to clearly state the deliverables, and to provide estimated pricing. If you decide to move forward in engaging me as a Process Consultant, we will sign an agreement and get started.
