

## Supporting Executive Directors or Leaders

Congratulations to the leaders who accept challenges, trusting that while you may have never done that particular thing before, you have the capacity to learn. I support new or seasoned leaders who need a confidential sounding board or a safe place to test ideas or process decisions. I ask the questions that will help you to grow in your reliance and trust in your own analysis, sense, feelings, and judgment as you make decisions. I suggest resources to further strengthen your leadership. I can help you to sort through priorities to determine which item to tackle next in order to adapt and to keep your organization moving forward to a vibrant future.

I will meet with you at no cost for a discovery session to learn more about your organization and your current situation. Based on what we discuss together and the possibilities for collaboration, I will create an agreement proposal as a discussion document to reflect our conversation, to outline a process to move the work forward, to clearly state the deliverables, and to provide estimated pricing. If you decide to move forward in engaging me as a Process Consultant, we will sign an agreement and get started.
