

CHUMASH

Shalom Torah Academy uses the L'havin U'Lehaskil program for Chumash in our elementary school classes. The program, put out by the Consortium of Jewish Day Schools, develops Chumash reading skills, and engenders mastery by constantly spiraling back to previously taught skills. Embedded within the program is a technological component that is SMARTboard compatible, allowing our students to access the information in both a print and interactive format. Students master the academic skills necessary to eventually become self-sufficient in Torah study, and be prepared to pursue joyful lifelong Torah learning. Students further develop their skills of reading and translating the text of the Chumash, and demonstrate comprehension of the story line and key concepts as well. Instruction focuses on the Rashi commentary, and students develop their ability to read and understand this seminal work in its original form.

HEBREW LANGUAGE ARTS

Students develop their conversational Hebrew using a “whole-language” approach to instruction which focuses on reading and writing skills, as well as Hebrew literature and grammar. Students learn about the Land of Israel as well as special days on the Jewish calendar.

FOUNDATIONAL PILLARS OF THE TORAH ENVIRONMENT

To create a lifelong love for Torah and instill a positive Jewish identity, the curriculum is enriched with a variety of programs that focus on Shabbos, the Jewish Holidays, and middos (character development). Through assemblies, contests, songs, and school-wide events, students develop a firm, lifelong appreciation for our rich Jewish heritage and mitzvos.

Curriculum Overview

Grade 4
Judaic Studies
