CivicPlus Launches 200 CARES Act–Funded Technology Solutions

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress and signed into law by the President on March 27, 2020. It established a $1.9 trillion Coronavirus Relief Fund to provide payments to States, Local, and Tribal governments navigating the impact of the COVID-19 outbreak.

Since then, CivicPlus has launched 200 CARES Act-funded technology projects to support the online imperative of local governments.

Such Projects Include:

- Modern websites
- Emergency notification solutions
- Ready-to-use mobile apps and forms
- Parks and recreation management tools
- 311 and citizen request management tools
- Talent and employee management software
- Cloud-based agenda and meeting management software that integrates with live streaming and recorded online meeting software

CARES Act Funding Extension

On December 27, the President signed a law that includes a $900 billion coronavirus response and relief and stimulus for the fiscal year 2021. The bill includes a one-year extension of the deadline for the use of Coronavirus Relief Fund allocations provided through the CARES Act from Dec. 30, 2020, to Dec. 31, 2021.

For local governments that have not yet spent earmarked CARES Act funds, our solution innovations are available for one-on-one consultations to assess your digital transformation needs and put plans in place to build the integrated tools you need to accomplish your connected-government and digital-citizen-service needs.
