

BuyerQuest and IBM Maximo

Extend the value of your IBM Maximo solution

BuyerQuest enhances Maximo through a Next Generation Catalog Shopping Experience. Our software complements Maximo and streamlines the buying process, increases user adoption, drives contract compliance, and saves money. The BuyerQuest Marketplace seamlessly connects to IBM Maximo to deliver a simple, integrated buying process.

Increase User Adoption

Higher Contract Compliance

Reduce Costs

Two Great Ways BuyerQuest Solutions Supplement IBM Maximo

	Private Marketplace	Enterprise P2P
Goods & Services Selection		
RFQ & Quote Creation (Sourcing)		
Requisition Creation and Approval		
Purchase Order Creation		
AP Invoice Automation & Payment		
Master System of Record		
Typical Time to Go Live	1-3 Months	4-6 Months

With BuyerQuest and IBM Maximo integrated, users seamlessly move from the work order or requisition to a user-friendly, e-commerce like shopping interface of on-contract products where they are quickly able to find the parts they need to complete their work. Items selected in the shopping cart populate the work order in IBM Maximo for continued processing.

A selection of IBM Maximo clients and partnerships.

BuyerQuest is a Platinum Sponsor of the MUWG conference.
