

BuyerQuest and PeopleSoft

Extend the value of PeopleSoft

BuyerQuest enhances PeopleSoft through a next generation Procure-to-Pay (P2P) experience. Our software complements PeopleSoft and streamlines the buying process, increases user adoption, drives contract compliance, and saves money. The BuyerQuest Marketplace seamlessly connects to PeopleSoft to deliver a simple, integrated buying process.

Increase User Adoption

Higher Contract Compliance

Reduce Costs

Two Great Ways BuyerQuest Solutions Supplement PeopleSoft

	Private Marketplace	Enterprise P2P
Goods & Services Selection		
RFQ & Quote Creation (Sourcing)		
Requisition Creation and Approval	PeopleSoft	
Purchase Order Creation	PeopleSoft	
AP Invoice Automation & Payment	PeopleSoft	
Master System of Record	PeopleSoft	PeopleSoft
Typical Time to Go Live	1-3 Months	4-6 Months

With BuyerQuest and PeopleSoft integrated, users seamlessly move from the purchase order or requisition to a user-friendly, e-commerce like shopping interface of on-contract products where they are quickly able to find the products they need to complete their work. Items selected in the shopping cart populate the appropriate order in PeopleSoft for continued processing.

For those organizations looking to upgrade their entire procure-to-pay process, BuyerQuest also offers a full e-procurement suite that can still be integrated with PeopleSoft to leverage its financial capabilities.
