

# Friedrich UV - UVT1

*Germicidal UV Light Kit for use with Friedrich PTACs, VPAKs, and VRP*

UVT1 Kit by Fresh-Aire UV extends the powerful benefits of germicidal UV light to Friedrich package terminal air conditioners (both PTAC and VTACs). The kit features a low-profile lamp on a metal shield with a mounting magnet. The magnet mount allows the UV light to be located precisely for optimum UV exposure particularly where space is limited. UV light can kill airborne bacteria, viruses, mold, reduce maintenance costs and extend the life of an HVAC system.

UVT1 light kits by Fresh-Aire UV have been tested and certified for use with Friedrich PTACs, VPAKs, and VRP.

## Features

- \* Weather-resistant remote mountable UV lamps with magnetic mounting shield
- \* Magnetic mounting shield
- \* 120-277 VAC power supply
- \* 2 Year UV-C lamp life
- \* Lifetime Warranty on all parts except lamp\* (\*administered through Fresh-Aire UV)

## Benefits

- \* Maintains a clean AC unit free from mold and microbial growth
- \* Saves energy/reduces maintenance costs
- \* Extends life of HVAC system
- \* 2 Year UV-C lamp life
- \* Improves indoor air quality (IAQ), killing airborne viruses, mold & bacteria
