

Chaffey College Workforce Training at the InTech Center continues to provide opportunities for learning and upskilling in these unprecedented times. We have adapted our courses and added the capability to offer remote training via Zoom classrooms using live video. For courses utilizing this training method, trainees must have a computer with a webcam and/or a smartphone, as well as internet access.

All training, unless otherwise specified, is held at the Chaffey College InTech Center 9400 Cherry Ave, Bldg. A - Fontana, CA 92335

All individuals taking in-person training at a Chaffey College campus are required to be fully vaccinated against COVID-19 under a mandate passed by the Governing Board. Proof of vaccination must be provided to trainee's employer prior to attending training.
