

# Myllyn Paras OATGOODS 20 Ri NEW GENERATION OAT-BASED INGREDIENT FOR BREADING OF VEGETABLES

OATGOODS enables you to renew breaded veggie products in a delicious and healthy way, while even improving your product's nutritional values.

## Benefits

- ✓ Healthy nutrients of oats and rapeseed oil.
- ✓ Easy-to-use: just replace the old breading.
- ✓ Adhere well to vegetables.
- ✓ Gives delicious end-result: juicy inside and crispy on top.
- ✓ Cut-down of baking losses: OATGOODS preserves the moisture of the vegetables.
- ✓ Re-heating of breaded veggies even improves the crispiness of breading.

## How to use OATGOODS

Simply replace the old breading with OATGOODS. OATGOODS can be used for example on top of batter or tempura. Use the existing coating process and technology to find the ideal cooking temperature and time for your products. OATGOODS brings mild taste of oats.

- ✓ Available from coarse to fine particle size. Try also different OATGOODS 20 Ri products for desired result.
- ✓ Use for any kind of veggies - kales, carrots, zucchinis, patties, balls and onion rings.
- ✓ Myllyn Paras OATGOODS® 20 Ri ingredients are also ideal for breading and filling of different convenience foods like beef, pork, chicken or seafood.

## OATGOODS 20 Ri

Consists of Finnish whole grain oat flour (70 %), rapeseed oil, rice protein and salt.

# Myllyn Paras OATGOODS 30 Ri NEW GENERATION OAT-BASED INGREDIENT FOR BEVERAGES

OATGOODS enables you to create whole new recipes of non-dairy beverages in a delicious and healthy way, while even improving your beverage's nutritional values.

## Benefits

- ✓ Healthy nutrients of Finnish whole-grain oats and rapeseed oil.
- ✓ Easy-to-use applying your existing facilities.
- ✓ Mild taste of roasted oats.
- ✓ Smooth and pleasant mouth feel. No more porridge, no more sand.
- ✓ Sustainable vegetable-based choice.
- ✓ Non-GMO and non-soy.

## OATGOODS in beverage process:

- ✓ Tips for small scale test: Use longer heating for smoother taste and texture and stir while heating for consistency. The texture will settle during the following days. Minimum test size is one liter with high shear mixer.
- ✓ OATGOODS 30 Ri serves as an excellent base for all kinds of beverage applications from vegetable bouillon to protein drinks.
- ✓ Easy to variate taste and nutritive content for desired segment: for example sports, elderly or as children's beverage. Long shelf-life after opening of the package.

## OATGOODS 30 Ri

Consists of Finnish whole grain **oat** flour (65 %), rapeseed oil, rice protein and salt.
