

Position Title: Software Developer Graduate
Position reports to: Line Manager
Direct Reports: N/A
Office Location: Adapt IT Johannesburg Campus

PURPOSE OF THE POSITION

The onsite Development Graduate resource will be responsible for supporting and assisting the team where needed. They will need to learn to troubleshoot from an operating system level up. As the resource grows in the knowledge of the domain where they are assigned, they will begin to assist the developers with troubleshooting problems within the developed code in the production environments

The resource will follow instructions from the team lead/Line manager. During this graduate year, the resource will move between different domains and begin to learn of the different software solutions that Adapt IT provide their clients

PRIMARY RESPONSIBILITIES FOR THE ROLE

Provide day to day production 3rd line support by working with both the support engineers and developers within the domain where they are assigned.

Do small development on Adapt IT software solutions as and when requested by the team leader.
