

Retail-Commerce Edition

A COMMERCE-ENABLED ERP SOLUTION

“Because we can sell in real time, we can sell with lower buffers and sell through inventory with less overstocking.”

Thomas Finney, Director of IT, Shoebacca
Industry: Retail

Complete System for Omni-Channel Sales

Acumatica Retail-Commerce Edition provides end-to-end functional depth for retailers and organizations who sell business-to-business (B2B), business-to-consumer (B2C), or direct-to-consumer (D2C) that require tight connectivity between their front-end sales engine and back-end ERP system. Integrate seamlessly with eCommerce platforms such as BigCommerce, Shopify, and Magento. Pull in orders directly from point-of-sale (POS) devices.

Simplify your workflow with a single back-office suite. Acumatica supports orders from the web, mail orders, telesales, and in-store purchases.

Ensure your financials, inventory, and sales data are always up-to-date with a true cloud ERP solution, built using modern web technologies to future-proof your growth and IT investments.

Boost sales and offer exemplary customer support through embedded CRM with case management. Offer customer-specific pricing and loyalty programs. Provide tracking information, and handle returns across channels.

Manage your entire business with powerful insights through configurable inquiries, personalized reports, role-based dashboards, and real-time business analytics.

Automate and mobilize core operations with a best-in-class ERP built on a future-proof platform.

“I would need to hire 3-5 more people to handle e-commerce orders without Acumatica.”

Acumatica Commerce Connectors

Seamless connectivity with front-end web stores such as Shopify, BigCommerce, and Magento means you don't need third-party software! These connectors enable storefront and POS integration with financials, inventory, operations, and reporting, providing a comprehensive real-time platform that scales with business growth.

Acumatica is officially recognized as a BigCommerce Elite Partner and has a native integration directly with Shopify.

Extend Acumatica with Certified Applications

The Acumatica Marketplace is one of the leading communities of independent software vendors with integrated applications for sales tax calculations, shipping integration, retail management, EDI, payment processing, inventory optimization, advanced business intelligence and analytics, and more.

“Our success is ultimately tied to Acumatica’s success, and they are building a strong and healthy product. They have a vibrant customer and development community and a product that’s growing, not stagnant. We can really craft Acumatica to do what we need it to do.”

LAUNCH THE VIEWER

Future-Proof Cloud Platform Is Ready for Modern Technologies

Today's companies demand a modern platform built for speed and extensibility to connect external systems and data.

The Acumatica xRP platform is a versatile architectural framework and application development platform that empowers users to tailor the software to the way they do business. Because the xRP platform technology uses

standard web technologies and development languages, you can modify your business logic using the platform tools to connect to external applications with ease.

Leverage artificial intelligence and machine learning features to automate AP document creation and reduce manual errors. Translate paper business cards directly into CRM contacts via the mobile app to save time and effort.

The Trusted Leader in Usability and Value

Acumatica's [Customer Bill of Rights](#) protects customers with an easy to understand End User License Agreement. It guarantees ERP implementations without hidden fees. The Bill of Rights outlines the company's commitment to consumption-based licensing that does not inhibit growth. It provides sustainable pricing models with limited price increases, deployment choice, and consistent customer service access. It also protects customers' access to their data, anytime – even if they migrate to other ERP solutions.

Further, Acumatica is consistently rated high in usability and value by industry analysts and users. Acumatica is ranked as a leader in the IDC MarketScape: Worldwide SaaS and Cloud-Enabled Midmarket Business ERP Applications. Advisory services provider Nucleus Research selected Acumatica as a market usability leader in its ERP Technology Value Matrix. The G2 user review site selected Acumatica as a Leader in the G2 Mid-Market Grid Report for ERP Systems. Acumatica maintains a near-perfect Overall User Rating on the Gartner Peer Insights report, and was awarded “Best ERP Solution” in 2021 by the Software and Information Industry Association (SIIA).
