schwaab, Inc

Great Impressions that Last.

SINCE 1881

The Schwaab Difference

At Schwaab, we not only want to make a great impression for you, we want to make a great impression on you.

When Andrew Schwaab started the company in 1881 he had a basic philosophy for building a strong business; manufacture a quality product you can sell with pride, sell your products at a fair price and give every customer excellent service, whether the sale is for one item or thousands. These values have not changed.

Schwaab is a family owned company and a leader in manufacturing custom marking and identification products. We provide solutions to make branding simpler, work more convenient and life more organized. We know it's these small details that add professionalism and authenticity to your workplace.

Schwaab knows quick turnaround on orders is essential. With four manufacturing plants across the country, orders of any size or location can be manufactured timely.

Personal service is our number one priority at Schwaab. Experienced sales representatives can help bring your ideas to life, while our knowledgeable, on-site customer service team is ready to answer your questions.

We are proud of our history, our growth, our products and most importantly, our solutions to help you succeed.

Contact us today to find the right products for your specific needs.

National Accounts Program:

Schwaab's National Accounts Program provides custom solutions to the unique needs of large national and Fortune 500 companies. Increased efficiency, unrivaled service and immediate savings are just a few benefits our national partners see right from the start. Other highlights include the ability to interface with E-Procurement programs, electronic ordering solutions, detailed reporting and multiple billing options. We also offer on demand production with no minimum order quantities.

Contact Customer Service to request more information about the National Accounts Program, pricing and support services.

Satisfaction... Schwaab assures your guaranteed satisfaction with a one-year warranty against defects on materials and workmanship.

NOTARY BONDS AND E&O INSURANCE

Notary Bonds

Notary bonds are available for every state that requires notaries to purchase a bond for the duration of their commissions. Notary bonds protect the general public against financial loss due to a mistake or an improper or negligent act performed by the notary. Notary bonds offer no insurance protection to the notary.

Error & Omissions Insurance

Notary E & O Insurance protects the notary's assets in the event a mistake is made during the notorial process that causes your client to suffer financial loss.

Please contact Customer Service for assistance.

NOTARY HANDBOOKS

We offer the required training for notaries in CA, CO, FL, NY, OR and PA in addition to effective materials for notaries in every state.

# We provide a wide variety of interior sign styles all custom made to any specification.

APPLIQUÉ SIGNAGE

In this process, laser-cut tactile letters and graphics, known as "appliqué" are applied to the sign substrate with the corresponding insert braille beads.

Allows you to adhere to the Americans with Disabilities Act.

Features
- Traditional ADA Sign Solution.
- Can be used on a variety of approved substrates.
- Thickness Options:
  1/16"   1/8"   1/4"   3/8"
DIRECT PRINTED SIGNAGE

In this process, vibrant, full color graphics are printed directly on a variety of substrates including plastic, acrylic and aluminum.

Features
- Crisp, superior printing.
- UV Ink resistant to scratches and fading.
- Weatherproof.
- PMS color matching available.
- Thickness Options:

  1/16"   1/8"   1/4"   3/8"

Let's Get Creative.

ADA signage is often thought of as being plain and generic with a typical one color background and raised text or numbers in a contrasting light or dark color.

However, new design techniques, equipment and material options have changed the world of interior architectural and ADA signage! Digital graphics, logos or patterns can now be printed directly to the sign surface resulting in endless design options for your signage project. Contact us to get started!

schwaab, inc

AVAILABLE IN AN ASSORTMENT OF SHAPES, SIZES, FINISHES AND COLORS.

Begin by selecting one of our fabrication techniques as described below

ADA APPLIQUÉ   **ADA 3D PRINT**   **ENGRAVED**   **DIRECT PRINT**

ENGRAVED SIGNAGE

In this process, signs are produced using a laser engraver to engrave letters & logos into two-ply plastic, brass or aluminum substrates.

Your engraved lettering and custom design will make sure your message stands out.

Features

- Plastic signs are available in wall, tent or pedestal style.
- Brass and Aluminum are available in wall style only.
- Scratch resistant.
- Available with beveled or rounded edges.

Plastic Engraved

Sizes: Up to 24" x 48"

CONFERENCE ROOM

We create an assortment of custom signage for your interior spaces. Explore the different types below.

DIRECTIONAL

Directional signage provides accurate and easy to understand directions to guide people to their destination as simply as possible.

Using directional signs help make your building easy to navigate with simple to read signage that inform, reinforce your brand and help improve traffic flow.

IDENTIFICATION

Identification signage is a style of signage that clearly marks a particular area and indicates that you have arrived at a location.

Typically these signs specify the name or number of a room or the entrance to a department or office. They are generally placed adjacent to doorway entrances and most often ADA compliant.

REGULATORY

Regulatory signage is the foundation for creating a safe environment.

Primarily ADA compliant, regulatory signage is focused on safety and liability concerns. They display a clear, concise and prominent message and is used to establish and reinforce rules, safety standards and privacy expectations.

schwaab, inc
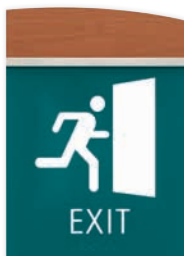

FROM WAYFINDING TO ROOM IDENTIFICATION, INTERIOR SIGNAGE IS KEY TO DELIVERING ESSENTIAL INFORMATION TO YOUR VISITORS. WE CAN HELP YOU WITH CREATING A SINGLE PIECE TO AN ENTIRE SIGNAGE ROLLOUT.

INFORMATIONAL

Informational signage pertains to the overall facilities and provide visitors with broad information such as hours of operation, amenities, and business policies that they need while navigating.

The use of informational signage should answer questions before they're asked and be universally understandable at a glance.

DIRECTORY

Directory signage is absolutely essential for every kind of building and enables your visitors to easily locate and navigate to the correct location within your facility.

Do you need to make changes frequently to your directory signs? We offer directory styles that can quickly be switched out as needed.

WINDOW & INSERT

Window and Insert signage is a highly versatile signage option for practically any facility.

These signs are ideal for displaying both permanent information (room numbers or room names) and adjustable information that may need to be updated occasionally (staff names, schedules, or other items).
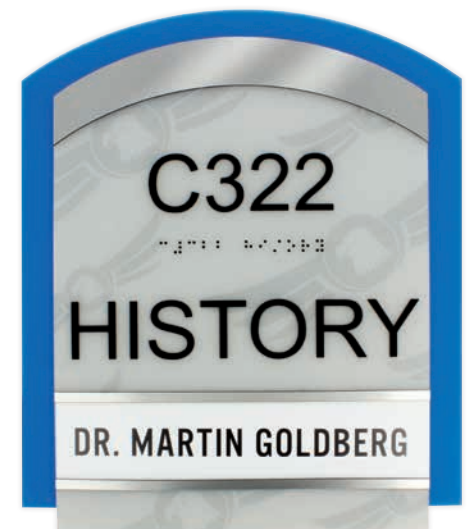

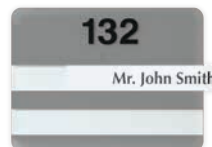

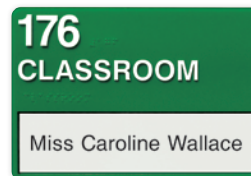

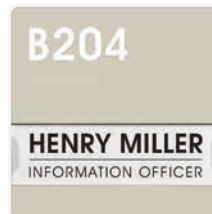

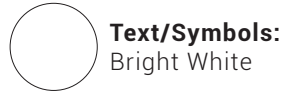

Explore Schwaab's Signage Collection!

Designed to take the hassle out of creating a sign, our signage collection makes it very easy to create a cohesive and distinctive signage system that enhances any décor and suits any budget.

ExcelMark All-in-One Sign Kit

OUR PLASTIC HOLDER WITH TWIST-OFFS® BRACKETS ALLOWS YOU TO PRODUCE PROFESSIONAL LOOKING SIGNS WITH EASE!

Your Text Here

Item Number
- DIY-NP-KIT

Finished Size
- 2" x 8"

CUSTOMIZABLE!

- Personalize from the comfort of your home or office.
- Free, easy-to-use, downloadable templates available online.
- Compatible laserjet printers only. *(Does not work with inkjets).*
- Frame also holds a $\frac{1}{16}$" plastic nameplate.

RE-USABLE AND ECO FRIENDLY!

- Additional Twist-Offs® and clear printable film sheets available for purchase.
- Replace only the clear film from the old nameplate.
- No need to throw away the entire sign.

VERSATILE DISPLAY!

- Multiple mounting locations with no additional hardware required.
- Plastic leg holders easily snap into place for desk display.
- Easily secured to door or wall with installed mounts.
- Twist-Offs® wall mounts with adhesive backing for easy removal.

Package Contents:
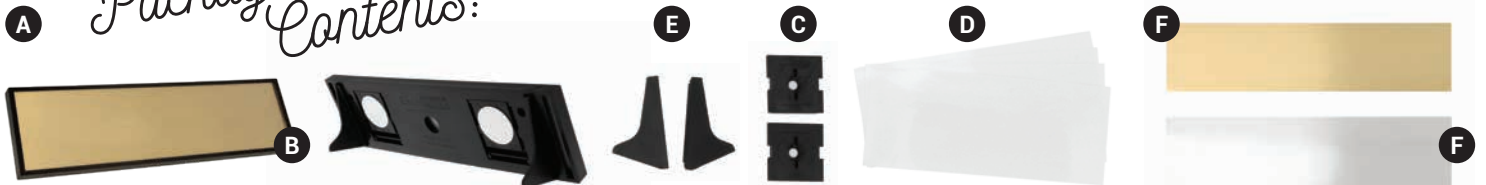

A. Sturdy 2" x 8" plastic holder (1)
B. Clear acrylic cover (1)
C. Twist-Offs® wall mounts (2)
D. Clear printable film sheets (4)
E. Desk holder legs (1 left, 1 right)
F. Brushed foil inserts (1 silver, 1 gold)

▶ Easily mounts to walls!

Step 1

Peel film off adhesive discs of Twist-Offs® wall mounts on back of name plate holder.

Step 2

Press firmly at the desired position on the wall.

Consider using a level for precise placement.

▶ Quickly removes to swap out signs!

Step 1

To remove from wall, apply pressure upwards to pop name plate holder off Twist-Offs® wall mounts until they release from wall.

Step 2

Use a coin or screwdriver to rotate Twist-Offs® wall mounts until they release from wall.

Twisting action will release from wall without any damage.

CU ALUMINUM SIGN HOLDERS

These versatile CU Sign Holders are designed to work with 1/16" engraved/printed plastic or printed paper/vinyl with our clear cover that is included.

Features
- Each holder comes with end caps that enables you to create a wall or desk sign!

ALUMINUM SLIDE BARS, DIVIDER BARS AND PVC SLIDE PLATES

When you incorporate our Slide Bar and PVC Slide Plate w/ Knob you enable the message to change by sliding the plate to one side or the other.

Features
- Perfect for a message that can change frequently such as "In-Use/Vacant".
- Color: Silver

Aluminum Slide Bars

Item #	Size
FB006	6" Length
FB008	8" Length
FB010	10" Length
FB012	12" Length

Aluminum Divider Bars

Item #	Size
TB006	6" Length
TB008	8" Length
TB010	10" Length
TB012	12" Length

PVC Slide Plate w/ Knob

Item #	Size
ILK1040	1" x 4.1"
ILK1050	1" x 5.1"
ILK1060	1" x 6.1"
ILK2040	2" x 4.1"
ILK2050	2" x 5.1"
ILK2060	2" x 6.1"

Divider Bar Assembly:

Our Divider Bar is attached with adhesive that allows you to apply it to a solid piece of sign material or clear cover, thus creating a sign with-in a sign. The divider bar does not lock into the end caps but fits securely due to the adhesive tape.
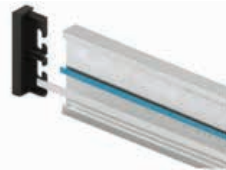

1. Insert the divider bar by adhesive on the insert at your desired position.

2. Complete the sign by closing both ends by the caps

CU Slide Bar Assembly:

Our Slide Bar interlocks with our end caps, allowing you to make a sign within a sign. The slide bar is also used if a film/paper is printed & covered with clear plastic. The lip on the slide bar allows the material to moved left or right before securing with end caps.

1. Install one side's wall cap.

2. Slide in the insert, PVC slider.

3. Insert the slide bar into the cap groove the plate edge, make sure the slot on one side of the slide bar is close to the insert and PVC slider.

4. Fix the other side.

CHANGEABLE MESSAGE FRAMES

Special requirements for room control and identification are accomplished with these unique frames of anodized aluminum.

Item #	Wall Thickness	Size
CMF66	$1/16$", $1/8$"	6" x 6"
