

Empowering Frontline Workers **drives impact**

Frontline Workers are employees who are the first point of contact between a company and the world it serves.

They are often the **first** to...

engage customers

represent a company's brand

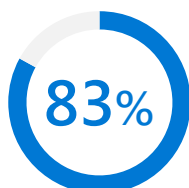

see products and services in action

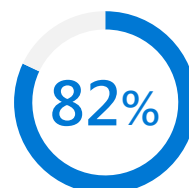

Organizations that empower their Frontline Workers reap various benefits

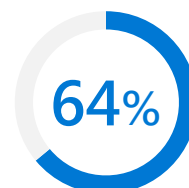

3x more likely
to be high-growth
companies

see higher
levels of
customer
satisfaction

see higher
levels of job
satisfaction
among employees

see lower
turnover
among
employees

Impact
of digitally
empowering
Frontline
Workers

- 91% increased worker performance and productivity
- 88% increased operational efficiency/cost saving
- 87% increased customer satisfaction
- 84% increased job satisfaction
- 82% increased compliance
- 76% increased innovation
- 70% increased overall sales and revenue
- 64% time to market
decreased employee turnover

Microsoft 365 combines intuitive best-in-class productivity apps with intelligent cloud services to empower your Frontline Workforce.
