US WorldMeds™

Customer Success Story

KiZAN is a trusted advisor for Microsoft licensing and support.

Client Name: US WorldMeds

US WorldMeds is a specialty pharmaceutical company that develops, licenses, and brings to market unique healthcare products designed to improve the lives of patients with challenging conditions and unmet medical needs. US WorldMeds continually strives to identify specialty products for niche patient groups and increase access to those treatments across the globe.

With expertise in multiple facets of the Microsoft ecosystem, KiZAN is US WorldMeds' trusted advisor for licensing, data warehousing, Power BI, SharePoint, and everything in-between. While providing on-site staff augmentation services, KiZAN has meticulously onboarded new resources and implemented processes for escalation, documentation, and communication that ensure the success of their projects.

US WorldMeds relies on KiZAN to provide honest assessments of challenging issues and trusts us to go above and beyond to provide fast and reliable remediation whenever needed.

"KiZAN has been our go-to Microsoft partner. We appreciate their responsiveness and commitment to our success. They are trusted advisors and their consultant's are valuable members of our team. We have a great long-standing relationship."

Tony Fleming
Senior Director
Information Technology
