InstaPot Cranberry BBQ Meatballs

Meatballs with a sweet and tangy twist do not get much easier than this! These are quick and made “instantly” with the famous InstaPot. I used lean ground turkey to keep saturated fats at a minimum, low sugar BBQ sauce to reduce added sugars, and organic cranberry sauce to avoid high fructose corn syrup. These are perfect alongside fresh potatoes and veggies for a complete meal!

Ingredients:

1 ½ lbs  Lean ground turkey (93/7 lean)
¾ large  Red onion, finely chopped
1 tsp    Dried thyme
1 tsp    Smoked paprika
1 tsp    Ground black pepper
¾ cup    Plain whole wheat bread crumbs
1 medium Egg
1 cup    BBQ sauce (I use Stubb’s Original BBQ sauce; it has a lot less sugar)
1 cup    Organic cranberry sauce (I use organic to avoid high fructose corn syrup)

Directions:

1. In a large bowl, combine the lean turkey, onion, thyme, paprika, black pepper, and bread crumbs. It is helpful to use your hands to mix until all ingredients are combined well.
2. Roll in 35 balls and place into the InstaPot.
3. In a medium bowl, mix the BBQ and cranberry sauce together. Pour over the meatballs in the InstaPot.
4. Place lid on top and lock, then set the pressure valve to “sealed”
5. Press “pressure cook” and set the timer to 10 minutes. The screen will only read “ON” until the chamber fills with pressure, then the timer will begin to count down.
6. Once timer goes off, all the pressure to “Naturally Release” for 5 minutes. Natural release means you take no action, leaving the valve sealed allowing the pressure to release on its own. After 5 minutes, open the valve to release remaining pressure.
7. Serve meatballs warm.

Servings: 7
Serving size: 5 meatballs
