

WILL CALL & BIN MANAGEMENT

IT'S CRAZY EASY!

Scan one barcode. No forgotten prescriptions. No wasted time.

Finally, an easy to use, effective will call management solution that won't break the bank.

Will Call By RMS is built for pharmacies looking to streamline the prescriptions sales process, without the cost and complication of bagging systems.

BATCH

Scan multiple prescriptions into a single bag. You can batch together any 2 or more prescriptions.

STORE

Place prescriptions into will call according to your usual storage methodology. They are now ready for pickup!

SELL

When your patient arrives, retrieve a single bag from will call and scan a single barcode to sell all prescriptions. It's crazy easy!
