What Experts & Clients Say About Vanto Group's Methodology

"At Mekong Capital, our bold commitment to our investee companies is that we cause them to achieve results far larger than they could achieve on their own. Our long-term partnership with Vanto is a key enabler for us in this journey to dramatically and quickly elevate the performance of our investees companies immediately after we become a shareholder. With Vanto's unique coaching framework, our investees dare to declare and commit to outrageously challenging targets for their business. Even more importantly, those companies that actively embrace and deploy Vanto's framework actually achieve those very same targets that first occurred to all as outrageous."

Chad Ovel, Partner
Mekong Capital, Vietnam

"This is basic training for the mind, the heart, and the soul. It is the most positive transforming experience I've ever been a part of. If you want miracles in your life, this is the way."

Mikio Uekusa, President
Akebono Corporation, Tokyo, Japan

"In my 17 years of being in the company this is the very first quarter a team has created a promise and kept a promise like this. The culture has been one where teams set targets that no one expects to meet and no one is held accountable for.

The team can now see for the first time the possibility and the pathway to being a group of people who have what it takes to create and realize a bold future."

Panus Watanachai
CEO, Panus Assembly Co., Ltd., Thailand

"Running a business is a complex matter, and at the heart of any business is people. I have yet to see anything that has such a positive impact on people's ability to relate, communicate, and perform as Vanto Group has."

Paul Fireman, Former CEO, Reebok

"What greatly impressed me with regard to the Vanto Group process and technology is that it has a way of actually giving people hands-on access to altering the culture of an organization."

Michael C. Jensen, Professor of Business Administration, Emeritus, Harvard Business School
