

Ephesoft And Independent Computer Consulting Group (ICCG) Form Strategic Global Alliance To Offer Clients Value-Add Solutions.

Partnership offers Infor M3, CSI, and LN customers a solution to accelerate and capture data with intelligent document processing solutions to drive productivity.

Philadelphia, PA – Leading Infor partner Independent Computer Consulting Group (“ICCG”) is pleased to announce a new strategic partnership with [Ephesoft](#), a leader in content acquisition and data enrichment solutions. Ephesoft helps organizations maximize productivity and fuel their journey towards the autonomous enterprise with patented, AI-based technology that captures, classifies, extracts and exports data into any ERP, workflow or line of business system. The strategic partnership is relevant to strengthen the ability of both companies to execute on digital transformation opportunities through engagement and delivery collaboration for the Infor portfolio of enterprise software systems.

ICCG is an enterprise software focused consulting firm with a global presence and a track record of more than 2,000 **business and digital transformation** project executions across ERP, Supply Chain Planning and Execution Systems, Warehouse Management Solutions and Product Life Cycle Management Solutions deployments.

ICCG and Ephesoft have established strong market positions and look to this new partnership to provide value-added resources for their customers. Both have strong connections to Infor: ICCG is a Gold Channel and Global Alliance Partner for Infor and Ephesoft is a certified complimentary solution partner for Infor with hundreds of customers running an Infor system as their ERP and Supply Chain Systems.

“We are thrilled to welcome ICCG as our newest Global Alliance partner to offer Ephesoft’s intelligent document processing solutions,” said Ike Kavas, Founder and CEO at Ephesoft. “Our mutual goals align by offering the best solutions and delivering an exceptional customer experience from Day 1. This strategic partnership will benefit more Infor customers by increasing productivity and efficiency with the most innovative, AI and patented machine learning capture technology on the market.”

“Ephesoft and ICCG’s strategic partnership will benefit Infor customers by offering a solution to their document and data challenges,” said Shiv Kaushik, Founder, Chairman, and CEO for ICCG. “Ephesoft’s intelligent document processing platform, which powers Infor Document Management (IDM) Capture, enables customers to capture, classify, extract and export their data into Infor so customers can gain insights and improve productivity, efficiency and accuracy. The integration in place with all leading Infor’s Enterprise Systems – whether it is Infor M3 or Infor CSI, the Ephesoft partnership provides a leading-edge solution for ICCG to promote to our customers.”

“ICCG has always believed in being a total solutions provider to our customers and create that value which goes beyond just offering enterprise software systems in our defined verticals,” said Balachandran Anantharama, Senior Vice President, Business Strategy at ICCG. “This partnership extends our consulting expertise and experience to support our customers’ needs around business process automation and supporting paperless environment for our clients.

“Customers use this innovative technology to automate any document-based business processes or task, improving accuracy, increasing efficiency and reducing costs. Our common goal is to improve enterprise productivity, which results in better customer experiences, more fulfilling corporate careers, and higher business profitability.”
