Momentive Part#28599 - RTV655 044-Pail Kit (44 Lbs-19.98 Kg)

Dear Valued Customer:

Momentive Performance Materials has identified your facility as a possible purchasing location of the grades listed above. Please forward this notification to any other appropriate personnel and/or locations within your company that you feel should be notified. Distributors, please forward this notification to your customers of the grades listed above.

This letter is to inform you that effective immediately and on an interim basis, we will be utilizing a new pail for the grades listed above. This new pail will be black in color. This black pail meets the same specifications as our Natural colored pail and is typically reserved for grades requiring UV protection. This action is required to mitigate supplier production delays on the natural colored pail. We expect supply of our standard pail to resume in January, 2022, at which time we will switch back

With the exception of this change, the grades listed above will be manufactured using the same material inputs, from the same sources of supply, according to the same base formulations, in the same production location and equipment, and will continue to meet all test specifications reported in our certificate of analysis.

If you have questions, please contact your local Momentive sales representative. Alternatively, you can reach me by email at thomas.stemper@momentive.com.

Sincerely,

Thomas Stemper
Product Manager – Americas

ANY SALE OF PRODUCTS OR DELIVERY OF CUSTOMER SUPPORT AND ADVICE BY MOMENTIVE PERFORMANCE MATERIALS INC. AND/OR ITS AFFILIATES ("MOMENTIVE") IS MADE EXCLUSIVELY UNDER MOMENTIVE'S STANDARD CONDITIONS OF SALE which are included in the applicable sales agreements, printed on the back of acknowledgments and invoices, or available upon request. MOMENTIVE MAKES NO WARRANTY, EXPRESS OR IMPLIED, WITH RESPECT TO THE PERFORMANCE, SUITABILITY OR FITNESS FOR INTENDED USE OF ITS PRODUCTS IN ANY CUSTOMER'S APPLICATION. Each customer should determine the suitability of Momentive's materials for the customer's particular use through appropriate testing and analysis.
