RE: 2021 Dymax Price Increase Notification

Dear Ellsworth Adhesives:

Effective September 1, 2021, Dymax will be implementing price increases on its formulated product solutions. The price increases derive from ongoing raw material cost increases, costs of regulatory compliance, personnel, and facilities infrastructure directly related to operating in the US and global specialty chemical industries.

While we have taken all available measures to mitigate the impact of these cost increases, we are forced to take action to offset these increases in order to continue to provide the quality, support, and innovation that our customers value.

Please reach out to your local Dymax Territory Manager or Customer Support Representative for the impact on the products you are purchasing from Dymax.

Your continued commitment to Dymax and our products is greatly appreciated, and we look forward to continuing to serve your needs.

Best regards,

A handwritten signature in black ink, appearing to read "Jason Maupin", with a long horizontal flourish extending to the right.

Jason Maupin
