

TWO Great Companies – Better TOGETHER

On September 1, 2021 the family-owned Minnesota headquartered companies, Bennett Office Technologies and Coordinated Business Systems merged. Operations will continue under the Coordinated Business Systems' company name.

Russ Bennett, owner of Bennett Office Technologies states, "After 40 years of business success in Central Minnesota and the Willmar community, it was important to ensure that I was placing our customer's I.T. and printing systems in safe hands. Coordinated Business Systems checks all the boxes:

- They are a family-owned company
- Their "Customers First. Always." philosophy intertwines with the Bennett values
- Coordinated has extensive experience providing a full array of managed services

The bottom line is that our customers will continue to experience undeniable value."

Coordinated Business Systems is a Minnesota headquartered office technology company with a 38-year track-record of success. Jim Oricchio, Founder and CEO says, "I am honored that Bennett Office Technologies chose to merge with our company. In addition to meeting Russ Bennett's merger criteria, Bennett's customers will now experience the advantages of;

- Buying power with world-class manufacturers
- Innovative service programs
- Access to more resources and support

As Russ said, Bennett customers will receive more undeniable value, plus I believe our companies are "*Better Together*" – and that will be good for Willmar and Central Minnesota."

You Are Invited!
