

QUADSCORE INSURANCE SERVICES RISK MANAGEMENT SERVICES

From theft and looting to wildfires, cannabis companies face a different set of perils than most businesses. QuadScore has founded the country's premier cannabis risk consultancy to combat these perils. Learn how to protect your business from the unexpected today!

ANALYSIS OF OPERATIONS, SECURITY, & SAFETY

We have noted the struggle high-growth operators often have to keep track of and appropriately cover their assets. We can help shoulder that burden.

- Non-invasive drone surveys of large buildings
- Document management
- Review your accounting documents to assess if accurate coverage is in place

CONTRACTUAL RISK TRANSFER STRATEGY

Our team of experts will work in coordination with your legal team to evaluate your bargaining position and help negotiate unnecessary risk away from your business.

- Lease review
- Vendor agreement review
- Examine vendor insurance requirements

SECURITY FOR CASH AND CANNABIS

It's an open secret that cannabis businesses have valuable stores of cash and cannabis on hand, making the cannabis industry a target for brazen burglars.

- Improve the safety profile of your business
- Minimize the damages and expense of business halting events
- Recover stolen assets quickly and quietly while protecting your front-line employees

SAFETY EVALUATION

Making a workplace safe is a group effort, we are happy to be a part of that effort by facilitating:

- Comparison of operational practices to industry best practices
- Safety courses and training assistance
- Programs that provide:
 - Incentives for employees
 - Safety gear and supplies

AUTOMOTIVE RISK SERVICES

We appreciate the need to protect your assets on the road. That's why we have researched telematics, AI, and dash-cam solutions to mitigate automotive risk.

With advanced AI and dashcams, you can prevent:

- Fraudulent claims
- Distracted driving
- Third-party theft/violence

Implementation has shown reduction in the following areas:

DRIVING BEHAVIOR	REDUCTION
Hard Braking	98%
Hard Acceleration	87%
Speeding	69%
Speeding > 15 MPH	89%
