

Chastity: The unfailing choice.

We help provide True Love Waits programs to students.

"The feedback survey from high school students at the program that Life Education Council sponsored"

Christine Flaherty, Executive Director LIFENET sponsors of True Love Waits.

"What I remember most is the whole concept and meaning of chastity: to save yourself for the one you truly love."

"Just as you wouldn't kill a toddler you shouldn't kill a pre-born baby."

"Now I know abortion is wrong. We kill the baby for no reason."

Black Genocide:

"The most dangerous place for a black American is in the womb."

Rev. Clenard Childress, Director, BlackGenocide.org, Advisory Board, Life Education Council.

While just 13% of the population, pre-born Black children are targeted by Planned Parenthood and account for 40% of all abortions.

We helped Rev. Clenard Childress in his efforts to organize Black students who take the pro-life message and displays to campuses and high schools. *"What's the leading cause of death among Black Americans?"* they ask students. *"It's abortion."* In addition we donated to his attendance at an NAACP convention where he urged them to promote the sanctity of life all of unborn children.

The Life Education Council is a 501 (c) (3), all volunteer organization. No salaries. No overhead. 100% of all tax-deductible donations are used to prevent abortions and save lives.

**Roe v Wade dodged the question
"When does life begin?"
Ultrasound doesn't.**

We advertise and donate to **Pregnancy Resource Centers** that show women their unborn children on ultrasound. *"That's my baby!"* 85% then refuse to abort.

"Your donation provided 10 life-saving ultrasounds." Lighthouse PRC

"Thanks so much for your support. We share with you the joy of each life saved."
