

Happy Holidays

There is no denying this holiday season will look very different for each of us, as we chose to keep each other safe by spending this time apart from our loved ones. However, as we look back on everything we have accomplished as a team this past year, we are reminded of what a close-knit family we have become through this shared pandemic experience. The sense of support, resilience, strength, and unity of our teams across our communities is undeniable, and that makes this holiday season more meaningful.

Every day, each of you have said goodbye to your loved ones, you have put on that mask, and you have shown up for the people who truly needed you, and for that, we are forever grateful. You are making a bigger impact than you could ever realize, and we want to thank you for your commitment and dedication; for your compassion, collaboration, and courage; for providing exceptional resident care and, perhaps, most importantly, for giving us hope and bringing light during this challenging time.

Our communities are better because you are a part of this family, the AgeCare family. Thank you for helping us get through this challenging year and for everything that you do each and every day. You are true heroes, and we appreciate you and all of your sacrifices more than words can say. We hope you take some time over the holidays to reflect on all you have accomplished this past year.

Have a safe, healthy and happy holiday season and best wishes in 2021.

Your family,

Dr. Hasmukh Patel
CEO & President

Dr. Kabir Jivraj
Managing Director
