Safe Visits, Outings and Overnight Stays

Visitation Guidelines

Visitation guidelines with continuous masking are in effect. Please familiarize yourself with these guidelines should you choose to visit. [Download the Visitor Guide \(PDF\) -->](#)

At this time, we ask that visitors have either a photo of their vaccination status (on their phone) or a paper copy. Please do not rely only on the recently released QR codes for verification. Unfortunately, not all of our communities have the technology needed to scan these.

Please note that communities on outbreak may have different visitation restrictions in effect. Contact your community or [sign up for email updates](#) to stay informed on the latest information.

Outings and Overnight Stay Guidelines

Residents are welcome to go on community walks, outings, and overnight stays as long as they follow all of the [current provincial guidelines](#).

As cases continue to be high throughout the province, we must remain diligent and take steps to keep ourselves and our loved ones safe. **Guidelines are in effect to ensure [outings and overnight stays](#) are as safe as possible.**

The safety of our residents and staff remains our top priority.
