HEALTHXCHANGE GROUP WELCOMES INTRALINE TO THEIR AESTHETIC PORTFOLIO

Guernsey, Channel Islands, 28th June 2021,

Healthxchange, one of the most trusted and respected suppliers of pharmacy products in the medical industry has recently partnered with Intraline to extend their offering of medical aesthetic products. Intraline's extensive line of new generation PDO Threads can be found at Healthxchange as of today.

Intraline's Polydioxanone (PDO) threads are CE marked with an excellent safety profile and are virtually non-allergenic. PDO suture use has nearly 40 years of medical history supporting its use. Healthxchange will offer both Lifting and Rejuvenation PDO Threads.

"PDO Threads are a terrific treatment option for patients looking to combat the signs of ageing. Healthxchange Group are committed to providing our customers with carefully selected premium aesthetics products for their patients. In line with this ethos, we are delighted to announce that we now stock Intraline's comprehensive range of PDO Threads for both rejuvenation and lifting." – Steve Joyce, HealthXChange

"We are thrilled to announce Healthxchange as an approved pharmacy partner, their dedication to customer service, quality and support for their clients is exceptional. At Intraline we are working to raise the safety standard in the industry and working with partners such as Healthxchange aid in that growth" – Terry Fraser, Intraline

Intraline is a Medical Aesthetics company offering Dermal Fillers, PDO Threads and Skin Care to the global aesthetics market. For more information, contact Intraline at +44 203 841 8001 or visit them at www.intraline.com.
