

Jennifer,

The **AGB 2021 Foundation Leadership Forum** is the only national conference for institutionally related foundation board members and executives.

During one of the most tumultuous periods of disruption foundations and institutions have ever faced, the 2021 Forum will convene leading minds of governance and executive leadership to engage in critical conversations about the immediate challenges that foundations face, and to look beyond those challenges to the opportunities for long-term growth and innovation. The 2021 Forum will focus on how foundations can fast forward past disruption and accelerate transformative change.

We invite you to receive five complimentary registrations for your board/ executive team (a \$1,395 value) to attend this most important conference if your foundation board enrolls in AGB membership before November 30, 2020. *

When your board enrolls in AGB membership, you will join nearly 2,000 institutions and more than 40,000 individuals who rely on AGB to help them navigate critical issues facing higher education, access leading practices for governance excellence, and lead with confidence in the boardroom.

For information about AGB membership, view [AGB Member Benefits](#) and [AGB Support for Each Board Role](#).

Offer Expires November 30

To enroll your board in AGB membership before November 30 and receive five complimentary registrations for your foundation board/executive team to attend the AGB 2021 Foundation Leadership Forum, simply reply to this email or call 202-776-0817.

Respectfully,

Patricia Kunkle
Vice President, Membership Experience

**Offer applies to new board memberships only.*
