

Elizabeth,

The AGB **2021 National Conference on Trusteeship**, April 12–14, 2021, will bring together nearly 1,000 college, university, and system board members and executive leadership to network, hear from experts, and discuss leading governance practices for addressing the future of the sector.

The compounding effect of the global pandemic, declining enrollments, increasing expenses, escalating tuition discounts, long-anticipated generational shifts, and extraordinary social justice unrest has sparked a galvanizing moment for higher education. The 2021 National Conference is where the most important conversations will take place to break through past disruption and shape transformative change.
