Chief Investment Officer and Managing Director of NAOS Asset Management Limited, Sebastian Evans stated: *"Pleasingly, FY21 proved to be an exceptionally strong year for the NSC investment portfolio. The majority of the returns were generated from core long-term investments, some that NSC has held for over 3 years, and it was pleasing to see the progress these businesses have made being reflected in significant valuation increases across many of the portfolio holdings. Looking forward, we believe that the current investment portfolio has a significant amount of unrealised value with a number of potential catalysts that could drive portfolio returns over the course of FY22."*

It is the Board's aim to continue to be mindful of providing shareholders with a sustainable, growing stream dividends, franked to the maximum extent possible.
