

Reworked Contact Panel

The modernized and improved Contact Panel with the addition of Gravatar support and recent messages allows for quicker and easier collaboration.

Users can now quickly call, video conference or chat, with internal and external contacts through the Simplicity platform with more ease than ever before.

Improves Collaboration

Internal contact presence can be viewed in the Contact Panel

Users can provide an availability status via Contact Panel

File share available via Chat

Eases User Management

Easily initiate a call, video conference, or chat from the Contact Panel

Recent chats with internal contacts can be viewed with a click of a button

Costs

No additional costs

Additional Features

Internal contact Gravatars are now visible in the Contact Panel
