TOGETHER WE CAN CHANGE LIVES

Just a Drop is an international water charity that brings sustainable safe water, sanitation and hygiene projects to communities across Asia, Africa and Latin America; transforming lives. Safe water changes everything. It improves health, education, women's rights, leads to secure food sources, community development, economic growth and brighter futures.

Spend a Penny

By "dripping" in just 1p per live chat to Yomdel's Just a Drop fund - you can make a real difference to communities across the world in an affordable way. Yomdel will in turn match fund your donation to make it go even further.

Just 50p can have a huge impact on Just a Drop's work!

50p

can support a child in Kenya with safe, clean water during their time in school

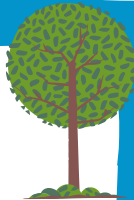

They are also healthier
because they no longer have to drink water that is unclean and unsafe!

This means that children can actually attend school
as they no longer have to make the long and arduous journey twice a day to collect water.

The environment improves!

Access to a sustainable water source reverses the effects of climate change!

Girls are empowered!

Girls in particular are able to attend school for longer as they can easily access clean water on their periods.

And communities are protected from COVID-19

With access to water, hygiene practices such as hand washing, become common - protecting the community from the spread of COVID-19!

Just 50p makes the world of difference

A few other ways that your company can support Just a Drop
