

TreeHouse Consultancy helps customers achieve digital transformation with Ascertia SigningHub

Client

TreeHouse Consultancy is an information technology solutions company that provides high-end IT solutions for the individual needs of its customers, in both the public and private sectors.

Business Need

TreeHouse Consultancy helps its customers achieve their digital transformation objectives with a range of IT automation process solutions.

TreeHouse Consultancy was looking for a partner that could provide an intuitive high-trust e-signature solution that could become part of its offering for complete automation.

Selection Process

It was important for TreeHouse Consultancy to build a strong relationship with its chosen e-signature partner so its team would feel confident offering the product as part of the company's custom solutions.

TreeHouse Consultancy chose Ascertia for its customer experience and support services offered by its expert team, its user-friendly product, Microsoft integrations and interoperability.

Solution

As a local partner in the UAE, TreeHouse Consultancy offers Ascertia SigningHub as its exclusive e-signature solution. SigningHub is included in many of TreeHouse Consultancy's automation offerings including:

1. Purchase order and invoicing automation process built on SharePoint integration with SigningHub for the approvals as well as internal and external user's digital signatures.
2. Document Management System (DMS) - SigningHub is integrated with the DMS, so that a fully digital and automated solution can be provided with the digital signing functionality.
3. Project Online (PWA) - Integrated solution with PWA, to manage and maintain all the documents and signoffs related to any project within one digital platform.

4. Microsoft Teams Integration (coming soon) – currently working on the integration with MS Teams and a connector will shortly be available which will offer a seamless integration.

SharePoint implementations are a speciality of TreeHouse Consultancy and SigningHub for SharePoint and the other Microsoft SigningHub connector apps mean that Ascertia's SigningHub works seamlessly alongside other automation solutions. This provides a complete automation offering to TreeHouse Consultancy's customers.

Result

TreeHouse Consultancy is able to provide e-signatures and digital certificates as part of its IT automation solutions. Ascertia SigningHub completes the automation and digital transformation package for TreeHouse Consultancy's customers and SigningHub's Microsoft integrations including SharePoint, Outlook and Word enable TreeHouse Consultancy to make it compatible and easy to use alongside Microsoft solutions.

The technical team at TreeHouse Consultancy is working closely with Ascertia's customer success team to introduce additional Microsoft integrations.

“Our customers were asking for e-signatures as part of their digital transformation journey and our partnership with Ascertia means we can provide a high trust solution that integrates with our other solution offerings seamlessly. The support team are a great asset and ensure we provide excellent customer service to our customers.”
