Overview

Before installing, familiarize yourself with the parts of the camera.

Chassis Assembly

Chassis Screws

Alarm Input & Output

Ethernet Adapter

12 VDC

Audio Input & Output

Ball Set

Sphere
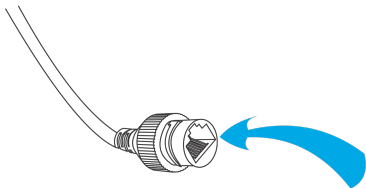

Upper Cover Assembly

Cover Screw

Installation

1. Drill a cable hole and ¼" pilot holes, using the supplied template.

2. Using the provided hex-key, loosen the cover screws on the outer cover assembly. Remove the outer cover assembly.

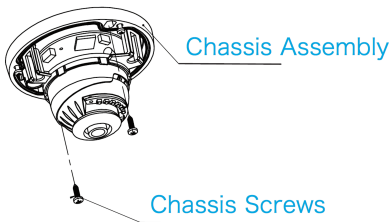

Note: The outer cover assembly is attached to the chassis assembly via a small cord.

Installation

3.   Connect an ethernet cable that is connected to the desired POE enabled network into the camera's ethernet adapter.

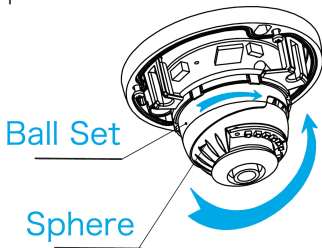

4.   Insert the drywall anchors. Secure the chassis assembly to the mounting surface using provided screws.

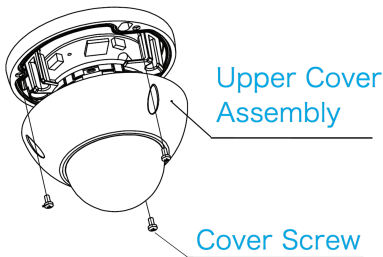

Chassis Assembly

Chassis Screws

Installation

5. Adjust the viewing angle by rotating the sphere.

Ball Set

Sphere

6. Resecure the upper cover assembly to the chassis assembly.

Upper Cover Assembly

Cover Screw
