

TARRYTOWN

October 17, 2020

Dear Residents and Families:

I write to inform you that a contracted essential personnel has tested positive for COVID-19. As per guidance from the New York Department of Health issued in September, we must suspend all visitation and communal dining for fourteen days.

The community has begun contact tracing and we will inform you if you have had any contact with the contracted essential personnel. We will inform those who are affected by this.

Please reach out if you have any questions.

Sincerely,

*Paul Ataide*
