In Brightview's Wellspring Village® Neighborhood

---

## ENHANCED DEMENTIA CARE IN WELLSPRING VILLAGE®:

Our intimate, dementia-supportive Wellspring Village® welcomes people with Alzheimer's disease and other forms of dementia to live comfortably and confidently in a specialized environment that feels like home.

A peaceful yet vibrant haven, Wellspring Village® features 36 safety-enhanced residential suites and specifically designed common areas that incorporate helpful navigational and other cues that empower residents to safely socialize and participate in neighborhood activities.

For residents who also require advanced physical care or support, we offer our Enhanced Dementia Care services.
