Product	VARCHART XTree
Version	5.2
Service Release	First Version
Build	5.200.0.12
Editions	.NET, ActiveX
Date	26 August 2019

**List of enhancements added since the last last build of XTree 5.1**

- XTree now uses the C++ Runtime DLLs from Visual Studio 2017 so that the overall performance has improved.

**List of bugs having been fixed after the last build of XNet 5.1**

- When mapping tables were used, nodes got a background color different from version 4.4.
- When a node with subordinate nodes were moved to nodes without subordinate nodes, error message “Error 104 – Class 28” appeared.
