

Telepsychiatry Careers

Serve patients in need from anywhere while building your own career. As the leading and largest telepsychiatry service provider in the U.S., Array Behavioral Care offers exceptional job flexibility and opportunities for growth.

Why Array?

1 Care Anywhere

Bring quality care to patients with limited access to behavioral health services, delivering help where it's most needed.

2 Job Flexibility

Choose between a variety of practice models, work in multiple care settings and serve diverse patient populations.

3 Great Benefits

Enjoy a robust benefits package that supports a healthy work-life balance tailored to your lifestyle:

- no travel or commuting
- flexible schedule
- work from home
- paid time off
- continuing education opportunities

4 Be Part of a Team

Engage with your telepsychiatry peers through Array's regular events, webinars, town halls, mentorship, team meetings and chart reviews.

5 Growth Opportunities

Build your expertise in a variety of care settings, including:

- primary care clinics
- hospitals
- inpatient units
- correctional facilities
- tribal health and wellness centers
- community health centers
- hospital/medical/surgical floors
- emergency departments
- mobile crisis programs
- residential facilities
- colleges and universities
- direct to consumer

6 Work With the Industry Leader

As the telepsychiatry industry leader, we let you focus on clinical care by covering all the details, including:

- IT support
- Technical, administrative, EMR and clinical training with dedicated team members
- Licensing and credentialing expertise
- Regulatory and compliance support
- Behavioral health and clinical thought leaders

Now Hiring

Array has many full-time, part-time, per diem and contract opportunities available. We are currently hiring psychiatrists and psychiatric nurse practitioners for OnDemand and Scheduled telepsychiatry positions in multiple states.

OnDemand Care Positions

From the comfort of home, immerse yourself in a fast-paced emergency or crisis management center, collaborating with onsite professionals to quickly move patients to the next level of care.

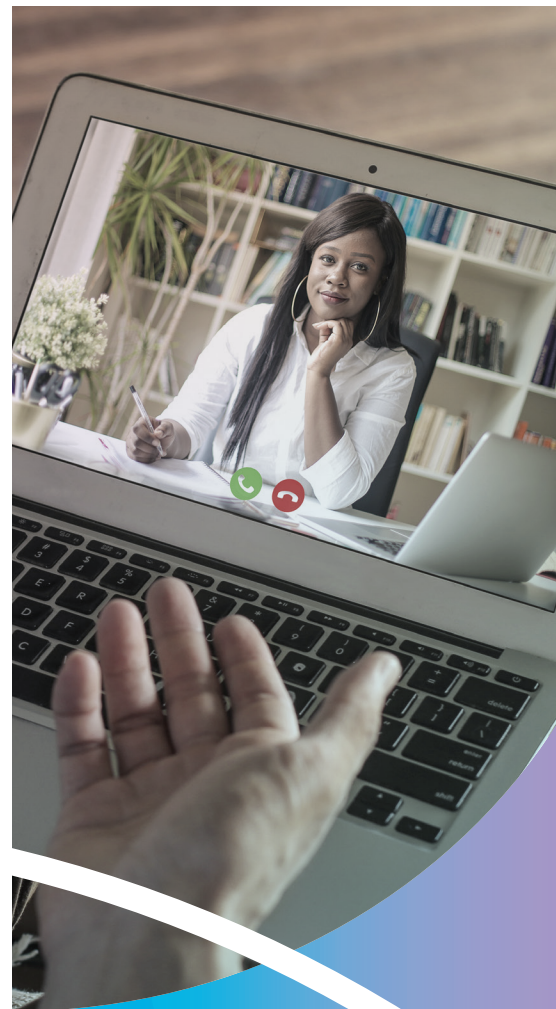

Scheduled Care Positions

Work regularly scheduled hours and build long-term relationships with a diverse and largely underserved patient base, collaborating with onsite staff to fully integrate behavioral health into patients' overall care.

Additional Opportunities

Interested in other roles? Array also has select positions available for therapists, counselors and psychologists, as well as direct-to-consumer opportunities.
