## ***MAS Overview – the Basics***

# What is a Multiple Award Schedule?

- Governmentwide contract vehicle for **commercial** products, services, and solutions
- Also known as “Federal Supply Schedule (FSS),” “GSA Schedule” or “MAS”
  - VA manages Schedules for medical supplies and services – they are called “VA Schedules”
- Standing [solicitation](#) posted on [beta.SAM.gov](#)
- Awarded using FAR Part 12 procedures

# GSA MAS Contract Characteristics

- Multiple Award IDIQ (5 year award, three 5 year options)
  - VA – 5 year base, with one 5-year option
- Fixed Price EPA
- Fair and reasonable pricing
  - Price reductions may be applied at the order level
- Performance requirements established at the order level

# The Federal Acquisition Regulation (FAR) Regulatory Foundation

FAR	Provides	Applicability

# Advantages of Multiple Award Schedules

- Saves time
  - Full and open competition has already been obtained
  - Publication on beta.sam.gov is not required for orders
  - Fair and reasonable prices have already been negotiated
  - Terms and conditions are already in place
- Buying activity receives socioeconomic credit
- Contract flexibilities:
  - Blanket Purchase Agreements (BPAs)
    - [www.gsa.gov/bpa](http://www.gsa.gov/bpa)
  - Contractor Team Arrangements (CTAs)
    - [www.gsa.gov/cta](http://www.gsa.gov/cta)
  - Small business set-asides are permissible (discretionary)

# GSA MAS Simplifies the Acquisition Process

Schedule Orders are:

- ✓ Faster
- ✓ Easier
- ✓ More Economical

vs.

In contrast to FAR Part 15, Schedule orders do not require:

- Formal evaluation (SSEB not required)
- Cost analysis (commercial pricing at the Schedule level)
- Extensive documentation (less formal process)
- Debrief (may provide brief explanation)
- Competitive range determination

# GSA MAS Conforms with Competitive Contracting

Schedule users shall not:

- ❌ Seek further competition outside of the MAS program
- ❌ Synopsise the requirement

**[www.gsa.gov/olm](http://www.gsa.gov/olm)**

## What are OLMs?

- OLMs are supplies or services acquired in direct support of a task or delivery order placed against a GSA Schedule contract or BPA.
- OLM prices are **not** established on the Schedule contract.
- OLM prices **are** established at the order level.
  - The ordering contracting officer (OCO) is responsible for making a fair and reasonable price determination.
- Purchased under the authority of the FSS program - FAR 8.403(b).
- OLMs shall not be the *primary* purpose of the order, but an integral part of the solution.
- OLM SIN may not be used as a stand-alone SIN, but may only be used to support other SINs on an order.

IT Training	

\*Contractors must have the OLM SIN awarded in order to provide OLMs on the order.

The OLM SIN description has been streamlined as follows:

*OLMs are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Schedule contract or BPA. OLM pricing is not established at the Schedule contract or BPA level, but at the order level. Since OLMs are identified and acquired at the order level, the ordering contracting officer (OCO) is responsible for making a fair and reasonable price determination for all OLMs.*

*OLMs are procured under a special ordering procedure that simplifies the process for acquiring supplies and services necessary to support individual task or delivery orders placed against a Schedule contract or BPA. Using this new procedure, ancillary supplies and services not known at the time of the Schedule award may be included and priced at the order level.*

**OLM SIN-Level Requirements/Ordering Instructions:**

**OLMs are:**

- *Purchased under the authority of the FSS Program*
- *Unknown until an order is placed*
- *Defined and priced at the ordering activity level in accordance with GSAR clause 552.238-115 Special Ordering Procedures for the Acquisition of Order-Level Materials. (Price analysis for OLMs is not conducted when awarding the FSS contract or FSS BPA; therefore, GSAR 538.270 and 538.271 do not apply to OLMs)*
- *Only authorized for use in direct support of another awarded SIN.*
- *Only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract*
- *Line Item Number (CLIN)*
- *Subject to a Not To Exceed (NTE) ceiling price*

**OLMs are not:**

- *"Open Market Items."*
- *Items awarded under ancillary supplies/services or other direct cost (ODC) SINs (these items are defined, priced, and awarded at the FSS contract level)*

**OLM Pricing:**

- *Prices for items provided under the Order-Level Materials SIN must be inclusive of the Industrial Funding Fee (IFF).*
- *The value of OLMs in a task or delivery order, or the cumulative value of OLMs in orders against an FSS BPA awarded under an FSS contract, cannot exceed 33.33%.*

*NOTE: When used in conjunction with a Cooperative Purchasing eligible SIN, this SIN is Cooperative Purchasing Eligible.*

There has been no change in the underlying OLM Authority or Special Ordering Procedures for utilizing OLMs. The changes noted here are administrative in nature and were made as part of the overall Schedule Consolidation process.

## Select a Vendor

**Instructions:** Listed below are vendors who currently have contracts under the Category you selected. Select the vendors you would like to invite to quote on your RFQ. You may request a quote from any or all vendors listed, but in order to satisfy FAR requirements, you should request quotes from at least three (3) vendors (if available). Please remember that vendors are not required to submit a quote.

 **Reminder:** eBuy allows any vendor in this category to view and quote on your RFQ even if they have not been selected to receive an email invitation. The only exception to this is in the event that your RFQ is marked as a set-aside, and then only eligible vendors under that set-aside will be able to view and submit a quote.

Attention: GSA is currently undergoing a MAS Consolidation effort to modernize and simplify the buying and selling experience by consolidating our 24 legacy Multiple Award Schedules into one single Schedule, called the Multiple Award Schedule (MAS). During the transition period, in order to ensure full and open competition is achieved, buyers may choose either legacy SINS or new MAS SINS to post an opportunity. Opportunities posted will be automatically crosswalked from legacy to new SIN structure or new SIN to legacy structure, so that contractors under both structures will have the opportunity to view and submit quotes for RFQs posted on eBuy. No additional action is required on your part.

In addition to the SIN(s) chosen, this opportunity will also be visible to contractors with the following: (Schedule/SIN)

00CORP/871 1, 00CORP/871 2, 00CORP/871 3, 00CORP/871 4, 00CORP/871 5, 00CORP/871 6, 00CORP/871 7

For your reference a full listing of Legacy Schedules and SINS to the new MAS Structure is provided [here](#).
