

Protect your staff and customers with Kerbside Collection

Maintain social distancing
Let customers pre-order and pay
Facilitate on-site delivery

How kerbside collection works:

When placing an order online or through the restaurant's app, customers:

- Click 'Kerbside Collection' when prompted
- Confirm their preferred collection time
- Complete license plate number and vehicle colour during check

The business:

- Receives license plate information, along with order details
- Takes the order out to the car, placing it in the customer's boot
- Walks away without having any physical customer contact

Kerbside Collection can be used by any outlet with accessible parking
