GUEST EXPERIENCE

CUSTOMISED AND INTEGRATED BOOKING ENGINE

The guest journey begins on your website. Nitesoft booking engine is optimized to convert more web bookings and is of course designed to match your website.

AUTOMATED GUEST COMMUNICATION

Start communicate with your guest prior to their arrival, using Nitesoft automated guest messages application for email and SMS. You can also send post departures offers to your guests.

SELF CHECKIN/OUT

The guest can easily check in/out themselves, paying and generating key card/code directly in Nitesoft self-terminal.

POINT OF SALES

In Nitesoft Point of Sales solution the guest can pay for their reservation, bar or restaurant tab.

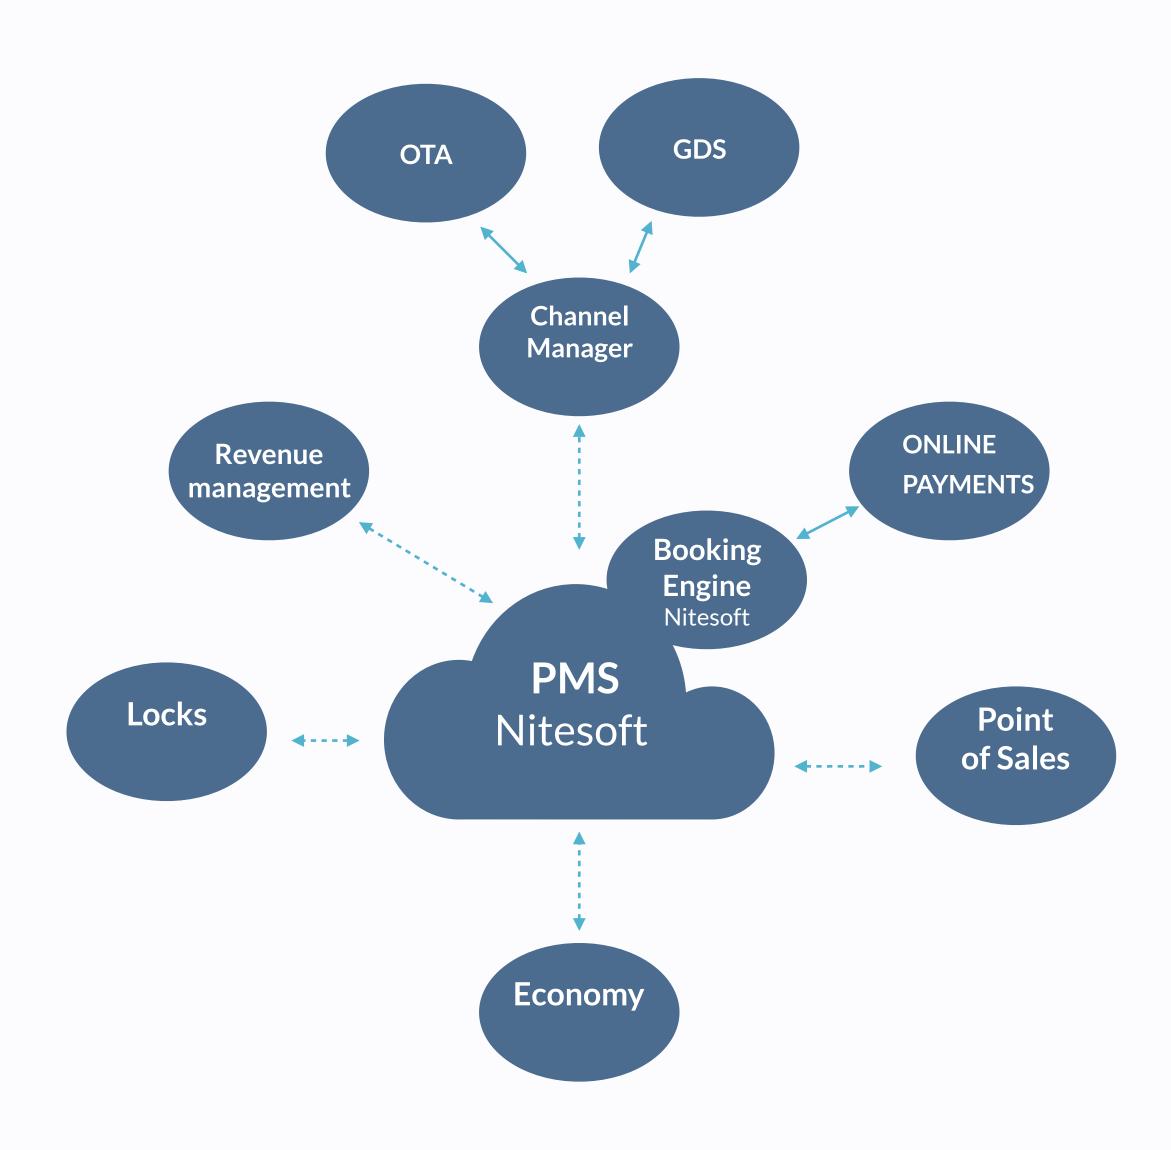

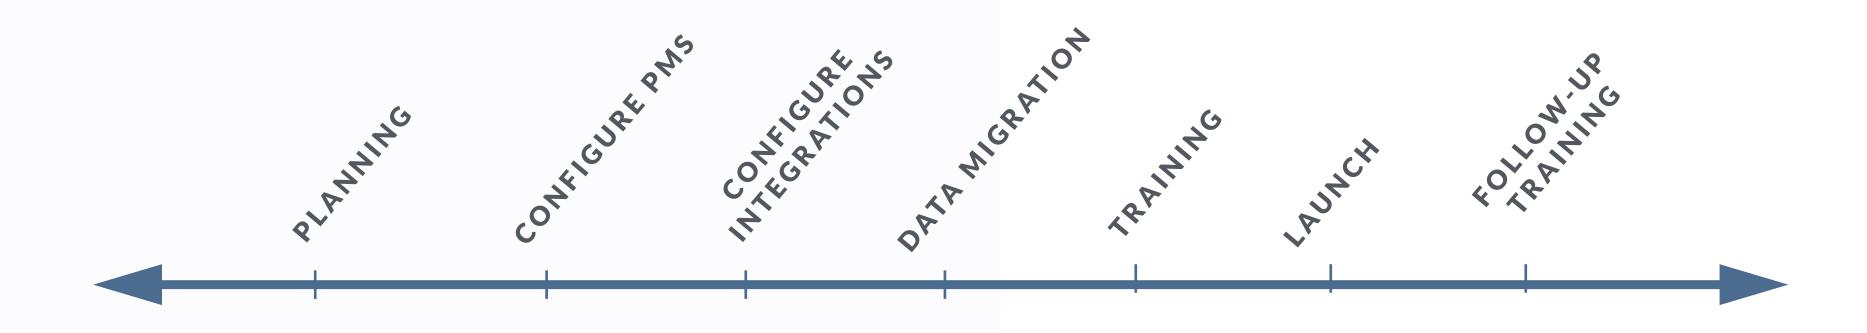

INTEGRATIONS

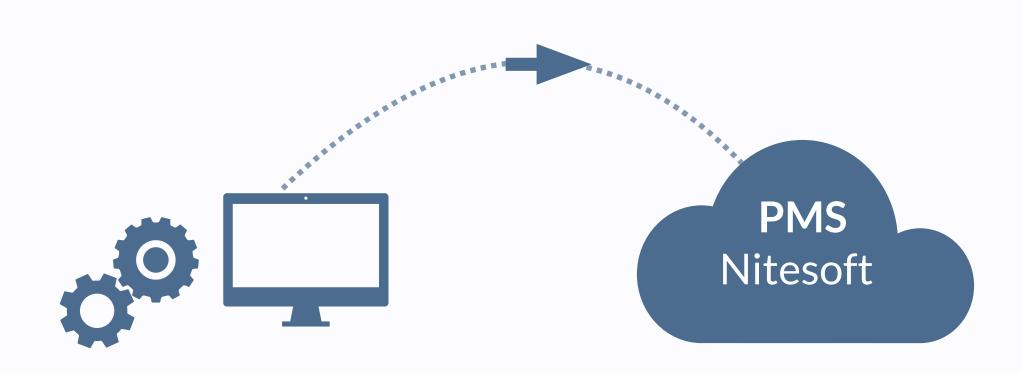

We are always striving to optimize the solution by providing robust integrations to third party systems. Our main objective is to help your property to increase the level of flexibility and automation, while releasing revenue potential and saving costs.

We have integrations to 30+ third party systems, which you find on our partners list on our website. If we don't support a third party provider, we normally develop a new interface within a business week.

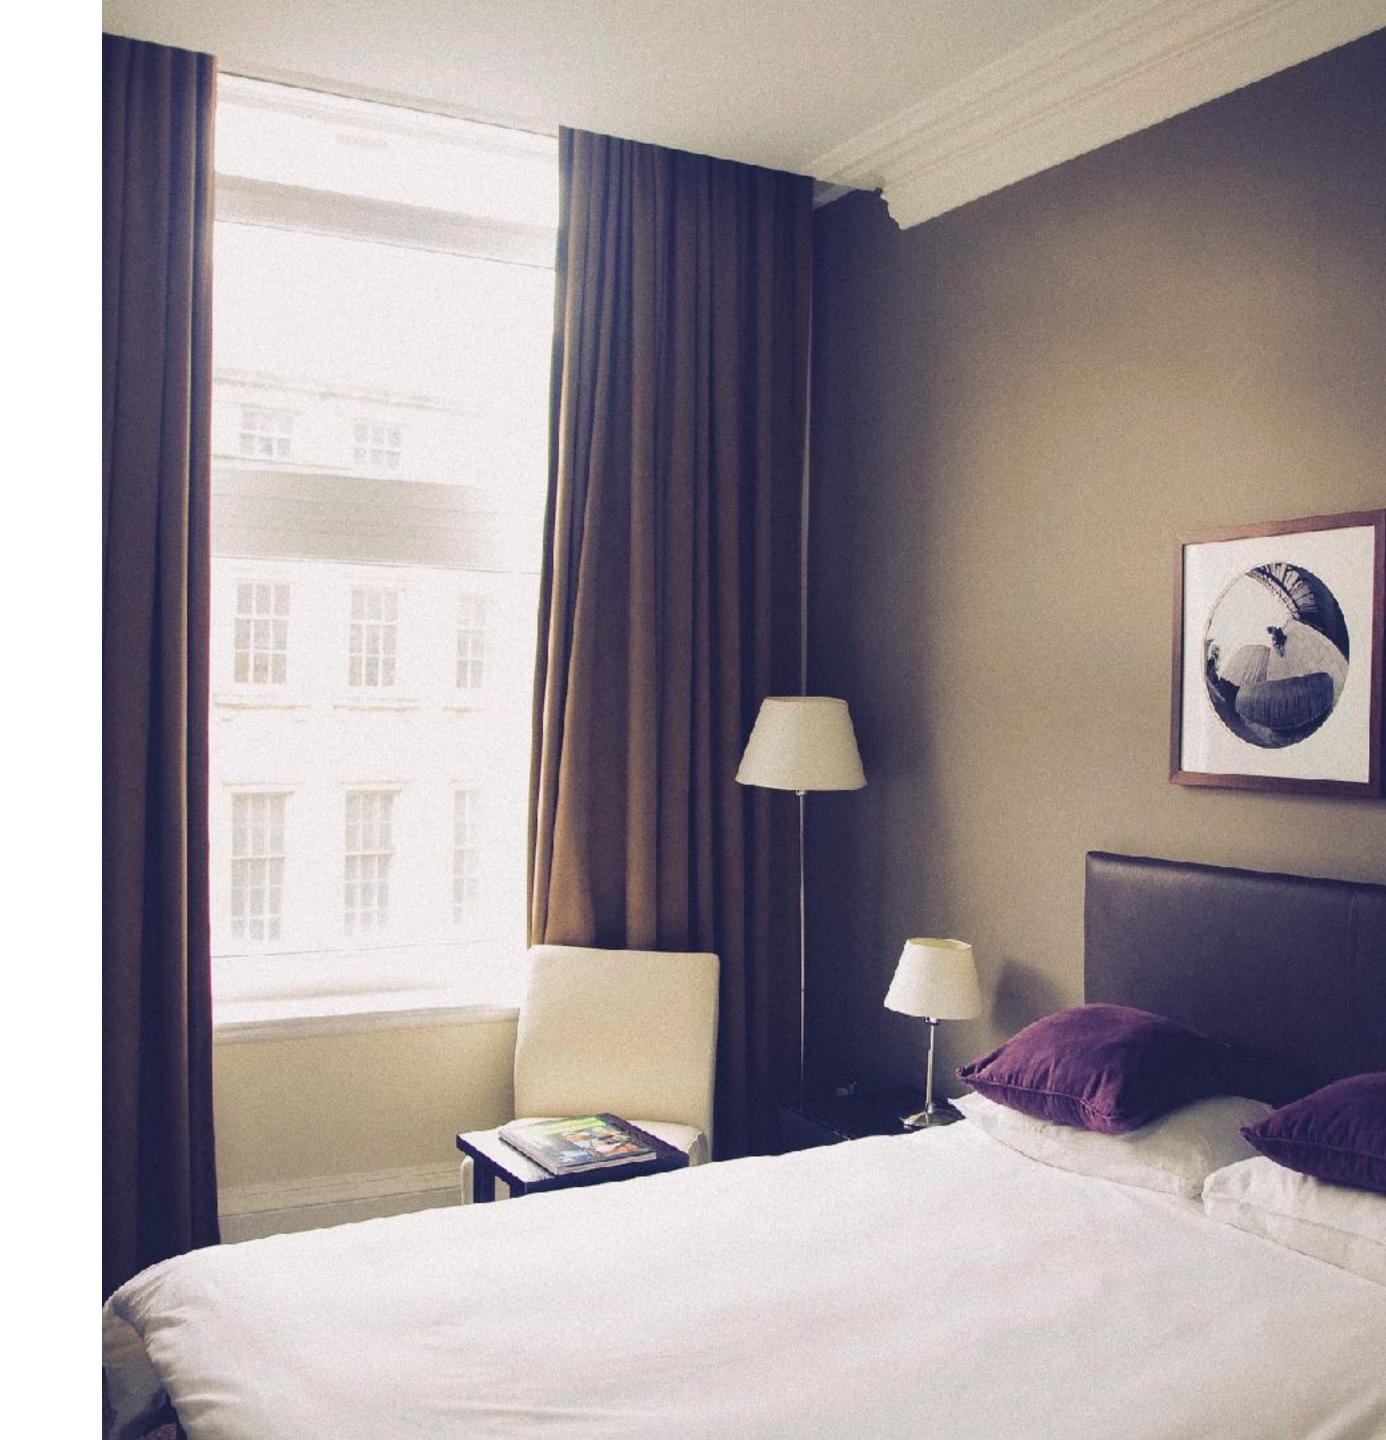

EASY IMPLEMENTATION

Nitesoft can import data from your existing PMS making the switch nothing but a smooth ride. We set up Nitesoft for you in less than a week, depending on third party connectivity and your schedule.

We assign an implementation manager that will take you through to Nitesoft in a full Swing. Training is conducted online or on-site depending on your preferences.
