

LANGUAGE IS AN ADVENTURE

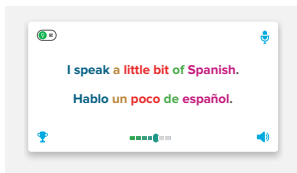

Engage and inspire the next generation of language learners. Mango Classroom was built to empower teachers and take students on a journey that gets them speaking.

Learning features built to get students speaking

Designed specifically for schools, Mango Classroom is built on our proven conversation-focused methodology that builds confidence and inspires students.

Certified Clever Partner

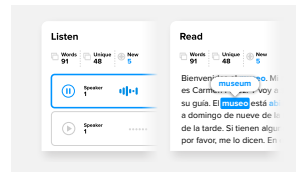

Critical Thinking - Memory-Building

Exercises to reinforce learned material

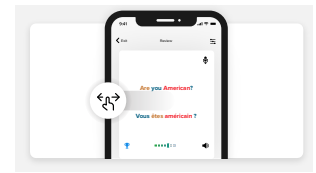

Native Speaker Audio + Cultural Notes

Provide real-world context for conversation skills

Listening & Reading Activities

Challenge students with familiar and new course content

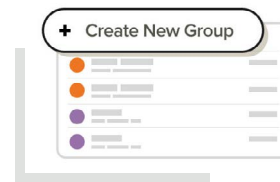

Adaptive Review System

Personalizes review card sequences to each student's learning progress

Your 24/7 teaching assistant

Schools get everything they need to streamline lesson planning and transform their language-learning curriculum. Teaching tools help organize classes, activities and assessments.

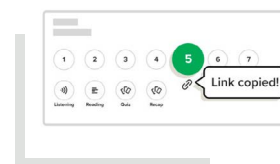

Groups

Upload student lists and organize classes to track progress, follow engagement, and review automatically graded assessments.

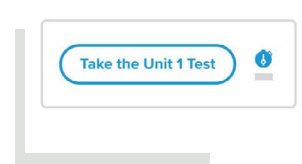

Materials

Course Guides, Teacher Lesson Plans, and Student Workbooks sync any curricula structure with Mango learning content.

Lesson Deep Linking

Easily direct students to specific lessons for reference, review, and homework through your LMS.

Quizzes and Assessments

Automatically graded exercises for immediate feedback and review.

Teacher Lesson Plans and Student Workbooks

▲ Chapter-based lesson plans that reinforce the course material and stimulate discussion.

Mango works. Here's the proof.

A lot of language resources claim to be effective, but most don't have the [third-party research to back it up](#). ▼

Speaking ability **74%** increased their ACTFL proficiency by at least one sub-level

39% increased their ACTFL proficiency by at least two sub-levels

These figures based on the TrueNorth Test ACTFL estimates.²

College Placement

Adequately preparing students for academic achievement and real-world connections

82% of participants improved their overall college placement test score¹

15 hours average study time to cover the requirements of one college semester

More than a vendor, we're partners.

The Mango K-12 Implementation Process is a highly assisted consultative integration support and training partnership.

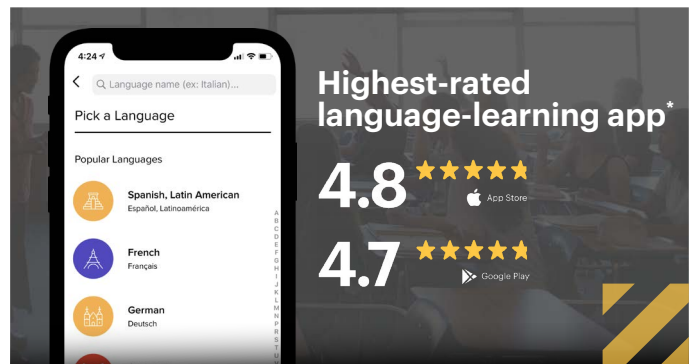

Ongoing support from your dedicated Account Manager and specialized roll-out team includes training plans and regular check-ins.

The Mango learning system compares favorably to universally recognized standards of proficiency and the 5 C's of the World-Readiness Standards for Learning Languages

Mango Classroom is built on Mango Languages' proven conversation-focused methodology, delivering content structured to identify skill levels and track achievements along the Mango Proficiency Scale.

- ✓ **Bluetooth integration and auto play feature** for hands-free learning
- ✓ **Offline learning mode** of pre-downloaded lessons
- ✓ **5 additional family profiles** for support and engagement 👤

* Based on App Store 4.8 star rating and Google Play 4.7 star rating. Compared to the leading language learning app brands. As of December 7, 2020.
