# Ultimate Kronos Group & Businessolver Partnership

## Creating Advanced Connections for Better Benefits Outcomes

Businessolver® has partnered with Ultimate Kronos Group (UKG) to provide employers with an integrated, comprehensive HR solution. The new partnership gives Businessolver and Ultimate the ability to integrate their solutions to make it easier for mutual customers to exchange data between the UltiPro HCM solution and Benefitsolver, to fully manage one's benefits program.

Working together helps us be better, faster, stronger and most importantly, keeps your data even more secure.

### Real-Time Integrations

Our advanced API connection provides clients with a real-time transfer of census and payroll information, ultimately...

Improving efficiencies in demographic changes

Reducing potential errors in data transfers

Increasing speed of delivery

### Enhanced Experiences

With configurable solutions, UltiPro and Benefitsolver making managing and delivering your benefits programs easier than ever, providing...

Simplified processes with real-time data exchange

Greater flexibility for users to access their information

Allowing members more control and speed in managing their benefits

**We don't want to just be another provider, we want to be an extension of your HR team. Businessolver will effortlessly and proudly manage your benefits while UKG takes care of the rest!**
