Service Options

Businessolver offers several options related to 6055/6056 reporting:

1095 DATA STORAGE FOR REPORTING

- Monthly storage of the fields identifying offer-of-health-coverage to employees and enrollment for all covered individuals
- Businessolver will provide a standard extract file for data management
- 1095 data storage is available regardless of whether you are utilizing any other ACA service
- Businessolver populates Forms 1095B and 1095C based on client data provided in the system

Additional Features

1095 EMPLOYER FULFILLMENT

- Businessolver will use the data stored to generate IRS Form 1095-C or 1095-B
- Final output from Businessolver may be provided either via data file to the employer or completed 1095-C and 1095-B form to employee

1094 IRS TRANSMITTAL

- Clients will review data to confirm offer and safe harbor codes for employees prior to transmittal to IRS
- Businessolver will submit 1094 data for all employees and dependents via the IRS-prescribed electronic filing format

Additional ACA Services

W-2 REPORTING

Businessolver provides a cumulative monthly report that aggregates employer and employee contributions.

SUMMARY OF BENEFITS AND COVERAGE

Employers are required to provide participants a Health & Human Services (HHS)-approved Summary of Benefits and Coverage (SBC) explanation Businessolver offers a few options for delivering SBC information to employees including posting the document within the system and incorporating it as an information tool during enrollment.

ANALYTICS & REPORTING

The Benefitsolver platform has a number of standard reports and graphical analytics tools that will provide you the necessary information you need to complete the ACA-required forms, including:

- PCORI section of the IRS Form 720 – Businessolver houses the data required to complete the PCORI section of IRS form 720 for self-insured health plans via an integrated analytics tool. The analytics display a point-in-time count of all enrolled members (employees and dependents) as of a specified point in time.

DEPENDENT SSN SOLICITATION

The IRS requires employers to make multiple attempts to obtain the Social Security Number of any individual that is being reported to the IRS. Businessolver can support this Dependent SSN Solicitation with a standardized process that takes the headache out of this compliance need.

IRS INQUIRY RESEARCH

The IRS, as part of the ACA employer mandate, often sends employers lists of employees whose full-time status and benefits eligibility status must be confirmed. Businessolver can aid employers in researching these participants, ensuring an accurate and timely response to IRS inquiries.

Exchange Notice

by  businessolver

Businessolver supports the distribution of the Notice of Exchange. The notice is automatically stored on an employee's record for electronic viewing, and Businessolver offers the ability to mail the notice directly to employees.
