# TRICOR'S LEADERSHIP PHILOSOPHY AMIDST UNCERTAIN TIMES

2020 is turning out to be a very unprecedented year in human history with COVID-19 evolving into a global pandemic. The pandemic has led to severe global economic disruptions, the cancellation of events and widespread fears of supply shortages. This is truly a human tragedy and we are very saddened by it.

The coronavirus crisis poses uncertainties. What is clear is that companies have an imperative to act immediately to protect their employees, address business challenges, mitigate risks and help to fight outbreak. Here at Tricor, we have set strategic priorities (the 5Ps) to navigate this challenging time: Protect, Preserve, Prosper, Perform and Purpose.

Our company has risen to this challenge and led by example—with flexibility, resilience, courage and a caring heart. Empowered by the strategic 5Ps, we believe Tricor is in a strong position to help our employees, clients and stakeholders understand and address the business implications of this unprecedented event.

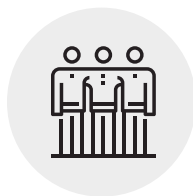

## PROTECT

### IMPLEMENT BCP TO PROTECT PEOPLE & OPERATIONS

Tricor responded to COVID-19 immediately by setting up a business continuity planning team, led by the Group CEO and the Group CFO & COO.

To protect the health and safety of our employees, we have implemented safety measures and flexible working arrangements for over 2,600 employees. Tricor Group has also procured 80,000 masks and other supplies such as thermometers for various countries.

## PRESERVE

### PRESERVE PROFIT & CASH FLOW WITH STRESS TESTING

With an inevitable global slowdown ahead, Tricor's goal is to preserve our financial performance by deploying initiatives to protect cash flow and EBITDA.

We have taken a proactive role to reach out to each of our offices and conduct stress testing. A multi-level defence strategy has been developed to protect YoY EBITDA. Meanwhile, we are closely monitoring cash collections, revenue generation and cost reductions.

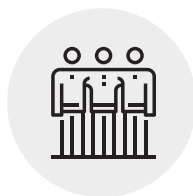

## PROSPER

### USE COMMERCIAL AGILITY TO TURN CRISIS INTO OPPORTUNITY

Crisis can be a catalyst for creativity and pivoting, with many successful businesses having been built or reshaped during recessions. Our teams have been working closely together to keep the ship moving during the outbreak.

Tricor launched a COVID-19 Business Sentiment and Resilience Barometer Report and presented over five webinar meetings in partnership with chambers, regulatory bodies and professional firms.

## PERFORM

### ACHIEVE FINANCIAL & COMMERCIAL TARGETS

In Q1, we hosted two virtual meeting for country CEOs, Sales and Finance leaders, with over 70 participants. These sessions aligned country leaders on strategies to achieve financial and commercial targets against the headwinds.

YTD February 2020 financial results are still robust under current circumstance, benefiting from momentum built in Q4 2019. However, with a looming risk of a global slowdown or even recession, we remain fully committed to protecting EBITDA.

## PURPOSE

### RALLY PEOPLE TOGETHER FOR A GREATER PURPOSE

Here at Tricor, we are committed to helping the global communities we serve face this issue and we are doing our part through active CSR and employee-led community initiatives.

Tricor, together with Permira, purchased 30,000 surgical masks. We then engaged volunteers from Hong Kong and government organizations distribute them to the local community. This is a time when we can be a true force for good.

“At Tricor we offer our talent **local, regional and global career opportunities**. We are committed to continuous learning, nurturing the personal and professional development of our people.”

**Hailiang Zhang**  
Chief Executive Officer  
Mainland China

# WE ARE HERE FOR OUR EMPLOYEES

Actions speak louder than words. We continually challenge ourselves to create a better place of work by supporting our colleagues' personal and professional development and keeping their success in mind. We are committed to building a winning team together to better serve our clients.

## BEST IN ME - EMPLOYEE PERFORMANCE PORTAL

"Best in Me" is our interactive performance management portal. It is aimed at building a high performance culture that is clear, transparent and engaging.

Tricor's "Best in Me" platform allows employees to capture their performance anytime and anywhere. It allows managers and staff members to set Specific, Measurable, Achievable, Realistic and Timely (SMART) goals by aligning their expectations.

Throughout the year, the portal supports a mid-year check in, ongoing feedback, a year-end review and even 360-degree feedback that incorporates input from managers, direct reports, and peers. This fosters a highly engaging environment for our team members to grow and celebrate success.

At Tricor, every member performs at their best to make Tricor the best. We genuinely care, and provide support at every stage of life and career. Inside and outside of work, we treasure our relationships with every Tricorian.

Director*
