

sparking life-changing moments of connection

trusted by 700+ communities across the country

“Eversound has been a homerun. We’ve seen it make a real difference for a number of our people.”

Loren Shook
CEO, Silverado Memory Care

immersive listening systems

Easy-to-use wireless listening system lets every resident enhance their ability to hear and focus while supporting physical distancing and safe visitations. You can also configure your system to improve residents’ quality of life in small group programming, conversations with care staff and prospective resident tours!

- Strengthen connections
- Overcome challenges with physical distancing

dynamic programming

Access dynamic programs and activity ideas that empower residents to connect, discover and learn. Pick from a variety of categories and formats including live streamed events.

- boost resident engagement
- spend less time planning

data-backed quality of life improvement*
