

# UDI equals compliance.

- NOT** anti-counterfeiting or anti-diversion.
- NOT** absolute product authentication.
- NOT** total brand protection.

But, your investment could easily equate to all this and more!

**The hard work is done.** Now, you're one simple step away from maximizing your product identification. It's time to leverage what's been done to proactively protect your consumers, your brand and your revenue.

Compliance  
**DONE!**

- Get team onboard (packaging, legal, marketing, IT)
- Evaluate vendors
- Redesign package
- Implement product UDI system
- Install line equipment (printers, cameras, etc.)
- Implement on packaging line
- Test, test, test... validate

Supply Chain Security

- Deploy UniSecure®
  - Detect diversion
  - Combat counterfeiting
  - Safeguard consumers
  - Protect brand integrity
  - Recapture lost revenue

**No Brainer**

**Your Barcode**

**e-Fingerprint®**

**Ultimate Security**

Instantly confirm that your products are **authentic, safe, connected** and delivered to their intended destination.

**Change everything... without changing anything!**
