

# You have big goals. We'll help you get there.

It starts with the right tools to track energy efficiency, carbon reduction, and cost-saving initiatives. JadeTrack energy management and sustainability software plus an outstanding customer success team will guide you—every step of the way.

## What you can do with JadeTrack

**Connect:** Automate the collection of your utility bill data and capture real-time meter data for a holistic view of your utility use.

**Analyze:** Review your building's performance and benchmark with ENERGY STAR®.

**Identify:** Use data to uncover opportunities for improvements and make informed decisions.

**Improve:** Implement improvements to boost energy efficiency and savings.

**Validate:** Verify results and increase stakeholder engagement with easy-to-share reports and dashboards.

## Solutions designed for:

### + Buildings

Get a clear view into your building performance thanks to timely and reliable energy and sustainability data.

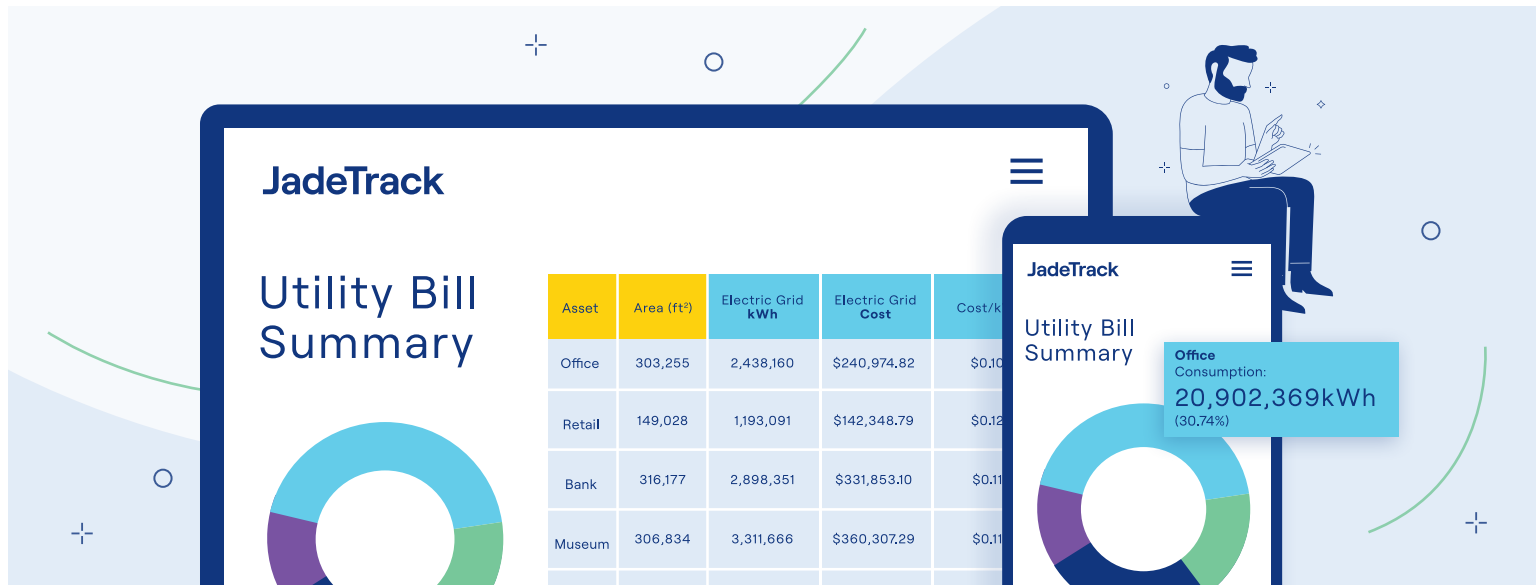

### + Sustainable Schools

Implement energy education and operational efficiency programs so that sustainability becomes an integrated strategy.

### + Smart Cities and Government

Accelerate smart city efforts to tackle climate change with data-driven tools to support energy efficiency and water management initiatives.

## Features that work for you

### + Utility Bill Management

Automate utility data from utility providers nationwide: every utility bill, every month, all in one platform. Including access for an unlimited number of users.

### + Automated Benchmarking

JadeTrack syncs with ENERGY STAR® to provide building owners an easy way to comply with local energy ordinances and see how facilities compare against peers.

### + Real-time Visibility

Quickly identify rogue energy or water usage before it impacts the monthly bill. With up to 1 minute interval data, cost reduction opportunities have never been more attainable.

### + Sustainability Reporting

Demonstrate (and celebrate) the financial and environmental impact from your efforts with error-free reports that measure energy, water, waste, emissions and more.

**“JadeTrack's platform is transforming our sustainability efforts with quality data analysis that is accurate and delivered in a timely manner.”** –Ohio Department Of Rehabilitation & Correction

JadeTrack partners with ambitious organizations and service providers, both big and small, who seek to build a better future—financially, socially, and environmentally.
