

I have received a copy of the Career Development Catalog which contains the rules, regulations, course completion requirements and costs for the specific course in which I am interested.

I am aware that I am not responsible for the tuition cost of my training program which is covered by the State or Federal agency that has contracted with New Horizons Career Development Solutions to pay for the cost of my program.

### eCourseware

New Horizons Career Development Solutions is committed to doing our part to conserve the environment and provide our students with the most technologically advanced "Best Practices" in IT training.

With this in mind, our students will have the benefit of utilizing electronic courseware.

With eCourseware, you'll be able to:

- Access course material on-the-go from your home or office
- Courseware is stored on a flash or thumb drive, so there is no need to tote around heavy books
- Ability to annotate or take notes directly in the eCourseware for future reference
- Download course content to hand-held and other personal electronic devices
- Interactive multimedia functions let you search through text to quickly find topics and answers

Revised 4-1-2020

New Horizons Career Development Solutions has grown to become a leader in computer software and hardware instruction. New Horizons Career Development Solutions offers computer education. Seven campuses and services the computer and networking needs for thousands of local and international corporate clients. Courses offered include PC software applications, networking, operating systems, graphics, internetworking, hardware and client/server programming along with Project Management, Six Sigma,

New Horizons Career Development Solutions provides a first rate, quality education, to students entering the Information Systems field for the first time, as well as supplementing the existing knowledge of experienced users. Our goal is to provide the student with a foundation of working knowledge that will allow them to be a success in the workplace.

## HISTORY

New Horizons Computer Learning Centers, Inc. was founded in 1982, and in 2007 KML Enterprises Career Development, LLC acquired the Greater Los Angeles and Orange County franchise of New Horizons Computer Learning Centers.

In August 2009, New Horizons Computer Learning Centers in Riverside and San Bernardino Counties joined the KML family. Just 4 months later San Diego and Imperial County centers came on board.

In 2015, the growth, success and excitement continued, first with a name change to New Horizons Career Development Solutions, LLC and then with the acquisition of the Tucson and Sierra Vista Arizona franchise.

Most recently, in August 2016, Sacramento, Reno, and Las Vegas franchises joined our team.

Our growth from a one-room classroom in 2007 to 10 centers in 3 states: Arizona, California and Nevada in 2016 is a direct result of our determination and commitment to "Empower People to Succeed through Learning".

## MISSION STATEMENT

Due to the ever-increasing need for well-trained and skilled computer professionals, New Horizons Career Development Solutions develops and effectively delivers well-structured courses where the focus is on increasing the students growth opportunities by making them more employable and increasing opportunities for career advancement. New Horizons Career Development Solutions maintains awareness of the Information Technology (IT) market demands, through its link to the corporate employers we serve. Students are equipped with cutting-edge, specialized and marketable skills. New Horizons Career Development Solutions Programs are approved by the Bureau for Private Post-Secondary Education (BPPE) and Veteran's Administration (VA). New Horizons Career Development Solutions individual classes are Registered with the BPPE. New Horizons Career Development Solutions is committed to maintaining its position as a worldwide industry leader in providing quality, cost-effective training.

New Horizons Career Development Solutions provides a cost-effective, compelling education solution for those wanting a career change or enhancement in the Project Mangement, or Information Technology (IT) industries. If you have a strong desire to make a career change, or if you are looking to upgrade your career prospects by pursuing a certification in IT, New Horizons Career Development Solutions can help.

## WHY NEW HORIZONS CAREER DEVELOPMENT SOLUTIONS?

If you are looking to upgrade your skills or begin a career in the Information Technology, New Horizons Career Development Solutions can give you the training which businesses are looking to hire. We have been training employees of thousands of these same businesses for the last 30 years, working with the premier training provider to that industry just makes sense. New Horizons Career Development Solutions offers a complete, simplified learning solution that focuses on knowledge transfer, retention and skills development.

- New Horizons Career Development Solutions' training programs are based on our corporate clients' hiring needs. With our clients' input, we tailor our training programs to the needs of the industry, giving our students a distinct advantage.
- You will be trained and prepared to pass the industry certifications required by employers, setting you apart from the competition.
- Our programs are short and intensive so you can get the critical skills and prepare for the certifications you need to enter the job market.
- New Horizons Career Development Solutions is the world's largest independent training company, offering more courses at more times and in more locations to individuals and businesses than any company in the industry.
- We are the complete solution:
  - We start with the instructor-led training delivered by vendor-approved instructors.
  - We give you our Virtual Labs to practice what you've learned.
  - We provide you with test preparation tools to assist you in preparing for your exams.
  - We assist you in entering the workforce. Our extensive corporate relationships allow us to design our programs around industry demand. These relationships also open the door for our graduates.

## STUDENT SERVICES

At New Horizons Career Development Solutions we understand no two people learn the same way. To help you meet your training goals, we provide a comprehensive learning experience to effectively maximize your potential. A Guidance Counselor will assist you assuring your studies are on track and you are preparing properly for your exams.

At completion of your training New Horizons Career Development Solutions offers placement assistance. Our Placement Specialist works with businesses we train to find job opportunities for our students. It is the student's responsibility to work in conjunction with our Job Placement Specialist to find employment. Our placement assistance services include a Job Portal which is only available to our students who have completed our program. The jobs listed on the Portal are with companies who train with New Horizons Career Development Solutions and have requested to advertise the job on the Portal. We also conduct job fairs for our completed students with companies who have job openings. Our job fairs are conducted on a supply and demand basis.

### Authorized Prometric Testing Center

These centers are available for our students' convenience. Additionally, Prometric tests may be taken at hundreds of other locations locally. New Horizons Career Development Solutions is a Thomson/Prometric Authorized Testing Center which enables students to take Certification tests for Microsoft<sup>®</sup>, Novell<sup>®</sup> CISCO<sup>®</sup>, CIW<sup>®</sup> and Comptia<sup>®</sup>. The purchase of test vouchers and registration for exams must be made through the Prometric<sup>®</sup> website or via telephone at (800) 733-3926.

### Class Repeat Privilege

Students may retake courses listed on the public schedule free of charge, on a standby basis. Students who are retaking classes must use original courseware or purchase new courseware if they desire.

## INTEGRATED LEARNING

New Horizons Career Development Solutions offers a professional learning experience and the flexibility to fit your busy schedule. New Horizons Career Development Solutions Integrated Learning is a comprehensive approach to learning that guides you through all stages of your learning lifecycle, and allows you to choose convenient delivery methods for your training:

### Live Instructor Led Training

- Classroom Learning: traditional instructor-led classroom learning.
- Instructor led labs with a hands on approach to assure students are mastering the technology they are learning
- Our Learn while doing approach increases retention
- Post-assessments track progress and return on investment.
- Certification Exam Preps included in all programs which train for Industry Recognized Certifications

### Hands-On Instructor-Led Training

Our classroom training gives you hands-on training from professional, certified Instructors, who are constantly re-tested and evaluated by every student to keep our quality of instruction at the highest level. Our student to computer ratio is one-to-one.

### CCTV Lab

The CCTV lab is great for those who want to focus just on what they need to know without wasting time. Our team will take an assessment of your skills before your class begins, then customize a learning plan that helps you fill in any weak areas. This approach allows you to work with your mentor to strengthen your weaknesses and pay attention to areas for improvement.

### To Obtain a Catalog

Individuals interested in obtaining a New Horizons Career Development Solutions Catalog can visit one of our campus, or may download our catalog by visiting our website at [www.nhlearninggroup.com](http://www.nhlearninggroup.com) and refer to our CA Career Development Catalogue at <https://www.careerdevelopmentsolutions.com/career-training-program-catalogs>

Individuals can also obtain a catalog by calling us at 714-221-3100 and request a catalog to be mailed to their home address.

### Enrollment Requirements

All Classes taught at New Horizons Career Development Solutions are taught in English. Students enrolling in programs and courses at New Horizons Career Development Solutions must be proficient in the English language and must possess a High School Diploma or equivalent. New Horizons Career Development Solutions Learning Group reserves the right to refuse enrollment of students.

### “Programs Eligible for Veteran Educational Benefits”

“Programs that have the U.S. American flag are approved for veteran educational benefits.”

These programs are delivered through our Hosted Distance Learning, CCTV modality. **All students (regardless of the funding source)** attending these programs must attend class in our center. Students who are not attending class in our center will be marked absent.

\*Chapter 30, 32, 33, 35 and 1606 Students MAY NOT use Mentored Learning Classroom for Educational Clock Hours.

## PROGRAM DESCRIPTIONS

iTrain: 50040217300100 SBY: 3024

## General Course Description

It can be difficult to get ahead in today's market. To stand out and be noticed, more than ever, you need a clear and focused way to tell the world about your expertise. The solution? Become Adobe Certified. Adobe certification is an industry standard of excellence, and it's the absolute best way to communicate your proficiency in leading products from Adobe.

An Adobe Certified Expert (ACE) is a person who has demonstrated proficiency with one or more Adobe software products. To become an ACE, you must pass one or more product-specific proficiency exams and agree to the ACE terms and conditions.

Adobe Certified Professionals (ACPs) set themselves apart from other IT professionals. They consistently demonstrate expertise with Adobe products and platforms, and add value to colleagues, managers, and their own career.

## Prerequisites

A High school diploma or equivalency is required.

## Acquired Skills

An Adobe Certified Expert is a person who has demonstrated proficiency with one or more Adobe Software products. ACE is recognized as a worldwide standard of excellence in Adobe software knowledge. To become an ACE, one must pass one or more product-specific proficiency exams and agree to the ACE terms and conditions.

## Data Analyst (Entry Level)

CalJOBS#

CRM ID:

15-1121.00- Computer Systems Analysts : 15-1199.08- Business Intelligence Analysts

### General Course Description

The need for IT departments and Business Units to monitor and analyze data is increasing daily. There is currently an unprecedented demand for the skills required to manage and leverage large data sets into a competitive advantage. Professionals completing our certificate program will understand how to automate methods of collecting and analyzing data and utilizing the findings to create a business recommendation.

### Prerequisites

A High school diploma or GED®

### Acquired Skills

Students will master Excel from learning to navigate the User Interface to using the software for Data Mining, Machine learning and predictive analytics utilizing toolsets including Analysis Services and Power Pivots and Pivot Tables. Microsoft Access will be used to manage data including creating a new database, constructing tables, designing forms and reports. Students will be able to expand their knowledge of database design, write advanced queries, structure existing data, share data across applications, and customize reports. Students will create a basic report by connecting to a database and modifying the report's presentation. Information is critical to making sound business decisions. Understand the role of the business analyst. Acquire a solid understanding of the various tasks/activities that comprises business analysis. Recognize the pre and post project business analysis activities. Develop requirements for software-intensive systems using proven methodologies. Build a use case-based requirements model Write user stories and brief, casual, fully developed use cases Validate requirements, manage the changes and keep traceability Learn how to initiate a root cause analysis and gather data for investigating process and non-process incidents. Apply powerful techniques to identify and know the difference between symptoms and root causes Learn how to avoid future incidents by developing appropriate recommendations to address causal factors and root causes. Develop a process to identify systemic problem areas. Students will also identify the processes, requirements, time, cost and manage projects.

## Data Analyst (Level Two) MCSA/ MTA – Microsoft SQL Business Intelligence Development

O\*Net 15-1199 15-2041 11-3021 43-9111

### General Course Description

SQL Server is a vital tool for businesses and large organizations around the world, as it allows them to gain better insight into their data and leverage the information to make more informed decisions. This information can mean the difference between success and failure as businesses continually work to understand industry trends, customer behavior, and more. Earning an MCSA: SQL 2016 Business Intelligence Development certification validates your extract, transform, and load (ETL) and data warehouse skills, along with those for implementing BI solutions using multidimensional and tabular data models and online analytical processing (OLAP) cubes. This certification will qualify you for a position as a BI developer.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

Skills acquired are not limited to, but include: Create Transact-SQL SELECT queries. Query data by using subqueries and APPLY. Create database programmability objects by using Transact-SQL. Implement error handling and transactions. Implement data types and NULLs

Design and implement dimension tables. Design and implement fact tables. Design and implement indexes for a data warehouse workload. Design storage for a data warehouse. Design and implement partitioned tables and views. Design and implement an extract, transform, and load (ETL) control flow by using a SQL Server Integration Services (SSIS) package. Design and implement an ETL data flow by using an SSIS package. Implement an ETL solution that supports incremental data extraction. Create a multidimensional database by using Microsoft SQL Server Analysis Services (SSAS). Design and publish a tabular data model. Configure memory limits, configure Non-Union Memory Architecture (NUMA), configure disk layout, determine SSAS instance placement .

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

Data Warehousing Specialist

Business Intelligence Analysts

Data Management Specialist

Statisticians

Computer and Information Systems  
Specialist

## CompTIA A+ Certification

CalJOBS# 11090111000008

CRM ID: P14SoCal

### General Course Description

CompTIA A+ is a program curriculum sponsored by CompTIA that increases the knowledge and technical competency of entry-level computer service technicians. A+ covers two main areas of competency: The Essentials class is followed by: IT Technician, Remote Support Technician, and Depot Technician. A+ is a non-vendor, non-product specific program. It provides industry-recognized valuable knowledge that may open doors with prospective employers or leads to job advancement opportunities. The program is supported by major computer hardware and software vendors, distributors, resellers and publications.

### Prerequisites

A High school diploma or equivalency is required or student must pass an Ability to Benefit Exam.

### Acquired Skills

CompTIA A+ program trains students to be able to identify different types of computers, hardware components, manipulate and control Windows desktop, files, and disks, and change system settings. In addition, students will gain an understanding of how software applications work and how to install and configure them. For every device and process students will have a conceptual and hands on troubleshooting experience.

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

Computer Repair Technician  
Hardware Technician

PC / Network Support  
Bench Technician

Systems Support  
PC Field Technician

### Program Information

Hours: 140	Approximately 8 weeks of instruction	Price	\$3,900.00
<b>Course</b>		<b>Hours</b>	
CompTIA A+ Training – Essentials – IT Tech/Remote Support/Depot Tech		140	
*Two CompTIA Exam Vouchers and Exam Preps			
<b>Price</b>		<b>\$3,257.00</b>	
CompTIA A+ Training – Essentials – IT Tech/Remote Support/Depot Tech		\$68.00	
<b>Total Textbook Cost (required and non-refundable)</b>		<b>\$68.00</b>	
<b>Exams (non-refundable)</b>		<b>\$500.00</b>	
<b>Registration Fee (non-refundable)</b>		<b>\$75.00</b>	
<b>Total Program Cost</b>		<b>\$3,900.00</b>	

\*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

## CompTIA Network+ Certification

CalJOBS# 11100112000002

CRM ID: P17SoCal

### General Course Description

CompTIA Network+ validates the knowledge and skills of networking professionals. It is an international, vendor-neutral certification that recognizes a technician's ability to describe the features and functions of networking components and to install, configure and troubleshoot basic networking hardware, protocols and services.

### .Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

Understanding networking and networking cabling, hubs, switches, routers, bridges, servers, workstations, IP subnetting, WAN/LAN typology, and firewalls.

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

# CompTIA Certified Security Administrator

## General Course Description

**CompTIA Network+** validates the knowledge and skills of networking professionals. It is an international, vendor-neutral certification that recognizes a technician's ability to describe the features and functions of networking components and to install, configure and troubleshoot basic networking hardware, protocols and services. **CompTIA Security+** validates the knowledge and skills of a professional in the field of security, one of the fastest-growing fields in IT. Security + proves competency in system security, network infrastructure, access control and organizational security. **CompTIA Cybersecurity Analyst (CSA+)** is an international, vendor-neutral cybersecurity certification that applies behavioral analytics to improve the overall state of IT security. CSA+ validates critical knowledge and skills that are required to prevent, detect and combat cybersecurity threats.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

Students will be able to identify different types of computers, hardware components, manipulate and control Windows desktop, files, and disks, and change system settings. In addition, students will gain an understanding of how software applications work and how to install and configure them. For every device and process students will have a conceptual and hands on troubleshooting experience. Understanding networking and networking cabling, hubs, switches, routers, bridges, servers, workstations, IP subnetting, WAN/LAN typology, and firewalls. Students will be able to identify fundamental concepts of computer security. - identify security threats. - harden internal systems and services. - harden internetwork devices and services. - secure network communications. - manage public key infrastructure (PKI). - manage certificates. - enforce organizational security policies. - monitor the security infrastructure. CSA+ validates critical knowledge and skills that are required to prevent, detect and combat cybersecurity threats.

## A+, Network+, MCSA Windows

CalJOBS# 11100112000018

CRM ID: C10Socal

iTrain: 15030117190200

SBY: 3021

### General Course Description

The Microsoft Certified Solutions Associate credential proves that you have the skills to successfully support end-users and to successfully troubleshoot desktop environments that are running the Microsoft Windows operating system.

### Audience

The MCSA credential is for IT professionals who are working in the typically complex computing environment of small, medium, or large organizations.

### Prerequisites

A High School Diploma or equivalency is required

### Acquired Skills

You will be supporting users, troubleshooting desktop applications and Windows 8 operating systems. You will acquire basic computer hardware and software skills and knowledge. Basic networking skills and knowledge will be achieved.

**Job Titles** (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Help Desk

PC Technician

PC/Desktop Support Analyst

## CompTIA Security + Certification

CalJOBS # 43011611000002

CRM ID: P18Socal

### General Course Description

This course will prepare students to pass the current **CompTIA Security+** certification exam. After taking this course, students will understand the field of network security and how it relates to other areas of information technology. This course also provides the broad-based knowledge necessary to prepare for further study in specialized security fields, or it can serve as a capstone course that gives a general introduction to the field.

### Objective

Upon successful completion of this course, students will be able to: - identify fundamental concepts of computer security. - identify security threats. - harden internal systems and services. - harden internetwork devices and services. - secure network communications. - establish security best practices for creating and running web-based applications. - manage public key infrastructure (PKI). - manage certificates. - enforce organizational security policies. - monitor the security infrastructure. - manage security incidents.

### Prerequisites

#### At Course Completion

Upon successful completion of this course, students will be able to: - identify fundamental concepts of computer security. - identify security threats. - harden internal systems and services. - harden internetwork devices and services. - secure network communications. - manage public key infrastructure (PKI). - manage certificates. - enforce organizational security policies. - monitor the security infrastructure.

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

\*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

## EC Council - CEH Certified Ethical Hacker

CalJOBS# 43011611000003

CRM ID: P20SoCal

### General Course Description

This class will immerse the student into an interactive environment where they will be shown how to scan, test, hack and secure their own systems. Students then learn how intruders escalate privileges and what steps can be taken to secure a system.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

Students will learn about Intrusion Detection, Policy Creation, Social Engineering, DDoS Attacks, Buffer Overflows and Virus Creation. When a student leaves this intensive 5 day class they will have hands on understanding and experience in Ethical Hacking.

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

IT Security Specialist

Systems Security Analyst

Network Administrator

# Information Technology Network Support Specialist Certificate Program

CalJOBS# 15-1151.00 -Computer User Support Specialists  
 CRM ID:

## General Course Description

Student will receive Basic Computer training to Networking to Cloud Administration. This program offers a rounded education in the IT World. This is a beginning course that will introduce the student to basic hardware and software with CompTIA A+ then introduce them to basic networking with CompTIA Network+. Students will round out their training with IT Security training. Training will be completed with an introduction to computing within the Cloud.

## Prerequisites

A High school diploma or equivalency is required.

## Acquired Skills

Students will learn how networks function, network components and their functions, TCP/IP networking, addressing and routing, remote access services, LAN/WAN, VPN, and Cisco IOS (software language). A junior Hardware installation, configuring and troubleshooting, Software installation, configuring and troubleshooting, Networking basics, IP addressing and services, Monitoring network services, Names resolution, IP addressing and services, File and print services, Network and remote access. Basic IT Security fundamentals will be mastered along with the foundations of Cloud computing.

## Information Technology Network Support Specialist Certificate Program (Track TWO) Microsoft MCSA/MTA

O\*Net 15-1142 15-1151 15-1143 11-3021 15-1152

### General Course Description

The Microsoft Certified Solutions Associate (MCSA): Windows Server certification shows that you have the minimum set of skills needed to hit the ground running, and differentiates you as better able to work with Windows Server in a real-world business context. This certification validates a set of primary Windows Server skills that are relevant across multiple solution areas.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

A typical MCSA will support from 200 to 26,000 or more users at two to 100 physical locations. Typical network services and resources include messaging, file and print, proxy server or firewall, Internet and intranet, remote access, and client computer management. Connectivity needs include connecting branch offices and individual users in remote locations to the corporate network and connecting corporate networks to the Internet.

**Job Titles** (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Network Administrator

Network Technician

PC/Network Support

Desktop Support

\*It is the student responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extension must be approved by the Director of Education.

## Information Technology Network Support Specialist Certificate Program (Track Three) Cisco Certified

Cisco Certified Networking Administrator Program (CCNA) with Specialization  
 O\*net 15-1121 15-1142 15-1151 15-1151 11-3021 11-3021 11-1152 15-1141

### General Course Description

**Cisco Certified Network Associate Security (CCNA® Security)** validates associate-level knowledge and skills required to secure Cisco networks. With a CCNA Security certification, a network professional demonstrates the skills required to develop a security infrastructure, recognize threats and vulnerabilities to networks, and mitigate security threats. The CCNA Security curriculum emphasizes core security technologies, the installation, troubleshooting and monitoring of network devices to maintain integrity, confidentiality and availability of data and devices, and competency in the technologies that Cisco uses in its security structure

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

Students will learn how networks function, network components and their functions, TCP/IP networking, addressing and routing, remote access services, LAN/WAN, VPN, Cisco IOS (software language).

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

Network Administrator

Support Engineer

LAN/WAN Administrator

Network Technician

<b>Exam</b>	<b>Included</b>
<b>Total Program Cost</b>	<b>\$8,400.00</b>

\*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

## INFORMATION TECHNOLOGY NETWORK SUPPORT SPECIALIST PROGRAM: SECURITY ADMINISTRATOR

(Track Four)

- 15-1111.00 Computer and Information Research Scientists
- 15-1151.00 Computer User Support Specialists
- 15-1122.00 Information Security Analysts
- 15-1142.00 Network and Computer Systems Administrators

### General Course Description

Cybersecurity professionals require a well-rounded understanding of the tools, processes, and strategies that can be employed to defend their information systems from constantly evolving threats. CyberSec First Responder® (CFR) is a comprehensive course designed to validate the knowledge and skills required to protect these critical information systems before, during, and after an incident. CompTIA CySA+ is the only intermediate high-stakes cybersecurity analyst certification with performance-based questions covering security analytics, intrusion detection and response. CySA+ is the most up-to-date security analyst course that covers advanced persistent threats in a post-2014 cybersecurity environment. The CompTIA PenTest+ certification verifies that successful candidates have the knowledge and skills required to plan and scope an assessment, understand legal and compliance requirements, perform vulnerability scanning and penetration testing, analyze data, and effectively report and communicate results. In the IOT course students will learn the general strategies for planning, designing, developing, implementing an IoT device to work in a sensor network. Business soft skills are also taught to ensure a well-rounded individual who will be effective communicating in the workplace.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

Students will be able to identify fundamental concepts of computer security. - identify security threats. - harden internal systems and services. - harden internetwork devices and services. - secure network communications. - manage public key infrastructure (PKI). - manage certificates. - enforce organizational security policies. - monitor the security infrastructure. Assess information security risk in computing and networking environment. Analyze the cybersecurity threat landscape. Analyze post attack techniques on computing and network environments. Collect cyber security intelligence. Analyze data collection from security and event logs. Respond to and investigate cybersecurity incident. Threat Management. Security Architecture and tool sets. Vulnerability management. Cyber incident response to test devices in new environments such as the cloud and mobile, in addition to traditional desktops and servers. Students will learn general strategies for planning, designing, developing, implementing, and maintaining an IoT system through various case studies and by assembling and configuring an IoT device to work in a sensor network. Students will create an IoT device based on an ESP8266 microcontroller, implementing various common IoT features, such as analog and digital sensors, a web-based interface, MQTT messaging, and data encryption.

## Information Technology Network Support Specialist Program: Security Expert (Track Five)

- 15-1111.00 Computer and Information Research Scientists
- 15-1151.00 Computer User Support Specialists
- 15-1122.00 Information Security Analysts
- 15-1142.00 Network and Computer Systems Administrators

### General Course Description

This program addresses information technology security at the top level. The CompTIA Advanced Security Practitioner (CASP+) course designates IT professionals with advanced-level security skills and knowledge. The CHFI Course will fortify the application knowledge of law enforcement personnel, system administrators, security officers, defense and military personnel, legal professionals, bankers, security professionals and anyone who is concerned about the integrity of the network infrastructure. The Certified Ethical Hacker (CEH) course will immerse the students into a hands on environment where they will be shown how to conduct ethical hacking. They will be exposed to an entirely different way of achieving optimal information security posture in their organizations; by hacking it. They will scan, test, hack and secure their own systems. Students will also learn business soft skills which will teach team to work under the pressure along with getting the results they want through effective communication.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

Students will learn to analyze and apply advanced security concepts, principles, and implementations that contribute to enterprise-level security. You will: - Support IT governance in the enterprise with an emphasis on managing risk. - Leverage collaboration tools and technology to support enterprise security. - Use research and analysis to secure the enterprise. - Integrate advanced authentication and authorization techniques. - Implement cryptographic techniques, security controls for hosts and mobile devices, network security, and security in the systems and software development lifecycle. - Integrate hosts, storage, networks, applications, virtual environments, and cloud technologies in a secure enterprise architecture. - Conduct security assessments; responding to and recovering from security incidents. Computer forensics enables the systematic and careful identification of evidence in computer related crime and abuse cases. This may range from tracing the tracks of a hacker through a client's systems, to tracing the originator of defamatory emails, to recovering signs of fraud. Overview of Current Security Trends Understanding Elements of Information Security Understanding Information Security Threats and Attack Vectors Overview of hacking concepts, types, and phases Understanding ethical hacking concepts and scope Overview of information security management and defense-in-depth Overview of policies, procedures, and awareness Overview of physical security and controls Understanding incidence management process Overview of vulnerability assessment and penetration testing Overview of information security acts and laws. - Develop a leadership style that gets results - Employ suitable motivation techniques for your team - Adapt your communication style and use influence skills to drive direction - Empower your team to get the results you want

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

# Information Technology Network Support Specialist Program: Network Cloud Administrator

(Track Six)

- 15-1111.00 Computer and Information Research Scientists
- 15-1151.00 Computer User Support Specialists
- 15-1122.00 Information Security Analysts
- 15-1142.00 Network and Computer Systems Administrators

## General Course Description

The Cloud Administer program is a balanced program designed to give students the knowledge to streamline cloud implementation and administration. CompTIA Cloud Essentials is an internationally recognized vendor-neutral class which creates a common language to the fundamental approach to cloud computing. CompTIA Linux+ addresses managing a vast array of areas using Linux, including cars, smartphones, servers and supercomputers as a vast number of enterprises use Linux in cloud, cybersecurity, mobile and web administration applications. The Fundamentals of AWS brings students an understanding of Cloud Technologies. Students will be introduced to Microsoft Azure allowing them to become familiar with how cloud principals have been implemented in Microsoft Azure. The course will explain how to implement the core Azure infrastructure, consisting of virtual networks and storage, cloud services, virtual networks, storage and data services along with recovery solutions and monitoring. Students will also be trained in professional business skills including customer service and positive assertiveness.

## Prerequisites

**A High school diploma or equivalency is required.**

## Acquired Skills

Students will gain the knowledge needed to help streamline cloud implementation, create a common language for staff and improve productivity across varying levels of business professionals. Cloud Essentials ensures that you and all other necessary staff members—not just the IT specialists—understand the fundamental approach to cloud computing and the work it takes to move and govern the cloud. Students will also learn to use Linux to manage everything from cars and smartphones to servers and supercomputers, as a vast number of enterprises use Linux in cloud, cybersecurity, mobile and web administration applications. Students will learn how to create the most common Azure services, including Azure Virtual Machines, Web Apps, and Azure SQL Database. The course will conclude by describing features of Azure AD and methods of integrating it with on-premises Active Directory. Overview of cloud computing and Azure Overview of the Azure deployment models Lab : Use Azure portal, Azure PowerShell, and Microsoft Visual Studio to deploy and manage Azure resources. Students will also Develop the necessary skills to communicate with confidence - Apply communication styles that maximize benefits - Augment your listening and hearing skills to increase engagement - Utilize that art of asking questions to elicit more from others - Leverage body language for full communication - Make the best first impressions by looking, sounding and being confident.

## Network+, Security+, CASP Certification

CalJOBS# 11100111000026

CRM ID: C5Socal

### General Course Description

**CompTIA Network+** validates the knowledge and skills of networking professionals. It is an international, vendor-neutral certification that recognizes a technician's ability to describe the features and functions of networking components and to install, configure and troubleshoot basic networking hardware, protocols and services. **CompTIA Security+** validates the knowledge and skills of a professional in the field of security, one of the fastest-growing fields in IT. Security + proves competency in system security, network infrastructure, access control and organizational security. **The CompTIA Advanced Security Practitioner (CASP) certification** designates IT professionals with advanced-level security skills and knowledge.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

Students will be able to identify different types of computers, hardware components, manipulate and control Windows desktop, files, and disks, and change system settings. In addition, students will gain an understanding of how software applications work and how to install and configure them. For every device and process students will have a conceptual and hands on troubleshooting experience. Understanding networking and networking cabling, hubs, switches, routers, bridges, servers, workstations, IP subnetting, WAN/LAN typology, and firewalls. Students will be able to identify fundamental concepts of computer security. - identify security threats. - harden internal systems and services. - harden internetwork devices and services. - secure network communications. - manage public key infrastructure (PKI). - manage certificates. - enforce organizational security policies. - monitor the security infrastructure. The CASP certification is an international, vendor-neutral exam that proves competency in enterprise security; risk management; research and analysis; and integration of computing, communications, and business disciplines.

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

PC / Network Support

Systems Support

## CompTIA Training & Certification A+, Network +, Security + (8570), Cloud Essentials

CalJOBS# 47010411000018

CRM ID: C15Socal

New Horizons Career Development Solutions is proud to offer CompTIA courses and training to help you prepare for CompTIA certifications or advance your skills. CompTIA is an internationally-recognized association representing the technology community. CompTIA has developed specialized certification programs which assure employers of a candidate's basic technology skills.

**CompTIA A+** is a program curriculum sponsored by CompTIA that increases the knowledge and technical competency of entry-level computer service technicians. A+ covers two main areas of competency: The Essentials class is followed by: IT Technician, Remote Support Technician, and Depot Technician. A+ is a non-vendor, non-product specific program. It provides industry-recognized valuable knowledge that may open doors with prospective employers or leads to job advancement opportunities. **CompTIA Network+** validates the knowledge and skills of networking professionals. It is an international, vendor-neutral certification that recognizes a technician's ability to describe the features and functions of networking components and to install, configure and troubleshoot basic networking hardware, protocols and services. **CompTIA Security+** validates the knowledge and skills of a professional in the field of security, one of the fastest-growing fields in IT. Security + proves competency in system security, network infrastructure, access control and organizational security. **CompTIA Cloud Essentials** Not since the emergence of the World Wide Web has a single technology prompted such a significant shift in how businesses operate. At the simplest level, Cloud computing changes the way customers interact with their data and applications. Instead of being stored on local hard drives or network servers, data and applications can be stored on a remote host that can be accessed at any time— from any location— using the Internet and a simple web browser

### Prerequisites

A High school diploma or equivalency is required .

### Acquired Skills

Students will be able to identify different types of computers, hardware components, manipulate and control Windows desktop, files, and disks, and change system settings. In addition, students will gain an understanding of how software applications work and how to install and configure them. For every device and process students will have a conceptual and hands on troubleshooting experience. Understanding networking and networking cabling, hubs, switches, routers, bridges, servers, workstations, IP subnetting, WAN/LAN typology, and firewalls. Students will be able to identify fundamental concepts of computer security. - identify security threats. - harden internal systems and services. - harden internetwork devices and services. - secure network communications. - manage public key infrastructure (PKI). - manage certificates. - enforce organizational security policies. - monitor the security infrastructure. Overview of Cloud Computers – Technical Challenges, Adoption, Business Value, etc.

**Job Titles** (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Computer Repair Technician

PC / Network Support

Systems Support

PC Field Technician

### Course Information

Hours: 371	Approximately 21 weeks of instruction	Price	\$9,400.00
Course			Hours

# Certified Information Systems Security Professional (CISSP)

CalJOBS# 11100311000006

CRM ID: C41Socal

## General Course Description

This is a very in-depth, comprehensive class designed for security professionals. You will get to understand the "Common Body of Knowledge" which contains a common framework of security terms and principals used by security professionals worldwide. You will learn about the core information security triad and assurance tenets: confidentiality, integrity and availability Access control systems and methodology

## Prerequisites

A High school diploma or equivalency is required

## Acquired Skills

The training you receive will move you towards mastering the ten security domains as described by the (ISC)2. Main focus: Access Control Systems and Methodology, Application and systems development security, Cryptography, Law and Ethics, Operations Security, Physical Security, Security Management Practices and Telecommunications and Networking Security.

**Job Titles** (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

PC / Network Administrator

Security Analyst

Certified Hacker

## Program Information

Hours: 160	Approximately 8 weeks of instruction	Price	\$3,595.00
Course		Hours	
Certified Information Systems Security Professional (CISSP)		160	
Price		\$3,460.00	
Certified Information Systems Security Professional (CISSP)		\$60.00	
Total Textbook Cost (required and non-refundable)		\$60.00	
No Exam Included		\$0.00	
Registration Fee (non-refundable)		\$75.00	
Total Program Cost		\$3,595.00	

\*It is the student responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extension must be approved by the Director of Education.

## Certified Information Systems Security Professional (CISSP) and ITIL

CalJOBS# 11100311000008

CRM ID: C42SoCal

### General Course Description

This is a very in-depth, comprehensive class designed for security professionals. You will get to understand the "Common Body of Knowledge" which contains a common framework of security terms and principals used by security professionals worldwide. You will learn about the core information security triad and assurance tenets: confidentiality, integrity and availability access control systems and methodology

In the ITIL Foundations course the student will learn how to effectively organize and work within a team environment.

### Prerequisites

A High School Diploma or equivalency is required and Security+

### Acquired Skills

The training you receive will move you towards mastering the ten security domains as described by the (ISC)2. Main focus: Access Control Systems and Methodology, Application and systems development security, Cryptography, Law and Ethics, Operations Security, Physical Security, Security Management Practices and Telecommunications and Networking Security.

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

PC / Network Administrator

Security Analyst

Certified Hacker

### Course Information

Hours:	195	Approximately 8 weeks of instruction	Price:	<b>\$5,000.00</b>
Course				Hours
ITIL				35
Certified Information Systems Security Professional (CISSP)				160
Price				<b>\$4,715.00</b>
ITIL				\$150.00
Certified Information Systems Security Professional (CISSP)				\$60.00
Total Textbook Cost (required and non-refundable)				\$210.00
No Exam Included				\$0.00
Registration Fee (non-refundable)				\$75.00
Total Program Cost				<b>\$5,000.00</b>

\*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

## Computer Hacking Forensics Investigator (CHFI)

CalJOBS# 11100311000002

CRM ID: C6SoCal

### General Course Description

This course will provide participants the necessary skills to identify an intruder's footprint and to properly gather the necessary evidence to prosecute in the court of law.

Computer forensics enables the systematic and careful identification of evidence in computer related crime and abuse cases.

This may range from tracing the tracks of a hacker through a client's systems, to tracing the originator of defamatory emails, to recovering signs of fraud.

### Prerequisites

A High school diploma or equivalency is required

### Acquired Skills

Computer forensics enables the systematic and careful identification of evidence in computer related crime and abuse cases. This may range from tracing the tracks of a hacker through a client's systems, to tracing the originator of defamatory emails, to recovering signs of fraud.

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

PC / Network Administrator

Security Analyst

Certified Hacker

### Program Information

Hours: 160	Approximately 9 weeks of instruction	Price	\$3,995.00
Course		Hours	
Computer Hacking Forensics Investigator (CHFI)		160	
*One Exam Voucher and Exam Prep			
Price		\$3,120.00	
Computer Hacking Forensics Investigator (CHFI)			
Total Textbook Cost (required and non-refundable)		\$300.00	
Exam (non-refundable)		\$500.00	
Registration Fee (non-refundable)		\$75.00	
Total Program Cost		\$3,995.00	

\*It is the student responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extension must be approved by the Director of Education.

## General Course Description

This high level security program is a combination of CompTIA Security +, Certified Ethical Hacker (CEH) or Computer Hacking Forensics Investigator (CHFI) and Certified Information Systems Security Professional (CISSP). These courses **Security Professional Program** provide a very in-depth, comprehensive approach designed for security professionals. This program will take you from basic computer infrastructure security to learning how to prevent security threats from hackers in addition to learning the “Common Body of Knowledge” which contains a common framework of security terms and principals used by security professionals worldwide.

## Prerequisites

The program is designed for experienced technology professionals who have knowledge of networks and server environments. Students should have some experience with Information Security concepts and practices. To earn the CISSP® certification, 4 years of full-time experience in information security or 3 years plus a B.S. degree is required.

## Acquired Skills

Upon successful completion of this program, students will be able to: - identify fundamental concepts of computer security. - Harden internal systems and services - enforce organizational security policies. - monitor the security infrastructure- Scan, test, hack and secure their own systems- Master the ten security domains as described by the (ISC)2.

**Job Titles** (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

PC / Network Administrator

Security Analyst

Certified Hacker

## Course Information

Hours:	425	Approximately 22 weeks of instruction	Price:	\$8,700.00
Course			Hours	
CompTIA Security +			105	
Certified Ethical Hacker (CEH) <u>OR</u> Computer Hacking Forensics Investigator (CHFI)			160	
Certified Information Systems Security Professional (CISSP)			160	
*Two Exam Vouchers (CISSP Voucher not Included) and Exam Preps (CISSP not Included)				

Price	\$7,072.00

## Security Professional Program with Computer Hacking Forensics Investigator (CHF)

CalJOBS# 43011611000000

CRM ID: P61Socal

### General Course Description

This high level security program is a combination of CompTIA Security +, Certified Ethical Hacker (CEH), Computer Hacking Forensics Investigator (CHF) and Certified Information Systems Security Professional (CISSP). These courses provide a very in-depth, comprehensive approach designed for security professionals. This program will take you from basic computer infrastructure security to learning how to prevent security threats from hackers in addition to learning the "Common Body of Knowledge" which contains a common framework of security terms and principals used by security professionals worldwide.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

Upon successful completion of this program, students will build on their knowledge of and professional experience with security fundamentals, networks, and organizational security as you acquire the specific skills required to implement basic security services on any type of computer network. Students will be able to: - identify fundamental concepts of computer security. - Harden internal systems and services - enforce organizational security policies. - monitor the security infrastructure- Scan, test, hack and secure their own systems- Master the ten security domains as described by the (ISC)2.

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

PC / Network Administrator

Security Analyst

Certified Hacker

### Program Information

Hours: 585	Approximately 30 weeks of instruction	Price	<b>\$10,300.00</b>

<b>Exams (non-refundable)</b>	<b>\$1,625.00</b>
<b>Registration Fee (non-refundable)</b>	<b>\$75.00</b>
<b>Total Program Cost</b>	<b>\$10,300.00</b>

\*It is the student responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extension must be approved by the Director of Education.

## Cisco® Certified Network Administrator (CCNA)

CalJOBS# 11100112000001

CRM ID: P10SoCal

iTrain Program Number: 11050117300100 SBY: 3030

Certification Cisco CCNA

### General Course Description

The Cisco CCNA network associate certification validates the ability to install, configure, operate, and troubleshoot medium-size routed and switched networks, including implementation and verification of connections to remote sites in a WAN. This new curriculum includes basic mitigation of security threats, introduction to wireless networking concepts and terminology, and performance-based skills.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

Students will learn how to install, operate, configure, and verify a basic IPv4 and IPv6 network. The course covers configuring network components such as switches, routers, and Wireless LAN Controllers; managing network devices; and identifying basic security threats. The course also gives you a foundation in network programmability, automation, and software-defined networking.

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

Network Administrator

Support Engineer

Network Technician

LAN/WAN Administrator

### Course Information

Hours: 210	Approximately 12 weeks of instruction	Price	<b>\$5,695.00</b>

## Cisco Certified Networking Administrator Program (CCNA) with CompTIA - Network+

CalJOBS# 11100112000002

CRM ID: P11Socal

iTrain Program Number: 47010417300100

SBY: 3055

Certification Cisco CCNA, CompTIA Network+

**General Course Description** CompTIA Network+ validates the knowledge and skills of networking professionals. It is an international, vendor-neutral certification that recognizes a technician's ability to describe the features and functions of networking components and to install, configure and troubleshoot basic networking hardware, protocols and services.

The Cisco CCNA network associate certification validates the ability to install, configure, operate, and troubleshoot medium-size routed and switched networks, including implementation and verification of connections to remote sites in a WAN. This new curriculum includes basic mitigation of security threats, introduction to wireless networking concepts and terminology, and performance-based skills.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

Students will learn how to install, operate, configure, and verify a basic IPv4 and IPv6 network. The course covers configuring network components such as switches, routers, and Wireless LAN Controllers; managing network devices; and identifying basic security threats. The course also gives you a foundation in network programmability, automation, and software-defined networking. Students will learn how networks function, network components and their functions, TCP/IP networking, addressing and routing, remote access services, LAN/WAN, VPN, Cisco IOS (software language).

**Job Titles** (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Network Administrator

Support Engineer

Network Technician

LAN/WAN Administrator

### Course Information

# Cisco® Certified Networking Administrator Program (CCNA) with Specialization

Certification Cisco CCNA, CCS

CalJOBS# 11010111000005

CRM ID: P12Socal

## General Course Description

The **Implementing Cisco Enterprise Advanced Routing and Services (ENARSI)** gives you the knowledge you need to install, configure, operate, and troubleshoot an enterprise network.

**Implementing Cisco Enterprise Wireless Networks (ENWLSI)** this course gives you the knowledge and skills needed to secure wireless network infrastructure and troubleshoot any related issues. You'll learn how to implement and secure a wireless network infrastructure and use Cisco Identity Service Engine (ISE), Cisco Prime Infrastructure (PI), and Cisco Connect Mobile Experience to monitor and troubleshoot network issues.

**Understanding Cisco Wireless Fundamentals v1.0 (WLFNDU)** this course gives you the knowledge and skills you need to position, plan, implement, operate, and manage a Cisco WLAN network. This course teaches you how to design, install, configure, monitor, and conduct basic troubleshooting tasks on a Cisco WLAN network of any size.

**Implementing and Administering Cisco Solutions (CCNA) 200-301** this course gives you a broad range of fundamental knowledge for all IT careers. You will learn how to install, operate, configure, and verify a basic IPv4 and IPv6 network. The course covers configuring network components such as switches, routers, and Wireless LAN Controllers; managing network devices; and identifying basic security threats. The course also gives you a foundation in network programmability, automation, and software-defined networking.

## Prerequisites

A High school diploma or equivalency is required.

## Acquired Skills

Students will learn how to install, operate, configure, and verify a basic IPv4 and IPv6 network. The course covers configuring network components such as switches, routers, and Wireless LAN Controllers; managing network devices; and identifying basic security threats. The course also gives you a foundation in network programmability, automation, and software-defined networking. Students will learn how networks function, network components and their functions, TCP/IP networking, addressing and routing, remote access services, LAN/WAN, VPN, Cisco IOS (software language).

## Cisco® Professional Program (CCNP)

CalJOBS# 11100111000007

CRM ID: P13SoCal

Certification Cisco CCNP Routing Services, CCNP Enterprise Networks

### General Course Description

The CCNP Program (Cisco Certified Network Professional) indicates advanced or journeyman knowledge of networks. A CCNP validates the network professional can install, configure, and troubleshoot local and wide area networks for enterprise organizations with networks from 100 to more than 500 nodes.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

The CCNP certifies an individual's networking skills at the advanced level. A CCNP certification shows that you can install, configure, and operate LAN, WAN, and dial access services for larger (100- to 500-node) multiprotocol networks. Course gives you the knowledge and skills needed to configure, troubleshoot, and manage enterprise wired and wireless networks. You'll also learn to implement security principles within an enterprise network and how to overlay network design by using solutions such as SD-Access and SD-WAN.

**Job Titles** (Job Titles related to IT Training stretch Horizontally, so job titles can vastly vary, the list below is a sampling but not limited to)

Network Administrator

Level 2 Support Engineer

Network Technician

Support Engineer

Deployment Engineer

LAN/WAN Administrator

### Course Information

Hours: 525	Approximately 31 weeks of instruction	Price	<b>\$11,300.00</b>
Course		Hours	
Implementing and Operating Cisco Enterprise Network Core Technologies (ENCOR)		175	
Implementing Cisco Enterprise Advanced Routing and Services (ENARSI)		175	
Designing Cisco Enterprise Networks (ENSLD)		175	
*Three Cisco Exam Vouchers and Exam Preps			
<b>Price</b>		<b>\$8,525.00</b>

## Cisco® Certified Network Professional Security Professional Program (CCNP Security)

CalJOBS# 11999911000004

CRM ID: C26SoCal

Certification Cisco CCNP

### General Course Description

Cisco Certified Network Professional Security (CCNP® Security) validates advanced knowledge and skills required to secure Cisco networks. With a CCNP Security certification, a network professional demonstrates the skills required to secure and manage network infrastructures to protect productivity, mitigate threats, and reduce costs.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

The CCNP Security curriculum emphasizes Cisco Router IOS (ISR) and Catalyst Switch security features, Adaptive Security Appliance (ASA), secure VPN connectivity, Intrusion Prevention Systems (IPS), Cisco Security Agent (CSA), Security Enterprise and Device Management, Network Admission Control (NAC) as well as techniques to optimize these technologies in a single, integrated network security solution. In addition, CCSP leverages the new CCNA Security certification as a prerequisite.

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

Network Administrator

Support Engineer

Network Technician

LAN/WAN Administrator

### Course Information

Hours: 875	Approximately 44 weeks of instruction	Price	<b>\$19,000.00</b>
Course		Hours	
Implementing and Operating Cisco Security Core Technologies (SCOR)		175	
Implementing and Configuring Cisco® Identity Services Engine v3.0 (SISE)		175	
Securing Email with Cisco® Email Security Appliance v3.0 (SESA)		175	
Securing Networks with Cisco Firepower® Next Generation Firewall v1.0 (SSNGFW)		175	
Securing the Web with Cisco® Web Security Appliance v3.0 (SWSA)		175

<b>Total Textbook Cost (required and non-refundable)</b>		<b>\$1,405.00</b>	
<b>Exams (non-refundable)</b>		<b>\$1,850.00</b>	
<b>Registration Fee (non-refundable)</b>		<b>\$75.00</b>	
<b>Total Program Cost</b>		<b>\$19,000.00</b>	

\*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

## Cisco® Certified CCNP Wireless Certification

CRM ID: C44SoCal

### General Course Description

CCNP Wireless certification addresses the need for designing, implementing, and operating Cisco Wireless networks and mobility infrastructures. CCNP Wireless certification emphasizes wireless networking principles and theory. It also recognizes the expertise and technical acumen of wireless professionals who can assess and translate network business requirements into technical specifications that in turn, are incorporated into successful installations.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

Plan and conduct a wireless site survey, to design the RF network and to conduct a post installation assessment to ensure compliancy. Integrate VoWLAN services into the wireless network, implement QoS, as well as support multicast, video and high bandwidth applications into the wireless network. . Integrate mobility services into the network; tune and troubleshoot the WLAN and implement indoor enterprise mesh networks

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

Network Administrator

Support Engineer

Network Technician

LAN/WAN Administrator

<b>Registration Fee (non-refundable)</b>		<b>\$75.00</b>	
<b>Total Program Cost</b>		<b>\$7,595.00</b>	

\*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

## Microsoft® Certified Desktop Support Technician MCAS Program

CalJOBS# 11109911000004

CRM ID: C61SoCal

### General Course Description

The Microsoft Certified Desktop Support Technician credential proves that you have the skills to successfully support end-users and to successfully troubleshoot desktop environments that are running the Microsoft Windows operating system. The Microsoft Certified Application Specialist (MCAS) credential is a globally recognized standard that validates skills with using the 2007 Microsoft Office system and Windows Vista. The successor to the Microsoft Office Specialist (MOS) credential, the Microsoft Certified Application Specialist credential meets the demand for the most up-to-date skills on the latest technologies from Microsoft

### Audience

The Desktop credential is for IT professionals who are working in the typically complex computing environment of small, medium, or large organizations.

### Prerequisites

A High School Diploma or equivalency is required and the candidate should be familiar with PC.

### Acquired Skills

You will be supporting users, troubleshooting desktop applications and operating systems.

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

Help Desk

PC Technician

PC/Desktop Support Analyst

## MCTS - Microsoft Junior Server Administrator with Linux and CompTIA – Security Specialization

MCSA Windows Server 2012

CalJOBS# 11100111000008

CRM ID: P25SoCal

### General Course Description

Student will receive Basic Computer training to Networking to Server Administration. This program offers a rounded education in the IT Networking Server World. The Microsoft Windows Server 2012 Junior Server Administrator Program at New Horizons Career Development Solutions of Southern California is designed to give you in-depth, current skills on network infrastructure using Windows Server 2008. Prerequisites student should be familiar with personal computers and the Windows operating system and have a good idea of how to use basic computer applications. This is a beginning course that will introduce the student to the network world starting with the basic hardware of A+ and network world with Net +.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

Students will learn how networks function, network components and their functions, TCP/IP networking, addressing and routing, remote access services, LAN/WAN, VPN, and Cisco IOS (software language). A junior Hardware installation, configuring and troubleshooting, Software installation, configuring and troubleshooting, Networking basics, IP addressing and services, Monitoring network services, Names resolution, IP addressing and services, File and print services, Network and remote access.

**Job Titles** (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Computer and Network Support Specialist

Network and Computer Systems Administrators

## MCSA – Microsoft® Windows Server Junior Server Administrator

CalJOBS# 11100312000000

CRM ID: C12SoCal

iTrain Program Number: 11050117300200

SBY: 3280

### General Course Description

The Microsoft Windows Server Junior Server Administrator Program at New Horizons Career Development Solutions is designed to give you in-depth, current skills on network infrastructure using Windows Server. Learn to troubleshoot hardware and software problems that may affect network processing and routing operations. Analyze immediate networks issues, and apply solutions.

### Audience

The goal of this program is to prepare you to provide support for IT systems including day-to-day operations, monitoring, and problem resolution for network problems. Windows 2012 Junior Server Administrators assist in administration, troubleshooting, and support of operating systems, servers, and applications.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

A junior hardware installation, configuring and troubleshooting, Software installation, configuring and troubleshooting, Networking basics, IP addressing and services, Monitoring network services, Names resolution, IP addressing and services, File and print services, Network and remote access.

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

Network Administrator    Network Technician    PC/Network Support    Desktop Support

## MCSA – Microsoft® Certified Solutions Associate

CalJOBS# 11100611000036

CRM ID: C23SoCal

### General Course Description

The Microsoft Certified Solutions Associate (MCSA): Windows Server certification shows that you have the minimum set of skills needed to hit the ground running, and differentiates you as better able to work with Windows Server in a real-world business context. This certification validates a set of primary Windows Server skills that are relevant across multiple solution areas. MCSA: Windows Server certification is a prerequisite for earning an [MCSE: Private Cloud](#).

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

A typical MCSA will support from 200 to 26,000 or more users at two to 100 physical locations. Typical network services and resources include messaging, database, file and print, proxy server or firewall, Internet and intranet, remote access, and client computer management. Connectivity needs include connecting branch offices and individual users in remote locations to the corporate network and connecting corporate networks to the Internet.

**Job Titles** (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Network Administrator    Network Technician    PC/Network Support    Desktop Support

### Course Information

## MCSA– Microsoft® Certified Solutions Associate for SQL Server

CalJOBS# 11100111000031

CRM ID: C33SoCal

### General Course Description

MCSA DB Administrator for SQL Server prepares the student to install or configure Microsoft SQL Server and manage, maintain databases or multidimensional databases it includes development of strategies for data archiving, consolidation, distribution, and recovery. The course stresses capacity analysis and emphasizes the tradeoffs that need to be made during design. In addition, the course emphasizes that students should think about the whole environment, which includes business needs, regulatory requirements, network systems, and database considerations during design.

### Prerequisites

Before attending this course, students must have basic knowledge of security protocols, have working knowledge of network and database architectures and technologies, Active Directory service, have experience creating Microsoft Office Visio drawings or have equivalent knowledge or have a Microsoft Certified Technology Specialist: Microsoft SQL Server credential and a High School Diploma or equivalency is required.

### Acquired Skills

After completing this course, students will be able to manage and automate databases and servers. Manage supporting services, analyze storage, CPU, memory, and network capacity needs, design a strategy for Database Administration. Establish database conventions and standards in a Microsoft SQL Server environment.

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

Database Administrator

Sr. Database Administrator

### Course Information

Hours: 315	Approximately 18 weeks of training	Price	<b>\$6,795.00</b>
Course		Hours	
20461 Querying Microsoft SQL Server or 20761 Querying Data with Transact SQL		105	
20462 Administering Microsoft® SQL Server Databases or 20764 Administering a SQL Database Infrastructure		105	
20463 Implementing a Data Warehouse with Microsoft SQL Server or 20767 Implementing a SQL Data Warehouse		105	
*Three Microsoft Exam Vouchers and Exam Preps			
Price		<b>\$5,295.00</b>	

20461 Querying Microsoft SQL Server or 20761 Querying Data with Transact SQL	\$250.00
20462 Administering Microsoft® SQL Server Databases or 20764 Administering a SQL Database Infrastructure	\$250.00
20463 Implementing a Data Warehouse with Microsoft SQL Server or 20767 Implementing a SQL Data Warehouse	\$250.00
<b>Total Textbook Cost (required and non-refundable)</b>	<b>\$750.00</b>

## MCSA – Microsoft® SQL Database Administrator with Business Intelligence (Entry Level) / MCTS – Microsoft® SQL Database Administrator with Business Intelligence (Entry Level)

CalJOBS# 11080212000000

CRM ID: C11SoCal

iTrain Program Number: 11030117300100

SBY: 3080

### General Course Description

Program is designed as an entry level into the Microsoft SQL environment. Students will begin with Access and Crystal Reports training then will take the T-SQL coding along with XML syntax. Students will earn a Database Administration Certification and a Business Intelligence Certification. Business Intelligence uses Analysis, Integration, Data Warehousing and Reporting Services to produce knowledge and company planning.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

Select SQL Server services to support an organization's business needs, plan for source control, unit testing, and deployment to meet an organization's needs. • Evaluate advanced query techniques. • Evaluate advanced XML techniques. Approach database design from a systematic perspective, gather database requirements, and formulate a conceptual design. • Analyze and evaluate a logical database design. • Design a database access strategy. • Design a normalized database, Optimize a database design by demoralizing

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

Database Administrators

Network Systems and Data Communications Analysis

Network and Systems Administrators

## MCSE Windows Server 2012 Infrastructure / 2012 Desktop Infrastructure

CalJOBS# 11050111000013

CRM ID: C59SoCal

### General Course Description

The Microsoft Certified Solutions Expert credential is the leading certification for Windows Enterprise Administrator, providing widely recognized, objective validation of your ability to perform critical, current IT job roles by using Microsoft technologies to their best advantage.

### Audience

The MCSE program is appropriate for Network Administrators, Network Engineers, Systems Administrators, IT Professionals, IS Administrators, Network Technicians, and Technical Support Specialists.

### Prerequisites

The MCSE is an advanced certification for Windows Server Enterprise Administrators. It is expected that candidates pursuing this certification have a minimum of one year experience working with Windows Server products completion of either CompTIA Network+ or CompTIA A+ and a high school diploma or equivalency is required

### Acquired Skills

Individuals who successfully complete this program will be able to design and implement enterprise infrastructure systems using the Microsoft Windows platform and Microsoft server software, based on analysis of business needs.

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

Window Enterprise  
Administrator

Server Systems  
Administrator

Network administrator

Monitoring operator

## MCSE – Microsoft® Certified Solutions Expert: Data Platform

CalJOBS# 11080211000005 CRM ID: C58SoCal

### General Course Description

Demonstrate your broad skill sets in building and administrating enterprise-scale data solutions both on-premises and in cloud environments. Earning an MCSE: Data Platform certification will qualify you for such jobs as database analyst and database designer.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

Demonstrate your broad skill sets in SQL administration, building enterprise-scale data solutions, and leveraging business intelligence data - both on-premises and in cloud environments

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

Database Developer

Database Technical Consultant

### Course Information

Hours: 525	Approximately 29 weeks of training	Price	<b>\$13,000.00</b>
Course		Hours	
20461 Querying Microsoft SQL Server or 20761 Querying Data with Transact SQL		105	
20462 Administering Microsoft® SQL Server Databases or 20764 Administering a SQL Database Infrastructure		105	
20463 Implementing a Data Warehouse with Microsoft SQL Server or 20767 Implementing a SQL Data Warehouse		105	
20464 Developing Microsoft® SQL Server Databases or 20762 Developing SQL Databases		105	
20465 Designing Database Solutions for Microsoft SQL Server or 20765 Provisioning SQL Databases		105	
*Five Microsoft Exam Vouchers and Exam Preps			
<b>Price</b>		<b>\$10,550.00</b>	
20461 Querying Microsoft SQL Server or 20761 Querying Data with Transact SQL		\$250.00	
20462 Administering Microsoft® SQL Server Databases or 20764 Administering a SQL Database Infrastructure		\$250.00

## MCSE – Microsoft® Certified Solutions Expert: Business Intelligence

CalJOBS# 11030111000002

CRM ID: C20Socal

### General Course Description

This certification demonstrates that you can design analysis solutions, data transformations, and reports. Business intelligence developers design and implement multi-dimensional database models (logical and physical), data marts, data warehousing, data transforms, data analytics, and reporting solutions. Prove that you have the skills and techniques needed to design, build, and deploy solutions that deliver more data to more people across the organization. Earning an MCSE: Business Intelligence certification will qualify for a position as a BI and reporting engineer

### Prerequisites

A High school diploma or equivalency is required

**Job Titles** (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Database Developer

Database Technical Consultant

## MCSE – Microsoft® Certified Solutions Expert Server/Cloud with VMWARE

CalJOBS# 11100111000032

CRM ID: C17SoCal

### General Course Description

The Microsoft Certified Solutions Expert (MCSE) credential is the leading certification for Windows Server, providing widely recognized, objective validation of your ability to perform critical, current IT job roles by using Microsoft technologies to their best advantage. This course provides details on how to deploy and manage Hyper-V and Remote Desktop Services on Windows Servers Hyper-V and Remote Desktop Services on Windows Server. The course also provides details on how to manage a server virtualization environment by using System Center products. The VMWare explores installation, configuration and management of VMware vSphere.

### Audience

The MCSE program is appropriate for Network Administrators, Network Engineers, Systems Administrators, IT Professionals, IS Administrators, Network Technicians, and Technical Support Specialists.

### Prerequisites

It is expected that candidates pursuing this certification have a minimum of one year experience working as a Network or Systems Administrator. A high school diploma or equivalency is required.

### Acquired Skills

The MCSE Server Administrator is an advanced certification for Windows Server. Network Administrators. Individuals who successfully complete this program will be able to design and implement infrastructure systems using the Microsoft Windows platform and Microsoft server software, based on analysis of business needs, install, configure, and troubleshoot network systems. Deploying and managing Hyper-V and Remote Desktop Services on Windows Servers Hyper-V and Remote Desktop Services on Windows Server. Managing a server virtualization environment by using System Center products. The VMWare explores installation, configuration and management of VMware vSphere.

**Job Titles** (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)

Window Server Administrator  
IT Technology Project Managers

Server Systems Administrator

Network administrator  
Computer Systems Engineers

### Course Information

Hours: 560	Approximately 31 weeks of instruction	Price	<b>\$16,595.00</b>
Course		Hours	
20410 Installing and Configuring Windows Server 2012 or 20740 Installation, Storage, and Compute with Windows Server 2016		105	
20411 Administering Windows Server 2012 or 20741 Networking with Windows Server 2016		105	
20412 Configuring Advanced Windows Server 2012 or 20742 Identity with Windows Server 2016		105	
10750 Monitoring and Operating a Private Cloud Using System Center 2012 or 20703-1 Administering System Center Configuration Manager		105	
10751 Configuring and Deploying a Private Cloud Using System Center 2012 or 20744 Securing Windows Server 2016		105	
VMWare VSphere Install, Configure, Manage		35	
*Five Microsoft Exams,One VMWare Exam Voucher and Exams Preps included			

<b>Price</b>	<b>\$13,220.00</b>
20410 Installing and Configuring Windows Server 2012 or 20740 Installation, Storage, and Compute with Windows Server 2016	\$250.00

## MCTS – Microsoft® Certified Technology Specialist .NET Framework Web Applications

CalJOBS# 11100611000028

CRM ID: P36SoCal

### General Course Description

The Technology Specialist certifications let professionals target specific technologies and distinguish themselves by demonstrating in-depth knowledge and expertise in their subject area technologies.

### Audience

Technology Specialists are typically pursuing careers as a Web developer, Windows developer, or enterprise applications developer. They may also be individuals such as database developers and systems administrators who do not work with the .NET Framework 3.5 on a daily basis but who wish to show their breadth of technology experience.

### Prerequisites

Candidates for this exam are professional Web developers who use Microsoft Visual Studio. Candidates should have a minimum of two to three years of experience developing Web-based applications by using Visual Studio and Microsoft ASP.NET. Candidates should be experienced users of Visual Studio 2008 and later releases and should have a fundamental knowledge of the .NET Framework 4 programming languages (C# or Microsoft Visual Basic). In addition, candidates should understand how to use the new features of Visual Studio 2010 and the .NET Framework 4. A High school diploma or equivalency is required.

### Acquired Skills

After completing this program the student will be able to Develop Web Forms Pages. Include: page directives such as ViewState, request validation, event validation, MasterPageFile; and ClientIDMode. Students will use web.config to set the html doct type. Students will also use Web Forms Controls: client side, server side, and via AJAX; custom validation controls; regex validation; validation groups; datatype check along with jQuery validation. Instruction will include implementing Client-Side Scripting and AJAX Configuring and Extending a Web Application. Students will also learn to Display and Manipulate Data. Students will also learn advanced customization of DataList, Repeater, ListView, FormsView, DetailsView, TreeView, DataPager, Chart and GridViewDeveloping.2 .NET 4.0 Framework

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

Web Developers

Windows developers

Database Developers

Systems Administrator

Enterprise Applications Developers

# MCSO– Microsoft® Certified Solutions Developer Web Applications

CalJOBS# 11100611000037

CRM ID: C54Socal

## General Course Description

In this course, students will learn how to design and develop services that access local and remote data from various data sources. Students will also learn how to develop and deploy services to hybrid environments, including on-premises servers and Windows Azure.

## Prerequisites

A High school diploma or equivalency is required. To achieve this certification you must have a foundation of web programming skills using HTML5 with JavaScript and ASP.NET MVC 4. This course is intended for both novice and experienced .NET developers who have a minimum of six months programming experience, and want to learn how to develop services and deploy them to hybrid environments

## Acquired Skills

Overview of HTML and CSS. Exploring the Contoso Conference Application. Creating and Styling HTML5 Pages. Introduction to JavaScript. Creating Forms to Collect Data and Validate User Input. Creating a Form and Validating User Input. Communicating with a Remote Data Source. Module 6: Styling HTML5 by Using CSS3. Creating Objects and Methods by Using JavaScript. Creating Interactive Pages using HTML5 APIs, Describe the Microsoft Web Technologies stack and select an appropriate technology to use to develop any given application. •Create MVC Models and write code that implements business logic within Model methods, properties, and events. Describe what a Web API is and why developers might add a Web API to an application. Secure WCF services using transport and message security. Implement federated authentication by using ACS with ASP.NET Web API services Monitor and log services, both on-premises and in Windows Azure.

Automating Administration with Windows PowerShell		\$250.00	
Total Textbook Cost (required and non-refundable)		\$250.00	
No Exam		\$0.00	
Registration Fee (non-refundable)		\$75.00	
Total Program Cost		\$2,695.00	

\*It is the student's responsibility to take all certification exams within six months of completion of their original program completion date at that time, all exam vouchers expire. All extensions must be approved by the Director of Education.

## ITIL - Foundations - Business Needs and Goals - IT Best Practices

CalJOBS# 11050111000010

CRM ID: C16Socal

### General Course Description

Career Development Solutions ITIL training and certification classes will show you how to align your business needs and goals with your IT services and prepare for ITIL Certification.

Learn procedures and best practices drawn from years of experience in both public and private sector organizations. Information Technology Infrastructure Library (ITIL) is a series of books and concepts which help guide an organization in IT best practices in order to provide quality IT services.

### Prerequisite

A High school diploma or equivalency is required.

### Acquired Skills

ITIL version introduces IT Service Management through the lens of a Service Value System (SVS), which provides a holistic end-to-end view of how to successfully contribute to business value, and also how to leverage concepts from models such as Lean IT, Agile, DevOps and Organizational Change Management.

## MASTER Six Sigma Black Belt Program

CalJOBS# 11100611000033

CRM ID: C51SoCal

### General Course Description

A full time Master Black Belt position is the highest level of achievement within the Six Sigma infrastructure. The Master Black Belt engages with executive management to drive the process improvement initiative throughout the entire organization. In addition, the Master Black Belt fulfills the critical role of developing internal Six Sigma resources with primary accountability for the Black Belt bench strength and project results.

The New Horizons Career Development Solutions Master Six Sigma Lean Black Belt Program allows a qualified individual to first earn a Green Belt, mastering the practical process of Lean Six Sigma. The next step is studying for the Black Belt in which the student will learn to apply Six Sigma process methodology. The Master Black Belt course is the final step of the training program.

### Prerequisites

Student must have graduate degree or 10 years of experience in Process Management and a high school diploma or equivalency is required

## Red Hat Certified Systems Administrator (RHCSA)

CalJOBS# 11100611000049

CRM ID: C31Socal

### General Course Description

Red Hat Certified Engineer (RHCSA) is a performance-based test that measures actual competency on live systems. Called the "crown jewel of Linux certifications," RHCSA proves an individual's ability to configure networking services and security on servers running a Red Hat OS. RHCSA was recently named the hottest certification in all of IT by CertCities.com

An introduction to fundamental end-user and administrative tools in Red Hat Enterprise Linux, designed for students with little or no command-line Linux or UNIX experience

For users of Linux (or UNIX) who want to start building skills in systems administration on Red Hat Enterprise Linux, to a level where they can attach and configure a workstation on an existing network.

### Prerequisites

A High school diploma or equivalency is required.

### Acquired Skills

The RHCSA is designed for those wanting to prepare for professional responsibilities as a Linux systems administrator at the Technician level. You'll learn all the skills required to manage a Linux workstation and attach it to a corporate network, including configuration of client-side network services

**Job Titles (Job Titles related to IT Training stretch Horizontally, they can vastly vary, the list below is a sampling but not limited to)**

Linux Administrator

Systems Administrator

## Data Science (Entry Level)

### General Course Description

The need for IT departments and Business Units to monitor and analyze data is increasing daily. There is currently an unprecedented demand for the skills required to manage and leverage large data sets into a competitive advantage. Our curriculum is designed to meet the expanding needs for data scientists who are skilled in the utilization of a unique blend of software and LEAN Six Sigma methodologies. Professionals completing our certificate program will understand how to automate methods of collecting and analyzing data and utilizing the findings to create a lean business environment along with discovering cost saving insights that can profoundly impact the success of any business.

### Audience

This program is intended for entry level to professionals in a variety of industries and job roles who will help their organization understand and leverage massive amounts of diverse data they collect.

### Prerequisites

High School Diploma for GED®

### Acquired Skills

Students will master Excel from learning to navigate the User Interface to using the software for Data Mining, Machine learning and predictive analytics utilizing toolsets including SWL Server Analysis Services and Power Pivots and Pivot Tables. Microsoft Access will be used to manage data including creating a new database, constructing tables, designing forms and reports. Students will be able to expand their knowledge of database design, write advanced queries, structure existing data, share data across applications, and customize reports. Students will create a basic report by connecting to a database and modifying the report's presentation. Information is critical to making sound business decisions. The Capstone of the program is a Lean Six Sigma Green Belt Course. In this course students will be introduced to Lean Six Sigma Principles and Terminology. They will learn the Roles and responsibilities of a Lean Six Sigma Organization. The value of Stream Maps will be presented along with Assuring elimination of wastes and streamlining processes. The DMAIC Method will be mastered to allow the students use along with the software tools to implement in any business setting.

## TECHNICAL TRAINING CLASSES

Program Name	Days of Instruction	Length of Instruction	Program Cost
<b>Agile</b>			
Introduction to Agile and Scrum Methodologies	1	8 Hours	\$ 475.00
Introduction to Agile Project Management	1	8 Hours	\$ 475.00
PMI Agile Certified Professional (PMI-ACP) Exam Preparation	3	24 Hours	\$ 1,797.00
Agile Master Certified	3	24 Hours	\$ 2,250.00
Agile Project Management Methodologies	2	16 Hours	\$ 1,190.00
<b>AWS</b>			
Data Warehousing on AWS	3	24 Hours	\$ 2,025.00
Developing on AWS	3	24 Hours	\$ 2,025.00
AWS Advanced Solutions Architect	5	40 Hours	\$ 3,495.00
AWS Solutions Architect	4	32 Hours	\$ 2,796.00
AWS SysOps Administrator	4	32 Hours	\$ 2,796.00
Fundamentals of AWS	1	8 Hours	\$ 699.00
<b>Azure</b>			
AZ-103T00 - Microsoft Azure Administrator	4	32 Hours	\$ 2,380.00
AZ-203 Developing Solutions for Microsoft Azure	5	40 Hours	\$ 2,975.00
AZ-300 Azure Architect Technologies	5	40 Hours	\$ 2,975.00
AZ-301 Azure Solutions Architect - Design	4	32 Hours	\$ 2,380.00
AZ-400 Azure DevOps Engineer	5	40 Hours	\$ 2,975.00
AZ-500T00 Microsoft Azure Security Technologies	4	32 Hours	\$ 2,380.00
AZ-900T00 Microsoft Azure Fundamentals	2	16 Hours	\$ 1,190.00
AZ-900T01 Microsoft Azure Fundamentals	1	8 Hours	\$ 595.00
<b>Cisco</b>			
Cisco Designing for Cisco Internetwork Solutions v3.0 (DESGN)	5	40 Hours	\$ 2,975.00
Cisco Configuring Cisco MDS 9000 Series Switches v3.1 (DCMDS)	4	32 Hours	\$ 3,595.00
Cisco Implementing and Operating Cisco Data Center Core Technologies (DCCOR)	5	40 Hours	\$ 4,495.00
Cisco Implementing and Operating Cisco Enterprise Network Core Technologies (ENCOR)	5	40 Hours	\$ 3,995.00
Cisco Implementing Cisco Enterprise Advanced Routing and Services (ENARSI)	5	40 Hours	\$ 3,995.00
Cisco Designing Cisco Enterprise Networks (ENSLD)	5	40 Hours	\$ 3,995.00
Cisco Designing Cisco Enterprise Wireless Networks (ENWLSD)	5	40 Hours	\$ 3,995.00
Cisco Implementing Cisco Enterprise Wireless Networks (ENWLSI)	5	40 Hours	\$ 3,995.00
Cisco Understanding Cisco Wireless Fundamentals v1.0 (WLFNDU)	5	40 Hours	\$ 3,995.00
Cisco Troubleshooting Cisco Data Center Infrastructure v7.0 (DCIT)	5	40 Hours	\$ 4,495.00
Cisco Securing Cloud Deployments with Cisco Technologies v1.0 (SECCLD)	4	32 Hours	\$ 3,595.00
Cisco Implementing Cisco Service Provider Next-Generation Core Network Services v1.0 (SPCORE)	5	40 Hours	\$ 4,495.00

Cisco Implementing Automation for Cisco Service Provider Solutions (SPAUI)	3	24 Hours	\$ 2,695.00
Cisco Implementing and Operating Cisco Collaboration Core Technologies (CLCOR)	5	40 Hours	\$ 3,995.00
Cisco Understanding Cisco Collaboration Foundations v1.0 (CLFNDU)	5	40 Hours	\$ 3,995.00
Cisco Implementing Cisco Application Centric Infrastructure (DCACI)	5	40 Hours	\$ 4,495.00
Cisco Implementing and Operating Cisco Security Core Technologies (SCOR)	5	40 Hours	\$ 4,495.00
Cisco Implementing and Configuring Cisco® Identity Services Engine v3.0 (SISE)	5	40 Hours	\$ 4,495.00
Cisco Securing Email with Cisco® Email Security Appliance v3.0 (SESA)	3	24 Hours	\$ 2,695.00
Cisco Securing the Web with Cisco® Web Security Appliance v3.0 (SWSA)	2	16 Hours	\$ 1,798.00
Cisco Configuring Cisco MDS 9000 Series Switches v3.1 (DCMDS)	4	32 Hours	\$ 3,595.00
Cisco Configuring Cisco NX-OS Switches and Fabrics in the Data Center (DCCNX) v1.0	3	24 Hours	\$ 2,695.00
Cisco Configuring Cisco Unified Computing System (DCCUCS)	3	24 Hours	\$ 2,695.00
Cisco Designing Cisco Data Center Infrastructure v7.0 (DCID)	5	40 Hours	\$ 4,495.00
Cisco Implementing and Administering Cisco Solutions v1.0 (CCNA)	5	40 Hours	\$ 3,795.00
Cisco Implementing Cisco Edge Network Security Solutions v1.0 (SENSS)	5	40 Hours	\$ 4,095.00
Cisco Implementing Cisco IP Telephony & Video, Part 1 v1.0 (CIPTV1)	5	40 Hours	\$ 4,295.00
Cisco Implementing Cisco IP Telephony & Video, Part 2 v1.0 (CIPTV2)	5	40 Hours	\$ 4,295.00
Cisco Implementing Cisco Secure Access Solutions (SISAS)	5	40 Hours	\$ 3,795.00
Cisco Implementing Cisco Secure Mobility Solutions v1.0 (SIMOS)	5	40 Hours	\$ 3,795.00
Cisco Deploying Basic Cisco Wireless LANs v1.2 (WDBWL)	3	24 Hours	\$ 2,395.00
Cisco Implementing Advanced Cisco ASA Security v2.1 (SASAA)	5	40 Hours	\$ 4,295.00
<b>Citrix</b>			
CMB-318 Citrix Virtual Apps and Desktops 7, App Layering, and WEM Administration (Fast-Track)	5	40 Hours	\$ 6,000.00
CNS-219 Citrix ADC 12.x Traffic Management	2	16 Hours	\$ 2,000.00
CNS-221 Citrix Gateway 12.x	2	16 Hours	\$ 2,000.00
CNS-222 Citrix ADC 12.x Essentials and Citrix Gateway	5	40 Hours	\$ 5,000.00
CNS-318 Citrix ADC 12.x Advanced Concepts – Secure Web Applications	3	24 Hours	\$ 3,000.00
CNS-319 Citrix ADC 12.x Advanced Concepts - Management and Optimization	2	16 Hours	\$ 2,000.00
CNS-420 Citrix Networking Assessment, Design, and Advanced Configuration	5	40 Hours	\$ 5,000.00
CSF-201 Citrix Content Collaboration Enterprise Essentials	2	16 Hours	\$ 2,000.00
CWS-215 Citrix Virtual Apps and Desktops 7 Administration On-Premises and In Citrix Cloud	5	40 Hours	\$ 5,000.00
CWS-313 Citrix Virtual Apps and Desktops 7 Advanced Deployment, Troubleshooting, Security and Administration	3	24 Hours	\$ 3,000.00
CWS-314 Citrix App Layering and WEM Administration	2	16 Hours	\$ 2,000.00
CWS-315 Citrix Virtual Apps and Desktops 7 Advanced Administration	5	40 Hours	\$ 5,000.00
CWS-316 Citrix Provisioning 7 Administration	2	16 Hours	\$ 2,000.00
CXD-105 Citrix XenApp and XenDesktop 7.1x Help Desk Support	2	16 Hours	\$ 2,000.00
CXD-252 Moving to the Citrix Virtual Apps and Desktops Service on Citrix Cloud with Microsoft Azure	5	40 Hours	\$ 5,000.00
<b>CompTIA</b>			
CompTIA A+ - Part 1	5	40 Hours	\$ 2,475.00

CompTIA A+ - Part 2	5	40 Hours	\$ 2,475.00
CompTIA A+ Certification (Exams 220-1001 and 220-1002)	5	40 Hours	\$ 2,475.00
CompTIA Cloud Essentials Certification	3	24 Hours	\$ 1,485.00
CompTIA Cloud+ Certification	5	40 Hours	\$ 2,475.00
CompTIA IT Fundamentals+	5	40 Hours	\$ 2,475.00
CompTIA Linux+ Certification	5	40 Hours	\$ 2,475.00
CompTIA Network+ Certification	5	40 Hours	\$ 2,475.00
CompTIA Project+ Certification	5	40 Hours	\$ 2,475.00
CompTIA Security+ Certification	5	40 Hours	\$ 2,475.00
CompTIA Penetration Tester+ (PenTest+) Certification	5	40 Hours	\$ 2,975.00
CompTIA Server+ Certification	5	40 Hours	\$ 2,975.00
CompTIA Advanced Security Practitioner (CASP+)	5	40 Hours	\$ 3,295.00
CompTIA Cybersecurity Analyst (CySA+) Certification	5	40 Hours	\$ 2,475.00
<b>DevOps</b>			
DevOps Continuous Delivery Architect (CDA)	2	16 Hours	\$ 1,495.00
DevOps Foundation	2	16 Hours	\$ 1,495.00
DevOps Leader (DOL)	2	16 Hours	\$ 1,495.00
DevOps Test Engineering (DTE)	2	16 Hours	\$ 1,495.00
DevSecOps Engineering (DSOE)	2	16 Hours	\$ 1,495.00
<b>EC-Council</b>			
EC-Council Certified Chief Information Security Officer (C CISO)	4	32 Hours	\$ 2,716.00
EC-Council Certified Ethical Hacker (CEH)	5	40 Hours	\$ 3,395.00
EC-Council Certified Network Defender	5	40 Hours	\$ 3,395.00
EC-Council Computer Hacking Forensics Investigator (CHFI)	5	40 Hours	\$ 3,395.00
<b>Exchange</b>			
20341 Core Solutions of Microsoft Exchange Server 2013	5	40 Hours	\$ 2,975.00
20342 Advanced Solutions of Microsoft Exchange Server 2013	5	40 Hours	\$ 2,975.00
20345-1 Administering Microsoft Exchange Server 2016/2019	5	40 Hours	\$ 2,975.00
20345-2 Designing and Deploying Microsoft Exchange Server 2016/2019	5	40 Hours	\$ 2,975.00
<b>Google</b>			
Architecting with Google Cloud Platform - Design and Process	2	16 Hours	\$ 1,495.00
Architecting with Google Compute Engine	3	24 Hours	\$ 1,995.00
Architecting with Google Kubernetes Engine	3	24 Hours	\$ 1,995.00
Google Cloud Platform Fundamentals - Core Infrastructure	1	8 Hours	\$ 599.00
<b>ITIL</b>			
ITIL 4 Awareness	1	8 Hours	\$ 795.00
ITIL 4 Create, Deliver and Support (CDS)	3	24 Hours	\$ 2,385.00

ITIL 4 Direct, Plan and Improve (DPI)	3	24 Hours	\$ 2,385.00
ITIL 4 Drive Stakeholder Value (DSV)	3	24 Hours	\$ 2,385.00
ITIL 4 Foundation	2	16 Hours	\$ 1,695.00
ITIL 4 Managing Professional Transition	5	40 Hours	\$ 3,975.00
ITIL Expert - Managing Across the Lifecycle (MALC)	5	40 Hours	\$ 3,870.00
ITIL Foundation Certification (2011 Lifecycle Edition)	3	24 Hours	\$ 1,995.00
ITIL Intermediate Capabilities - Operational Support and Analysis	5	40 Hours	\$ 3,325.00
ITIL Intermediate Capabilities - Planning Protection & Optimization	5	40 Hours	\$ 3,095.00
ITIL Intermediate Capabilities - Release Control & Validation	5	40 Hours	\$ 3,095.00
ITIL Intermediate Capabilities - Service Offerings and Agreements	5	40 Hours	\$ 3,095.00
ITIL Intermediate Lifecycle - Continual Service Improvement	4	32 Hours	\$ 2,595.00
ITIL Intermediate Lifecycle - Service Design	4	32 Hours	\$ 2,595.00
ITIL Intermediate Lifecycle - Service Operations	4	32 Hours	\$ 2,595.00
ITIL Intermediate Lifecycle - Service Strategy	4	32 Hours	\$ 2,595.00
ITIL Intermediate Lifecycle - Service Transition	4	32 Hours	\$ 2,595.00
ITIL Practitioner Certification	2	16 Hours	\$ 1,950.00
<b>Microsoft Programming/Web</b>			
10266 Programming in C# with Microsoft Visual Studio 2010	5	35 Hours	\$ 2,975.00
10267 Introduction to Web Development with Microsoft Visual Studio 2010	5	40 Hours	\$ 2,975.00
10550 Programming in Visual Basic with Microsoft Visual Studio 2010	5	35 Hours	\$ 2,975.00
10975 Introduction to Programming	5	40 Hours	\$ 2,975.00
20480 Programming in HTML5 with JavaScript and CSS3	5	40 Hours	\$ 2,975.00
20483C Programming in C#	5	40 Hours	\$ 2,975.00
20486 Developing ASP.NET Core MVC Web Applications	5	40 Hours	\$ 2,975.00
20487 Developing Windows Azure and Web Services	5	40 Hours	\$ 2,975.00
<b>Microsoft MD/MS</b>			
MD-100 - Windows 10	5	40 Hours	\$ 2,975.00
MD-101 Managing Modern Desktops	5	40 Hours	\$ 2,975.00

## GENERAL RULES AND POLICIES

### **Non-Discrimination Policy**

New Horizons Career Development Solutions is committed to providing a learning environment that is free of discrimination. Equal opportunity will be extended to all persons in all aspects of our Program. New Horizons Career Development Solutions will not discriminate against a student because of race, color, religion, sex (including pregnancy, childbirth, and related medical conditions, sex stereotyping, transgender status, and gender identity), national origin, ancestry, age, marital status, physical or mental disability, medical condition, political affiliation or belief. If a student believes they are being discriminated against, they should report the facts of the incident to the Instructor, the Education Consultant, or the Site Manager in writing (see Grievance Procedures)

### **Drug Free Campus**

In accordance with the Drug-Free Schools and Communities Act, Public Law 101-226, New Horizons Career Development Solutions is a drug and alcohol free school. Student use of alcohol or the manufacture, distribution, dispensing, or use of a controlled substance on school property, or while participating in school related activities, is prohibited. Students who violate this policy are subject to disciplinary action, which could include termination from the program. A detailed copy of this policy is provided to all current students.

### **“Notice Concerning Transferability Of Credits And Credentials Earned At Our Institution”**

“The transferability of credits you earn at New Horizons Career Development Solutions is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the Course, or Certification you earn in the educational program is also at the complete discretion of the institution to which you may seek to transfer. If the Course, Certificate or Certification that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending New Horizons Career Development Solutions to determine if your Course, Certificate or Certification will transfer.”

### **Articulations Agreements with Universities or Colleges**

New Horizons Career Development Solutions does not have an articulation or transfer agreement with any other college or university.

**New Horizons Career Development Solutions courses, programs and certificates are not accredited by an accrediting agency recognized by the United States Department of Education.**

## Student Records Reporting and Confidentiality

Students have a right to any and all of their personal records which our school maintains for the sole purpose of monitoring progress during their enrollment at New Horizons Career Development Solutions. This includes attendance, personal information, and entrance testing results. New Horizons Career Development Solutions is obligated by various government regulatory entities to use the student records as a whole to report performance statistics related to enrollments. Because of the confidentiality of student records, New Horizons Career Development Solutions does not give out student information without proper authorization. The only individuals who have proper authorization without written permission from the student are as follows:

- New Horizons Career Development Solutions Staff
- Authorized Consumer Affairs representatives
- Authorized CSAAVE representatives
- The student

If a student wishes a printout of their transcript, they will need to visit the school in person and fill out a REQUEST FOR STUDENT RECORD FORM. The student will also need to return in person in order to pick up a copy of their transcript. The school does not mail any transcripts or certifications directly to the student. All student records are stored in a location only assessable by approved staff of New Horizons Career Development Solutions. Student transcripts are saved and permanently maintained electronically at our main campus permanently.

### New Horizons Career Development Solutions is a Non-Resident Campus

New Horizons Career Development Solutions does not assist a student in finding housing. There are no dormitory facilities under New Horizons Career Development Solutions control. The cost range of housing in the area of the school is between \$1600 and \$2000 per month for a one bedroom apartment. New Horizons Career Development Solutions takes no responsibility to find or assist a student in finding housing.

## School Locations: Computer and Technology Training Services Delivered at the following locations.

- Anaheim Campus: 1900 S State College Blvd., Suite 100  
Anaheim, CA 92806  
(714) 221-3100
- Burbank Campus: 333 N Glen Oaks Blvd., Suite 400  
Burbank, CA 91502  
(818) 333-4600
- Gardena Campus: 1515 West 190<sup>th</sup> Street, Suite 430  
Gardena, CA 90248  
(310) 342-3500
- San Diego Campus: 7480 Miramar Road Bldg. B, Suite 202  
San Diego, CA 92126  
(858) 880-2200
- Sacramento Campus 1750 Creekside Oaks Drive, Suite 150  
Sacramento, CA 95833  
(916) 609-4700

\*Training Purchased at the Anaheim, Burbank, Gardena, San Diego Centers and Sacramento may be taken at any of these 5 centers.

Courses also available online.

### Instructional Facilities

Site	Square Footage	# Classrooms	Maximum Room Capacity	Classroom Capacity	Testing Room Capacity	Break Room Capacity
Anaheim	17,903	9	22	185	6	30
Burbank	6,560	5	18	86	1	8
Gardena	2,586	2	28	56	0	0
San Diego	15,794	7	32	120	3	17
Sacramento	7,651	5	32	118	4	12

## ADMISSIONS PROCESS

- “As a prospective student, you are encouraged to review this catalog prior to signing an enrollment agreement. You are also encouraged to review the “School Performance Fact Sheet, which must be provided to you prior to signing an enrollment agreement”
- When a prospective student contacts New Horizons Career Development Solutions to inquire about our training, an Education Consultant will discuss our offerings with the student and an invitation is extended to attend an evaluation class and a tour. This evaluation class is generally a 4-hour Software Applications class. The evaluation class allows the student to sample a half a day of training without any further obligation.
- An Education Consultant will meet with the student to discuss their individual training interests. An appointment will be made to take the entrance exam. The Education Counselor will discuss the exam results with the candidate. It is determined at this time whether a student has the required prerequisite knowledge, and ability to be successful in the chosen program.
- An interview may also be used to determine the viability of a candidate. Education Advisors will conduct interviews. *Additional interviews may be required in certain situations.* Student interviews assess employment history, educational background, and relevant skills. Interview results are used to determine the candidate's ability to be successful in the desired program. Upon successful completion of assessments and interviews, a candidate may request enrollment.
- All enrolling students will read and sign a *Contractual Enrollment Agreement*, and the *Students Right to Cancel Notification along with reviewing the School Performance Fact Sheet*. These documents outline the items included in the program, cost, cancellation grace period, withdrawal, and refund policies.
- Each program has requirements listed for the given program
- A High School Diploma or equivalency is required for enrollment
- Students enrolling in Distance Learning Modalities will be required to pass an assessment prior to enrolling in courses.\*
- Students enrolling in Distance Learning Online Anytime Classes will receive Learning Materials within SEVEN days of enrollment
- All instructor evaluations and response will be made within FIVE business days.
- Pursuant to the Rehabilitation Act of 1973 (Section 504) and the 1990 Americans With Disabilities Act (ADA), New Horizons Learning Centers will provide reasonable and individualized academic modifications for students who have provided proper documentation outlining their disabilities and have requested reasonable and appropriate accommodations.
- Classroom accommodations are not retroactive, but are effective only after the request has been made, the documentation has been received and the school has had an opportunity to address the request and/or accommodation. Therefore, if you have a disability, it is your responsibility to seek available assistance and make your needs known at the time of enrollment or as the need arises due to disability. Students are encouraged to request accommodations as early as feasible with the school to allow for time to gather necessary documentation and consider reasonable accommodations. Students cannot wait until after completing a course or activity or receiving a poor grade to request services and then expect a grade change or opportunity to retake the course.
- Although accommodations cannot be provided which would fundamentally alter the nature of the program, cause undue hardship on the school, or jeopardize the health, safety or learning environment of others, reasonable accommodations can be provided to specifically address the fundamental limitations of the student's specific disability.

\*VA Chapter 30, 33, 35, 1606, and 1607 Funded Students May Not use Distance Learning Modalities for Educational Clock Hours

## Course Hours

New Horizons Career Development Solutions courses are scheduled conveniently. Classes are available during the weekdays, and some evenings and Saturdays. Classes are scheduled frequently to allow students the flexibility to take daytime classes or to arrange classes around their work schedule. Class schedules vary based on location. New Horizons Career Development Solutions distributes class schedules via our website, [www.nhlearninggroup.com](http://www.nhlearninggroup.com). Schedules should be reviewed for specific class dates and times. New Horizons Career Development Solutions schedules class times and frequency based on consumer demand. All classes necessary to complete a program may not always be available Evenings and Saturdays. New Horizons Career Development Solutions reserves the right to add or cancel class scheduling based on enrollment and consumer demand.

### Standard Class Hours:

Class Type	*Day	*Eve
<b>Cohorts</b>	6:00 AM – 10:30 AM 11:00 AM – 3:30 PM	4:30 PM – 9:00 PM 5:30PM – 10:00 PM
Instructor Led Technical Courses (Microsoft®, CompTIA®, CISCO®)	6:00 AM – 2:00PM 7:00 AM – 3:00PM	
Application Courses	7:00 AM - 3:00 PM	

\*Start and end times may vary by location

Breaks are as follows:

First 20 minute break - Starts approximately two hours from class start time, Lunch Period – Starts approximately two hours from first break, Second 20 minute break – Starts at 2 hours from the lunch period.

### 2020 Holidays

School is closed for the following holidays

New Year's Day .....01/01/2020  
 Memorial Day.....05/25/2020

 Labor Day .....09/07/2020  
 Thanksgiving.....11/26/2020 – 11/27/2020  
 Christmas.....12/24/2020 – 12/30/2020  
 New Year's Eve .....12/31/2020

### 2021 Holidays

New Year's Day .....01/01/2021  
 Memorial Day.....05/31/2021  
 Independence Day.....07/05/2021  
 Labor Day .....09/06/2021  
 Thanksgiving.....11/26/2021 – 11/26/2021  
 Christmas.....12/27/2021 – 12/30/2021  
 New Year's Day .....12/31/2021

## Enrollment Policy

Student may enroll on any day school is in session. Student may not begin course or program until enrollment agreements are completed and signed by both student and Career Consultant. Student must pay required fees prior at time of enrollment. Student must meet prerequisites for the course he or she is enrolling. Prerequisites are for each course and program are listed in course outlines and program descriptions. Each course and program has a maximum enrollment of 32 per cohort.

## Notice of Student Rights and Cancellation

1. You have the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later, as described in the Notice of Cancellation which you are given at the time of enrollment.  
Read the Notice of Cancellation form for an explanation of your cancellation rights and responsibilities. If you have lost your Notice of Cancellation form, ask your New Horizons Career Development Solutions Education Consultant for a sample copy.
2. After the end of the cancellation period, you also have the right to stop your training at any time; and you have the right to receive a refund for the portion of the course you have not yet taken. Your refund rights are described in your contract and dependent upon your funding terms. If you have lost your contract, ask your New Horizons Career Development Solutions Education Consultant for a description of the refund policy.
3. If New Horizons Career Development Solutions closes before you complete your training, you may be entitled to a refund. Contact the Bureau for Private Post-Secondary and Vocational Education at the address and telephone number printed below for information.
4. Student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, which is later.
5. If you have any complaints, questions, or problems, which you cannot work out with New Horizons Career Development Solutions call or write to:

**Bureau for Private Postsecondary Education**

**1747 North Market, Suite 225**

**Sacramento, CA 95834**

**Phone (888) 370-7589, Fax (916) 263-1897, [www.bppe.ca.gov](http://www.bppe.ca.gov)**

## Program Refund information

You may withdraw from a program after instruction has started and receive a pro-rata refund for the unused portion of the tuition and other refundable charges. To determine your refund you would deduct a Registration Fee (non-refundable) of seventy-five dollars (**\$75.00**) from the tuition charge. You would then divide this figure by the number of hours in the program. The rate is the hourly charge for the program. The amount owed by the student for the purpose of calculating a refund is derived by multiplying the total hours attended by the hourly charge for instruction plus the amount of the Registration Fee (non-refundable) and the documented costs of any books or equipment that were not returned. *For example if the student completes only 10 hours of a 40 hour course and paid \$400.00 tuition, and a Registration Fee (non-refundable) of \$75.00, the student would receive a refund of \$300.00. (\$475.00 total fee, less the Registration Fee (non-refundable) of \$75.00, divide this by the 40 hours of the program, this will give you the hourly rate of \$10.00 per hour). Multiply this rate times the hours completed 10 hours completed x \$10.00 per hour, totaling the \$100.00 for the tuition charge. This charge plus the Registration Fee (non-refundable) would be deducted from the amount paid. Total paid \$475.00, less Registration Fee (non-refundable) \$75.00, less tuition charge \$100.00 refund paid \$300.00.*

### Individual Class Refund Information

You may withdraw from a class after instruction has started prior to completing more than 60% of a course and receive a pro-rata refund, less a \$75.00 application fee, based on the percentage of the course that you completed.

If New Horizons Career Development Solutions provided supplies, manuals, or other equipment for classes not attended, you must return these items within Five days of the date of the cancellation notice. If you do not return these items within this Five day period, New Horizons Career Development Solutions will withhold an amount equal to the cost of the items not returned. New Horizons Career Development Solutions is required to refund any amount remaining as provided in the Refund Agreement.

If you have any questions or need further clarification, please contact your Education Consultant at New Horizons Career Development Solutions.

## Veteran's Refund Policy

New Horizon CDS Veterans Refund Policy complies with CFR 21.4255. In the event the veteran or eligible person fails to enter the course, withdraws, or is dismissed at any time prior to completion, any unused portion of tuition, fees, and other charges is refunded. Any amount in excess of \$10 of the application/Registration Fee (non-refundable) is subject to a 100% pro-rata refund policy. The amount charged will not exceed the exact pro-rata portion of total charges. The length of the completed portion of the course will be prorated over its total length, and the exact proration will be determined by the ratio of the number of days of instruction completed by the student, to the total number of instructional days in the course. Refunds are made within 40 days of the last date of the student's attendance.

## Grievance Procedures

If you encounter any problems concerning the education or administration of this program, please contact your Instructor Immediately and state your grievance in writing to allow us to help you. The issue will not be addressed until a written grievance has been submitted to the following New Horizons Career Development Solutions staff:

- |   |   |
|---|---|
| <ul style="list-style-type: none"><li>• 1st level - Your Guidance Counselor</li><li>• (Please Allow 3 Business Days)</li><li>• 2nd level - Your Campus Education Advisor</li><li>• (Please Allow 3 Business Days)</li></ul> | <ul style="list-style-type: none"><li>• 3rd level - Director of Career Development</li><li>• (Please Allow 3 Business Days)</li><li>• 4th level – Vice President of Career Development</li><li>• (Please Allow 3 Business Days)</li></ul> |
|---|---|

If the 1st level staff (Guidance Counselor) has not responded to your grievance issue in a satisfactory manner, please proceed to the next level of authority.

"A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling (888) 370-7589 toll-free or by completing a complaint form, which can be obtained on the bureau's internet web site [www.bppe.ca.gov](http://www.bppe.ca.gov)

"Any questions a student may have regarding this catalog that have not been satisfactorily answered by the institution may be directed to the **Bureau for Private Postsecondary Education at 1747 North Market, Suite 225, Sacramento, CA 95834, P.O. Box 980818, West Sacramento, CA 95798-0818 [www.bppe.ca.gov](http://www.bppe.ca.gov), toll-free telephone number (888) 370-7589 or fax (916) 263 263-1897 or (916) 431-6959**

## Reimbursement to Veterans and Eligible Persons

For information or for resolution of specific payment problems, the veteran should call the DVA Nationwide toll free number at 1-800-827-1000

## Credit Evaluation Policy

Students who enter New Horizons Career Development Solutions with previous training in the course to be pursued will be tested upon enrollment and when appropriate, be given credit for prior educations and/or experience. Evaluation will be based upon a written exam, an oral exam, official documentation or certificates or a combination of the above criteria. Credit will be recorded on enrollment record and the length of the course shortened proportionately. Tuition will be adjusted accordingly. In addition the student and the Department of Veteran's Administration (DVA) shall be notified. All prior training is subject to evaluation.

## STUDENT POLICIES

### Attendance

#### Attendance & Tardiness:

We require students to arrive to class on time. If a student arrives more than 30 minutes late, we may allow another student to take their place in class. If students arrive more than 30 minutes late, they will not be admitted to class. If the class is a multiple day class and the student is more than 30 minutes late or the seat is relinquished due to tardiness, the seat is relinquished for the entire length of the class. The student will need to reschedule the class. If a student misses more than 20% of a certified program, a certificate of completion will not be awarded. If an absence or tardy is absolutely necessary, we require that you notify us by calling The Customer Service desk at your local campus on or before the date(s) in question.

#### VA Attendance Policy

Students must attend 80% of their program hours, this time includes accumulated approved absences and class cuts. Students will be allowed three absences during the duration of their program. **THE 80% RULE TAKES PRECEDENCE OVER THE THREE ABSENCE RULE IN THE CASE WHERE THREE ABSENCES WOULD BE LESS THAN 80% OF A PROGRAM** A student will be placed on a 30 day attendance probation if he or she is below 80% in attendance. The student must bring his/her attendance above 80% within in 30 days to be removed from probation. If at the end of the probation period, the student's attendance is not raised to 80% of scheduled classes, the Department of Veterans Affairs will be notified and benefits will be interrupted.

A student can be placed on a maximum of Two probation for attendance prior to academic dismissal.

#### Make Up Work

Students will work directly with instructor for make-up work. Students will have two weeks from the date of missed class to submit make up work

### Program Interrupt-Extension Policy / Leave of Absence / Withdrawal

All written requests for a "Leave of Absence", "Training Extension", or "Reinstatement" will be considered. These are granted to students at the discretion of the School. These interruptions or reinstatements into a program are subject to space availability. Students who interrupt from one class and transfer to the next available class will be responsible for any cost incurred due to any change or upgrade made in course kits or books. If an upgrade occurs, the added cost will be the sole responsibility of the student. New Horizons Career Development Solutions will not incur any of the additional costs.

### Suspension or Dismissal

It is the intention of New Horizons Career Development Solutions to provide the most effective learning and training environment for our students. Therefore, it is imperative that our staff maintains and enforces guidelines that will ensure the best possible educational atmosphere for the students. The following are general examples of behaviors and actions that may lead to a student's suspension and/or dismissal:

1. Inappropriate and/or violent conduct displayed by the student.
2. Inappropriate clothing, or improper clothing attire, and/or indecent exposure.
3. Disrespect for New Horizons Career Development Solutions property and equipment.
4. Software piracy or violating copyright rules and regulations.
5. Recurring attendance problems despite continuous meetings with the Education Consultant and/or Site Manager to rectify the issues.

## SUSPENSION OR DISMISSAL

The general levels of reprimand are as follows:

The student will meet with the Education Consultant or Site Manager to discuss the inappropriate conduct and the respective consequences.

The second level, if the problem persists after the primary level of reprimand has been exhausted is to suspend the student [no longer than thirty (30) days] from the training facility. A mutual plan will be discussed and agreed upon by the Education Consultant, Site Manager and the student. Once all parties agree upon this mutual plan, then the student will be reinstated.

If the primary and secondary levels do not resolve the inappropriate behavior, then the student will be terminated from the training program. However, if the inappropriate behavior displayed violated any section of the federal, state, and local penal codes, then it is under the discretion of New Horizons Career Development Solutions to terminate the student from the training program and facility.

### Appeal of Academic Probation, Disciplinary Action, Dismissal

Students have the right to appeal academic probation, dismissal, and disciplinary actions taken against them, as well as final decisions regarding any other dispute resolution procedure. Students who believe they have extenuating circumstances regarding a particular matter should submit an appeal in writing to the CAO. The appeal will be mailed to:

New Horizons Career Development Solutions CAO  
1900 S. State College Blvd. Suite 100  
Anaheim, CA 92806

The Board of Directors will review the appeal within 10 days of the student's submission. A decision to the appeal will be made within 30 days of the day the appeal was received.

### Grading Standards

New Horizons Career Development Solutions does not issue letter grades. We are a pass/fail school. A Completion Certificate is granted when a student completes 80% attendance and passes the New Horizons Career Development Solutions mid-term and final assessments at a score of 70% or better. A Completion Certificate is not issued when a student is absent more than 20% of the course or does not pass the post class assessment.

### Reentrance

Conditions for re-enrollment will be approved only after evidence is shown to the School Directors satisfaction that the condition, which caused the interruption for unsatisfactory progress, has been rectified.

### Certification Testing

New Horizons Career Development Solutions Programs does include the cost of certification exams unless noted in the program. Each student is financially responsible for the cost of exam registrations. Exam Registration Fee (non-refundable)s vary and are established individually by each certifying body (Microsoft, Novell, CIW, CompTIA etc.). Appointments for exams are registered and purchased from Pearson VUE. Exam appointments may be made via the Pearson VUE website at <https://home.pearsonvue.com/>. If you schedule an exam with Pearson VUE and fail to make that appointment, Pearson VUE will charge you for that exam.

## Vouchers / Exam Policy

All unused vouchers for exams expire 18 months from the date of purchase. When student is issued exam voucher it is the student's responsibility to schedule and complete the exam before the expiration date of the exam voucher.

## Completion Requirements

Completion requires a minimum of 80% course attendance and a passing score on all New Horizons Career Development Solutions post class assessments.

## Equipment

Manuals and equipment for application classes will be distributed at the beginning of each individual course. The materials (Student courseware and labs) are given to each student at the beginning of each course. These Courseware and labs become the property and responsibility of the student; by no means should any student material or property be left in a classroom unattended. As a note, replacement costs for some of these kits are as much as \$700 plus tax. For security reasons, the classrooms will be locked at the noon break and students will not be allowed to stay and study. ***Be advised:*** The photocopying or reproduction of any copyrighted material (books, computer data, files, etc.) may be a violation of governing laws and will not be allowed. This, along with any theft of New Horizons Career Development Solutions' or other student's hardware, software, books or personal belongings may lead to immediate dismissal from the program.

## Student Conduct

Students must abide by all school policies and regulations. This includes the proper use of software, hardware, classroom behavior, dress code, respect for the instructor's authority, completion of courses in the designated time frame, and adherence to attendance policies.

New Horizons Career Development Solutions believes that no student has the right to interfere with another student's ability to learn. If any student exhibits behavior that hinders that right, they will be asked to leave the classroom. Children are not allowed to accompany parents into any class or to labs. Students are prohibited from unlawful possession, use, or distribution of illicit drugs, alcohol, or weapons of any kind. No student will be allowed to use any verbal, physical, or discriminatory threats or abusive language towards another student, or member of the staff. The use of profanity is strictly prohibited. Discriminatory remarks of any kind will not be tolerated and may result in termination from the program. Any violation of this conduct policy should be brought to the attention of the Instructor immediately. These concerns can be made verbally, or in writing as stated in the grievance procedures described in this catalog.

Any student who violates this student conduct policy may be placed on advisement, suspension, or dismissed from the program. Any courses that are missed due to violations of the conduct policy must be made up, and are the student's responsibility.

## Mobile Phone Policy

Students will always have Mobile Phones on silent. Talking on mobile phones in class is prohibited. Talking on phones in classrooms will result in student being asked to leave for the day. **NO EXCEPTIONS**

## Student Dress Code

New Horizons Career Development Solutions is “business casual.” New Horizons Career Development Solutions is a corporate client-based atmosphere. You may encounter a future employer in the hallway or break-room. Therefore, students are requested to wear clothing that is clean, and appropriate. It is further requested that students refrain from wearing the following articles of clothing: sandals, shorts, sweats or any shirt that may expose your midriff. Please use your best judgment in this matter. If you are observed in inappropriate attire, you may be asked to go home and change

## Veterans Addendum

The following policies are for students receiving veteran educational benefits as required to meet the minimum standards of federal law.

### Satisfactory Academic Progress Policy

Progress will be monitored at the end of each week of every program for all students receiving veterans’ benefits. If at the end of any week, the student’s grade falls below 70%, the student will be placed on academic probation for one week. If at the end of the probation period, the student’s grade is not raised to 70%, the Department of Veterans Affairs will be notified and benefits will be interrupted.

### Funding Policy

New Horizons Career Development Solutions does not penalize students using VA Education benefit programs under Chapters 33 and 31 while waiting for payment from the Department of Veterans Affairs providing they submit a certificate of eligibility, a written request to use such entitlement, and any additional information needed to certify enrollment. Students will continue have access to classes, labs, and other institutional facilities as outlined in our catalog. No late fees will be assessed and student’s accounts will be considered on hold.

*This is required under Title 38 USC 3679(e)*

### VA Benefits

I understand that it is my responsibility to monitor my benefits. I also understand that I am responsible for the funding of my training.

### Attendance Policy

A student will be placed on attendance probation if he or she is below 80% in attendance in any given week. The student must bring his/her attendance above 80% by the end of the following week to be removed from probation. If at the end of the probation period, the student’s attendance is not raised to 80% of scheduled classes, the Department of Veterans Affairs will be notified and benefits will be interrupted.

A student can be placed on a maximum of TWO week probation for attendance prior to academic dismissal.

### Prior Education and Training Policy

This institution will inquire about each veteran’s previous education and training, and request transcripts from all prior institutions, including military training, traditional college coursework and vocational training. Previous transcripts will be evaluated and credit will be granted, as appropriate:

*This is required per 38 CFR 21.4254(b)(12)*

## Software Piracy and Personal Items

In accordance with copyright laws, all New Horizons Career Development Solutions students are prohibited from copying any of the software loaded on the school's machines. Please understand that any student found doing so may be terminated from the program.

Students are not allowed to bring any of their personal computers or related software and hardware items on any New Horizons Career Development Solutions campuses to be connected or used with the school's equipment. New Horizons Career Development Solutions shall not be held responsible for any lost or stolen items belonging to any student while on any New Horizons Career Development Solutions campus.

## Student Loans

New Horizons Career Development Solutions is not a Federal Department of Education school. Therefore, students cannot use attendance during this program to defer a student loan. New Horizons Career Development Solutions does not participate in Federal or State Financial Aid Programs and students are not eligible for federal financial aid.

If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest less the amount of any refund, and that if the student receives federal student financial aid funds, the student is entitled to a refund of the money not paid from federal financial aid funds.

## Payment Policy

Programs of four months, or less, may require payment of all tuition and fees on the first day of instruction. Programs designed to be four months or longer, require 50 percent for tuition along with courseware cost for payment at the time of enrollment. When 50 percent of the program has been completed the remaining payment is due. The limitations in this section shall not apply to any funds received by an institution through federal and state student financial aid grant and loan programs, or through any other federal or state programs. (An institution that provides private institutional loan funding to a student shall ensure that the student is not obligated for indebtedness that exceeds the total charges for the current period of attendance. At the student's option, an institution may accept payment in full for tuition and fees, including any funds received through institutional loans, after the student has been accepted and enrolled and the date of the first class session is disclosed on the enrollment agreement.

## STRF Fees

“The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the (STRF), or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.”

“ It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 North Market, Suite 225, Sacramento, CA 95834, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law

However, no claim can be paid to any student without a social security number or a taxpayer identification number. ”

Note: Authority cited: Sections 94803, 94877 and 94923, Education Code. Reference: Section 94923, 94924 and 94925, Education Code.

New Horizons Career Development Solutions is currently not pending any petition in bankruptcy not operating as a debtor in possession nor has New Horizons Career Development Solutions filed a petition with the preceding five years and has not had a petition in bankruptcy filled against us within the preceding five years that resulting in reorganization under Chapter 11 of the United States Bankruptcy Code (11 U.S. C. Sec. 1101 et seq.)

## CERTIFIED INSTRUCTORS

### FACULTY MEMBER

### EXPERIENCE & QUALIFICATIONS

#### **Tony Bhawani**

##### **Applications Training Manager/Instructor**

**Master of Business Administration (Geographic Information Systems) from University of Redlands**

**Bachelors of Science in Business Administration from University of Redlands**

Tony Bhawani has been an Applications Instructor with New Horizons and is now the Applications Training Manager. In addition to his applications training experience, he has worked in education as a tutor at both the primary and secondary school levels. Tony has been involved in many Microsoft Delivery Events, including the latest roll-outs of Windows 7 and Office 2010, 2013 and 2016. He is certified in Microsoft Office, and proficient in all versions of MS Office applications, including Access, Excel, Outlook, PowerPoint, and Word.

#### **Christopher Dominguez**

**Applications Instructor: Lean Six Sigma Black Belt, ITIL Foundations, Microsoft Office Specialist**

**B.S. Computer Information Science Coleman College, San Diego**

Chris has 25+ years in Technical Support Management, Software Development, Infrastructure Management and End User training. His diverse career has provided him with examples for the benefits of proper training, as well as the consequences of its absence. Chris places an emphasis on great customer service, professional development and how to balance independence with being a contributing team member. His proficiency is not limited to Microsoft. He also performs well in the Six Sigma, ITIL and Business Skills realms as well.

#### **Debbie Wong**

**Applications Instructor**

**Bachelor of Science- Information and Computer Science degree. Minor in Mathematics**

**University of California, Irvine**

Debbie Wong is an Applications instructor with over 20 years of field experience, working with various office applications. Debbie has had past experiences in both the Microsoft Applications in real world office environments as well as programming and consulting. She has vast experience in Outlook and Word.

#### **Gabe Chapa**

**Applications Instructor: MOS Master, Lean Six Sigma Black Belt, MCT**

Gabe began his career in the information technology field in 1997. Venturing into the field as a computer programmer allowed him to have a basic understanding of computers and how they worked. This led to a programming position as a Project Analyst with Experian, providing the first steps towards his current career as an Applications Instructor with New Horizons Computer Learning Center of Tucson. Gabe has seven years of experience as an instructor. Gabe is a three time winner of Top 25 Instructor in the Worldwide Network.

#### **Jason Schuler**

**Applications Instructor: Microsoft Office and Adobe Creative Suite**

With over 15 years' experience in the creative technology industry, he loves opportunities to interact with students with a variety of backgrounds and experiences. Jason began teaching while still in high school, when he taught art to children at a local daycare. Since then, he's taught computer programming to professional artists and guided other instructors in developing design curriculum and learning goals. Throughout his career, Jason has loved seeing the sense of accomplishment when a tool finally clicks for a student and their interaction with the technology provides an experience that's tantamount to magic.

### EXPERIENCE & QUALIFICATIONS

#### **Genaro L. Moran**

**Applications Instructor: Microsoft Office Specialist: Word, Excel, PowerPoint, Access, Outlook. Quickbooks, Great Plains**

**Bachelor of Arts in Finance- Cal State University Fullerton, MBA Liberty University, Doctoral Candidate in Organizational Management- Jones International University**

Genaro Moran is both an Applications instructor with over 30 years of Business and Educational field experience, working with various office applications. As a trainer, he holds more than 15 years, using real world situations to help his students understand. Genaro trains via all three of our training modalities; the traditional classroom environment, Online LIVE virtual training and On- sites. His teaching is based on both theoretical and real-world examples. Genaro specializes in Excel and Spanish based deliveries.

#### **Imee Leverette**

**Applications Instructor: Microsoft Office: Word, Excel, PowerPoint, Windows 7, Windows 8.1, Outlook. Adobe Creative Suite: Illustrator, Photoshop, InDesign, Animate, Mac OSX**

**Associates of Arts in Fashion Design from FIDM in Los Angeles, Ca. A Bachelor of Arts from Ashford University and a Master of Arts in Education from Ashford University**

Imee Leverette comes from 15+ years of experience as a Senior Media Graphic/Apparel Designer for Action Sports Industries, 8 years as an Editor and Art Director for Tiaregirl Magazine in Hawaii. She also holds 4+ years' experience as a Higher Education instructor, teaching Adobe Creative Suites: Illustrator and Photoshop at Art Institute, FIDM and Mira Mesa College, with her concentration on Digital Art Design and Technical Drawing with Mac OSX and Windows platforms.

#### **Jessica Brown**

**Applications Instructor: Microsoft Office Specialis**

**Bachelor of Arts – UNC Wilmington**

Jessica Brown is an Applications Instructor with Career Development Solutions, LLC. She has over eight years of experience in the training industry, both with Career Development Solutions, LLC and as an in-house corporate trainer. Jessica has worked with the Microsoft Office suite for multiple generations and has assisted organizations on the latest roll-outs of Windows 8 and Office 2013. She is certified in Microsoft Office and proficient in all versions of MS Office applications, including Access, Excel, Outlook, PowerPoint and Word. Jessica uses a combination of theoretical and real-world examples to inform her teaching method, although she leans towards real-world examples most, as it has more relevance to utilizing concepts in the working environment. In 2015, Jessica walked stage as a Top 25 Instructor in the Worldwide Network.

## CERTIFIED INSTRUCTORS

## CERTIFIED INSTRUCTORS

### FACULTY MEMBER

### EXPERIENCE & QUALIFICATIONS

#### **Charlotte Augustine**

**IT Technical Trainer: Certifications: CompTIA A+, CompTIA Network+, MOS**

**PhD in Religion from Claremont School of Theology.**

Charlotte brings 23 years of education and experience to New Horizons Learning Group as the IT Technical Trainer in the Anaheim center. As the Distance Learning Training Specialist at her alma mater, Charlotte was responsible for downloading, installing and maintaining lab software in the Windows 7 environment, as well as assisting staff and students with IT-related issues. Having taught on and off for 23 years, Charlotte brings a wide range of exposure to different students, in a multitude of environments, utilizing various modes of content delivery. "Everything I have experienced continues to help me with each and every student as I try to meet each person's educational needs," says Charlotte.

#### **Chris Roland**

**IT Technical Trainer: CompTIA Security+**

**BAS in Journalism and Broadcasting and an AS in Film Theory**

Chris specializes in video production, as well as 7 years professional experience, to New Horizons Learning Group.

"Witnessing first-hand of how the importance of properly trained members in the military could potentially be the deciding factor in their safety is what influences my teaching," says Chris. "My job is to make sure they can protect themselves; their safety is my top priority." Seeing the concept "click" with students is the best take-away of being an instructor, claims Chris.

#### **Jason Biskie**

**IT Technical Trainer**

**Bachelors of Information Security**

18 years of computer experience, specializing in CompTIA A+, Network+, Security+ related activities and responsibilities. Private sector virtual environment management experience using VMware & Microsoft Hyper-V. Windows Server 2003-2012R2, Active Directory and business applications.

#### **Jason Biskie**

**IT Technical Trainer**

**Bachelors of Information Security**

18 years of computer experience, specializing in CompTIA A+, Network+, Security+ related activities and responsibilities. Private sector virtual environment management experience using VMware & Microsoft Hyper-V. Windows Server 2003-2012R2, Active Directory and business applications.

#### **Brandon Jacobson**

**IT Technical Trainer**

**Associate Degree in Business Management – Information Systems Focus: Eastern Gateway Community College**

**CCNA, CompTIA Security +, Google IT Support Specialist**

Brandon started off with home networking, automation and home theater systems; then moved to working for an internet service provider. He specializes in networking and connectivity, and is working on automation, scripting and process documentation.

#### **Karl Kreder**

**IT Technical Trainer: Cisco CCNA, CompTIA Linux+, Excel MOS Master**

**BA in Computer Information Systems: University of Phoenix**

With 20 years in the industry under his belt and a membership in the California Educational Technology Professionals Association (CETPA), Karl Kreder is our go-to IT Tech in our San Bernardino Center. Karl credits his professional experience in customer service along with his relationships with his IT circles outside of work with influencing his teaching. He likes to lead his students to the answers instead of just giving them. His favorite thing about teaching is seeing a student have that "Aha!" moment.

**Marco Quezada**

**IT Technical Trainer**

**Bachelors of Science Information Systems.** More than 20 years of computer experience including website design, network administration, Teaching CompTIA A+, Network+, Security+ and Microsoft Office Specialist classes since 1996. Held many high level positions at educational institutions including Director of Marketing, Director of Compliance, IT Manager, and Computer Department Chairman

**Patrick Shafer**
