Finance and Accounting

Sarah Anderson

Area of Expertise

As a Property Accountant, I am responsible for providing detailed financial reporting for commercial real estate holdings managed by Colliers | South Carolina.

I am a determined, accountable and friendly team member that is constantly striving to be better today than I was yesterday. With a background in the hotel and hospitality industry, I aim to provide top-notch customer service and serve our clients to in a way that exceeds their expectations.

Business and educational background

Prior to joining Colliers, I worked for a resort and spa managing accounts payable and accounts receivable, supervising housekeeping staff and assisting guests as a concierge. In that role, I transitioned accounting and management systems through two ownership changes and trained staff across the organization to use a new invoice processing system.

Community Involvement

I enjoy reading, listening to music and spending time in nature whether it is taking a walk or camping.
