

COLLARTS

Fashion & Sustainability Equipment list Bachelor of Design – Fashion and Sustainability

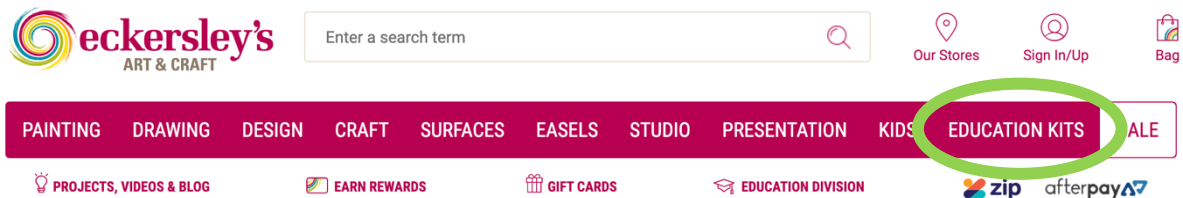

For stage 1 studies:

Fashion communication kit - \$85 (Retail value \$115, Saving students \$30)

This kit must to be purchased asap – will be required for in class exercises for Assessment 1. The kit is available via Eckersley's Arts and Craft and can be purchased **online only**. Eckersley's have put together a tab for easy purchase and can be found under the education kits tab in the navigation bar, and can be found under the Collarts Fashion and Sustainability tab. An itemised list can also be provided on request.

Website:

<https://www.eckersleys.com.au/education-kits>

For the beginning of Stage 2:

Fashion and Sustainability Studio kit - \$214.53 (approx. \$100 off the retail price)

Here is the list of equipment you need to order for Fashion and Sustainability studio units, from Stage 2 onwards. The equipment is compulsory for completing the tasks in your studio units and is specific to the industrial machines in our George St studio. The kit represents industry standard equipment, and should last you well after your course if well looked after. We have arranged for a student discount from wholesaler and local industry supplier M. Recht, who are located in Collingwood, just a short walk from our George St Campus.

An itemised list and instructions for order can be found on the Fashion and Sustainability Studio Equipment PDF.
